Small Bourbon County Farm

On Saturday October 29, 1921

At 2:00 P. M.

One of the best opportunities to purchase a small farm, well located and in excellent condition, ever afforded, will be found in this farm of 70 acres, located on the Austerlitz and North Middletown pikes, midway between Paris and Winchester. It is improved by a new five-room cottage, a new 8-acre tobacco barn, small stock barn, and other out-buildings—splendid condition. A new cistern also adds to the attraction of this farm for a home.

It is under good fencing, is well watered by springs and ponds, and every acre is in Blue Grass sod. Also the main line of the Natural Gas Co. runs within a quarter of a mile from this farm and is easily accessible to one desiring gas for heating purposes.

The farm is close to school and churches, and in good neighborhood. Don't forget the date. Rain or shine. This is your opportunity.

EDITORIAL FLINGS

There's a Paris man named Green Who grew so abnormally lean And flat and compressed That his back touched his chest And sideways he could hardly be seen!

Whew! Forty-four stills taken by dry raiders in the establishment of one man! Such unfair distribution of wealth is enough to cause an anarchist uprising.

Some Paris women's idea of economy is ordering sleeveless dresses to save a yard of cloth and having to buy a pair of \$12 long gloves to cover their arms.

"Keep Moving" is a slogan of progressiveness which would grate upon the sensibilities of the Paris renter who has thrice lost caste in an effort to escape the high rent zone.

If you proceed upon the theory that the one you are talking to is unintelligent upon every subject but one, and prevent him from talking about that, you may have a pleasant conversation with about everybody.

Many a Paris woman is wondering how it happens since prohibition came that her husband isn't detained downtown for dinner by the arrival of old school friends like he used to be.

When the present street reconstruction work in Paris is completed we will have the best paved city in Kentucky "for its size." The contractors have done their work well and not a citizen of Paris begrudges them one little bit of praise.

It is asserted that if all the money that is spent for ice cream sodas were put into savings banks millions would be saved. But isn't it possible that the vendors of the ice cream sodas put into savings banks much of all that is spent for what they sell?

When a man has been away from his home town for several years he is first impressed by the fact that the place appears about the same as when he left, and next that his old friends, after greeting him like a long-lost brother, seems anxious to get away.

Many persons whose consciences would prevent them standing over a telegraph operator and reading the message he is sending, or at the side of a bank bookkeeper and looking over his figures, will not hesitate to hang over the newspaper man's shoulder, and read the "copy" he is preparing, or the "proof" he is reading. Do they get the idea that the newspaper man doesn't care for privacy? We wonder!

Barnett Winters had a customer the other day who wanted his watch repaired. After a long examination of the timepiece Barnett excused himself and rushing up to Henry Curtis' barber shop, asked Curtis for a dime's worth of hair tonic. "What do you want with a dime's worth of hair tonic?" asked Curtis. "Well," said Barnett, "I've got a customer whose watch needs attention. It's got dandruff in the hair spring." Curtis frowned and Barnett disappeared.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (adv-T)

DON'T BURN LEAVES

With the approach of the fall season comes the time when thoughtless people get rid of the accumulation of dead leaves by burning them in their yards or on the streets. The latter is expressly forbidden by the city ordinances, but is persistently violated.

The police department calls attention of citizens to this ordinance and to the penalties provided for violation. Dead leaves can be used for top dressings for flower beds, gardens and for other purposes. Burning them fills the air with an acrid smoke which irritates the throat and lungs and causes other troubles. Remember the warning, and don't burn the dead leaves. Rake them up and have them hauled away.

PIKE IS CLOSED WHILE BRIDGE IS REPAIRED.

A new bridge is being built over Townsend Creek at the intersection of the Edgewater pike with the Cynthia and Paris pike, in Harrison county. New concrete abutments are being built and it will require several weeks to complete the work. Traffic is being detoured by way of the Edgewater pike.

Lowest Prices Ever Quoted

on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.
