CANTRILL AGAIN DEFEATS R. E. LEE MURPHY

By a vote of approximately 11 to 1, Congressman James Campbell Cantrill, Saturday, was renominated by the Seventh district Democrats in an apathetic primary election over R. E. Lee Murphy, young Lexington attorney. It was Murphy's third defeat by Cantrill.

The total vote cast in the 12 counties of the district was slightly more than 10,000. Cantrill received 9,274 and Murphy 838, according to unofficial returns.

The vote was very light, not more than one-fifth that usually cast in a hotly contested primary. but it was heavier by nearly 2,000 than that of 1920, when Cantrill and Murphy were voted on. The total vote then was 8,988 to 488. It was approximately the same in 1916 when Murphy opposed Cantrill for the first time.

While his vote was more than 11 times that of his opponent, Mr. Cantrill pointed out at his room at the Phoenix Hotel, Lexington, that he had made no campaign and declared that he had not asked for a single vote. He said he is deeply grateful for the vote he received and the confidence of the voters of the "Ashland District."

Mr. Cantrill had special telegraph reports and telephone calls early Saturday night from each of the 12 counties.

	Cantrill	Murphy
Franklin	1,100	51
Owen	1,125	48
Scott	1,195	46
Fayette	1,926	384
Bourbon	652	51
Estill	295	47
Woodford	475	35
Clark	675	5
Powell	200	20
Lee	195	21
Oldham	436	37
Henry	1,200	48
Totals	9,274	383

The Congressional campaign for Congressman from the Seventh District, with J. Campbell Cantrill and R. Lee Murphy as opposing candidates attracted very little attention in Bourbon county. The vote was an unusually light one, in one precinct not a single vote being recorded. The vote was: Cantrill, 712, Murphy, 53; Cantrill's majority, 659.

NEWS OF THE PLAYGROUNDS

The City School playground is one of the prettiest in the city. Friday visitors saw a girls' baseball game in progress, a class in raffia and road work, games for the little children and volley ball, all at the same time. Miss Miriam Galloway was in charge, assisted by Yutaki Minakuchi. There are benches under the trees for the mothers.

To-day a picnic, the weather permitting, will be held on the banks of Stoner creek, for children from four to seven, and twelve years and over. The girls' baseball team will play the Wilson team on Wilson playgrounds Friday afternoon. On Friday afternoon all the playgrounds will celebrate "The Feast of The Lanterns," and a masquerade will be given on the City School grounds. A prize will be given to the child having the best hand-made lanterns, the prettiest bought Japanese lantern and for the most original costume.

The Wilson playground will have a program of stunt races this afternoon, and on Friday morning the kindergarten children will have a picnic for their dolls. Miss Frances Adams has charge of the work there, assisted by Wm. Hinton. During the month of August the Brennan playground will be under the supervision of Miss Margaret Santen. Miss Elizabeth Stewart, who had been in charge, resigned to take a rest before entering school this fall. The attendance is slowly climbing. The total for the first week this summer was 1,311, and for the eighth week was 3,558. Plans are being made for a Community Service picnic to be held on Labor Day.

BOURBON BOOSTERS TO TAKE TRIP AUGUST 30.

The Bourbon Boosters composed of Paris merchants, who desire to see trade kept at home, and to encourage local industries, have arranged for a "Booster Day" trip through the county, to be given on Wednesday, August 30. Plans are being rapidly perfected for the trip, which promises to be one of the best the merchants have put through. Secretary Harold Harris and President M. Peale Collier, of the Paris Commercial Club, have completed arrangements with the ladies of Millersburg to furnish the Booster Dinner, which will be given in that city at noon on the day of the trip.

Last year about 250 business men of Paris and their wives and friends participated in the trip, which was pronounced a great success. It is hoped that twice that number will make the trip this year. The itinerary has not yet been fully worked out, but will take up but one day. The plan of organization is about the same as that used last year. Members of the finance committee will call on the merchants and business interests and a fee of \$3.00 will be collected from those merchants desiring to take part in the trip. The routine and publicity committee will have charge of the arrangements for entertainment, schedule of trip and advertising. The transportation committee will be charged with the duty of signing up sufficient number of automobiles to carry the crowd. The following committees have been appointed to perfect plans and arrangements for the trip:

Finance—Charles Greene, chairman; Barnett Winters, J. J. Veatch, Clyde Huffman, Routing and Publicity—Harold F. Harris, chairman; M. E. Guttman, M. Peale Collier, I. L. Glass, Lawrence Price; Transportation—Wm. O. Hinton and representatives of all the Paris garages; Treasurer—Barnett Winters; Grand Marshal—Rudolph Davis

The arrangements committee has made a contract with the Boys Band of the Odd Fellows Home, at Lexington, to furnish music for the occasion. Every merchant in Paris is urged to get into the spirit of the occasion and help to send a live band of live wire to meet our country people. The finance committee will begin calling on the merchants to-morrow.

The Finance Committee of the Booster Trip, Charles Greene, chairman, announces that each firm which contributes \$3.00, will be given one ticket to the Booster dinner to be served at noon, August 30, in Millersburg. Secretary Harris is in communication with several prominent speakers, and at least one will be secured to deliver the noon address at Millersburg.

This Booster trip is for the purpose of getting out into the county and meeting the people who make Paris possible. It is essential that friendly relations be renewed, and new acquaintances be established. Let's lay aside all worries for one day, put on a broad smile and ride out and say "howdy" to every man, woman and child in Bourbon county. As a rule, people trade with their friends, and perhaps you will be the very man who will be benefitted by this trip. The Commercial Club would appreciate any suggestions in regard to the Booster Trip. Officials of the Club are using every effort to assure the success of this trip.

NEWS OF THE COURTS

Henry Hawks, one of the seven colored men arrested in a group of eleven engaged in crapshooting at a picnic near North Middletown, when arraigned before Acting County Judge Dundon, entered a plea of guilty, and was fined \$25 and costs.

Nelson Porter, colored, charged with trespassing, pleaded not guilty when arraigned before the County Court. On strength of the evidence submitted in the case, Acting Judge Dundon held Porter in the sum of \$300. In default of a bond Porter was sent to jail.

John J. Redmon qualified as executor of the estate of his deceased wife, Mrs. Lou Belle Redmon, in the County Court, furnishing bond in sum of \$5,000, no surety being required under provisions of the will.

GRASS FIRES NUMEROUS

The fire department was summoned Sunday to the City School on Seventh street, where the dry grass in the yard had become ignited and was burning rapidly. The blaze was extinguished with chemicals. It was supposed some passerby had carelessly tossed a lighted cigar or a

THE STRIKE SITUATION

The beginning of the sixth week of the shopmen's strike on the L. & N. found little change in the situation as far as Paris is concerned. The good order to which the striking workmen pledged themselves in the beginning has continued to prevail here. Train service seems no worse than it was this time last week, and it has probably improved in some respects.

The local strikers are optimistic concerning the outcome, and are still awaiting hopeful news from their leaders. Locally the situation is very quiet, the men being determined that no untoward incident will be allowed to interfere with their preconceived plan of peaceful and watchful waiting.

Authorities at Washington were blamed for the continuance of the rail strike in a statement made by Wible L. Maphother, president of the Louisville and Nashville Railroad Company, who accused the authorities of persistently spreading broadcast reports of problematical settlement thereby encouraging rail workers and preventing them from going back to work.

"Many of the union men realizing that the strike is lost, would be more than glad to return to work, but are held out by false hopes raised by their leaders who seize every opportunity to spread broadcast reports of problematical settlements," said Mr. Maphother.

"The strike is already won," he continued, adding that with the removal of intimidation, which he claims has been practiced by local strikers, there would be a general movement back to work.

No immediate change in the program of the maintenance of way union is contemplated at present, E. F. Grable, president of the organization, said at Chicago. He added, however, that if present practices on some railroads continue "it is hard telling where the matter may lead."

LIST YOUR PROPERTY FOR TAXATION TO-DAY

Every property owner should call at the County Tax Commissioner's office at the Court House and give in his list of property at once. Don't put this off too late and incur the penalty the law attaches—you know the first of July is past—better call to-day.

POPULAR LASKY FILM HERE TOMORROW

Thanks to a certain moving picture, hundreds of poor children in Los Angeles were afforded an unexpected treat of doughnuts and coffee.

It all came about during the making of "Through a Glass Window," the May McAvoy Relart picture released by Famous Players-Lasky Corporation, which comes to the Alamo and Grand Wednesday afternoon and evening. Most of the important scenes are taken in a doughnut and coffee shop, and for nearly a month Miss McAvoy worked before the camera making sinkers by the score and coffee by the gallon.

Even actors lose their appetites eventually—and so it was that the surplus doughnuts and coffee found their way into worthy, charitable channels, a popular method of disposal for all motion picture companies, which find themselves burdened with surplus food.

"Through a Glass Window" is an entertaining, heart interest story by Olga Printezlau, who is responsible for the scenarios of such successes as "Midsummer Madness," "What Every Woman Knows," "Conrad in Quest of His Youth" and "The Prince Chap." It was directed by Maurice Campbell, who is well known for his work with Bebe Daniels. Raymond McKee plays opposite the star.

SUPT. KIRKPATRICK CALLED

Prof. Lee Kirkpatrick, superintendent of the Paris City Schools, has received an invitation from Dr. Charles A. McMurray, of Peabody Institute, at Nashville, Tenn., to come to Nashville and look over the ground, with a view of becoming a member of the faculty of that school. The invitation came as the result of a visit to the Kentucky University Summer School by Dr. McMurray this summer, where Prof. Kirkpatrick has been a member of the summer school faculty.

The work of Prof. Kirkpatrick as superintendent of the Paris schools has been of such a nature that every effort will be made to persuade him to remain here, where he has been in charge for the past four years, and during which time the school enrollment has been almost doubled.

In 1921 a total of 100,000,000 barrels of Portland cement was manufactured in the United States.

LOUISVILLE & NASHVILLE REJECTS FORD'S OFFER

The Louisville & Nashville Railroad Company rejected Henry Ford's offer to aid in operating its coal-carrying lines in Eastern Kentucky. This announcement was made following a conference between representatives of the Detroit, Toledo & Ironton railroad, which is owned by Mr. Ford, and representatives of the Louisville & Nashville.

The Louisville & Nashville was represented by President Wible L. Maphother, Vice President Geo. H. Evans and General Counsel Edward L. Jouett. The Ford road was represented by E. C. Leibold, secretary to Mr. Ford; Chas. E. Sorenson, F. L. Bockelman and C. B. Longley, all of Detroit.

The Detroit men in a prepared statement regarding the meeting said that Mr. Maphother took the stand that "all we want is to be left alone." They also said that he said that the Louisville & Nashville did not care for the assistance of any one; that all propositions submitted by Ford would result in demands for continuance of the high wage paid by Ford when the joint operation was withdrawn and that operation of the Corbin-Banner junction branch, which served Mr. Ford's Banner Fork mines, would not settle the strike the country over.

The directors said, following the conference, that President Maphother has rejected every offer made by Mr. Ford.

ATTEND THE BURLEY SALE

Don't forget the rent property to be sold Wednesday, August 16, at 2 p. m. HARRIS, SPEAKES & HARRIS. (8-11-15)

BOURBON GUN CLUB

The regular shooting tournament of the Bourbon Gun Club will be held on the Club grounds, in East Paris to-morrow (Wednesday) afternoon. The trophy for this shoot, enameled Lenox china, sterling silver mounted, smoking set, donated by Shire & Fithian, is now on display in their show window. Several visiting shooters will be present for the afternoon's fun. Visitors are always welcome.

The human voice can in a few cases utter 296 words a minute.

RENAKER MURDER MYSTERY STILL UNSOLVED

Detectives Ora Slater and Harry Curry, of the Cal Crim Detective agency, of Cincinnati, who are employed on the Renaker murder case, left Winchester Saturday for Cincinnati, where they will remain until some new light has been cast upon this case.

All the evidence that has been secured has been turned over to the prosecutor and will be submitted to the grand jury. Whether the evidence the detectives and local authorities have secured will be strong enough for an indictment is not known, but it is the general opinion that it will not be conclusive enough to point the finger of accusation toward any of the suspects.

Chief of Police Jas. S. Mullins said that he did not want the public to think that they had given up hope in this case because the detectives had left town, but made the statement that the local officials were still on the job and would be until the murderer had been brought to justice, and he hoped that the local police would uncover some valuable evidence in the next few days. The reward for the arrest and conviction of the slayer of Renaker has now reached a total of \$4,125.

TRIBUTE TO GOOD PEOPLE

A note from Millersburg says: "Col. and Mrs. C. M. Best and Mr. Harry Roche left Monday for Langhorn, Pa., where they will reside in their country home 'Sunnyside,' consisting of 117 acres, which they recently purchased. While Col. and Mrs. Best were originally Eastern people, they have been in Millersburg long enough to be numbered 'among our own,' and their departure is one of general regret. As founders of the Millersburg Military Institute, which they successfully conducted for twenty-five years, they will always be held in the highest esteem for the educational work done here, from which Col. Best had retired several years ago. The good wishes of a large circle of warm friends will follow them."
