

AID PLEDGE TO JEFFERSON DAVIS SHRINE

The Jefferson Davis monument at Fairview, Ky., will be completed by June 3, 1923, birthday anniversary of the Confederacy's president, if plans formulated by the United Daughters of the Confederacy in annual convention at Birmingham, Alabama, are carried out.

A resolution was adopted accepting the report of the monument committee, which recommended that the organization raise at once \$30,000, the funds necessary, to raise the shaft from a height of 216 feet to 351 feet. The money will be raised by local chapters throughout the nation and by appeals for public subscription, according to the plan adopted.

The convention sent a telegram of condolence to Mrs. Luke E. Wright on the death of her husband, General Wright. As a tribute to General Wright the convention stood in silence for one minute during the morning session.

Following adjournment a large party of delegates left for Montgomery to visit the first capitol of the Confederacy.

HIGH PRICE FOR TURKEYS

Thirty-seven cents per pound, delivered, is being paid this week for turkeys, according to a local dealer who stated that it was about the highest price within his recollection for many years. The price this year is in advance of that paid last year, when the top price was thirty-two cents per pound. Local dealers are busy with receiving and preparing the fowls for the Thanksgiving market.

The quantity of turkeys raised in the county this year is about an average, while the quality is a little bit better than an average. In some counties the crop is reported to be unusually short, but, taken as a whole throughout the country the fowls are said to be plentiful.

Brent Bros. pens at Carlisle this year are in charge of J. W. Bacon, of Paris, in the absence of J. W. Stewart, of Millersburg, who is ill at his home as the result of injuries sustained several weeks ago, when he was knocked down by a horse.

RED CROSS ENROLLMENTS

Bourbon county has more Junior Red Cross enrollments than any other county in the State, according to a statement given out by Miss Inez Caudill, local Red Cross Secretary.

The following schools are enrolled in this county: White—Clintonville, Hutchison, Colville, Monterey, Bethlehem, Escondida, Spears Mill, Stony Point, Eales, Letton, McIlvaine, Kiserton, Ruddles Mills, Palmer, Fords Mill, Deaver, Cane Ridge, Houston and Clay's Cross Roads; Colored—Clintonville, Little Rock, Brentsville, Currentville, Ruddles Mills, and Western High School, Paris. North Middletown has four and Center-Hill two enrollments, making a total of forty-six rooms enrolled.

RABBITS ON MARKET

Ohio, Indiana and Kentucky are "flooded" with rabbits this year, according to late reports, but the bunnies seem to be scarce in Paris. On the local markets they are selling at fifteen and twenty cents at retail, with plenty of takers, the choice ones being ready sale. On the Cincinnati markets rabbits were selling at \$1.10 per dozen. Thousands of rabbits are shipped from Kentucky to Cincinnati, and the local markets get wat is left.

GIFT SHOP SALE

The ladies of the Christian church wish to remind the public of their Gift Shop sale to be held December 8 and 9, in the offices of the Paris Realty Company, on Main street. The numerous attractive articles made during the year at the all-day sewing, together with the personal gifts from the ladies of the church, assure the public of a big sale. The committee asks that all personal gifts be sent to Mrs. Ed. T. Hinton or Mrs. George W. Clay, by Thursday, November 23, Thanksgiving Day.

RELIGIOUS

A Resume of Events in Religious Circles For Present and Future

—Two services were held Sunday at St. Peter's Episcopal church, by the rector, Rev. Walter S. Cain, the morning prayer and sermon at 10:45, and the evening prayer and sermon at 7:30. The morning service next Sunday will be held at 10:45 o'clock; Sunday School at 9:30 o'clock.

—Rev. Dr. John J. Rice, former pastor of the Paris Presbyterian church, was formally installed Sunday as pastor of the First Presbyterian church, in Danville, by a committee from the Presbytery, composed of Dr. Daugherty, Howard Davis, of Harrodsburg, and J. E. Davis, of Salvisa. A program of special music was rendered.

—Rev. George Darsie, pastor of the Christian church at Williamsburg, Pa., has accepted a call to the pastorate of the Christian church at Mt. Sterling. The official board of the church extended the call to Rev. Darsie after a sermon two weeks ago. Rev. Mr. Darsie is a graduate of Bethany College and a brother of Rev. Lloyd Darsie, former pastor of the Paris Christian church.

—Twenty-four people were received into the Presbyterian church Sunday morning. Some who had signed cards expressing the purpose to unite with the church during the Thacker meeting were not able to be present Sunday. Dr. Thacker is holding a meeting in Gastonia, North Carolina. Between one hundred and ninety and two hundred people have united with the Presbyterian church during the past three years.

ATTRACTIONS AT ALAMO AND GRAND

Raymond Hatton will be seen today in his late Goldwyn production, "His Back Against The Wall," a pleasing romance of the West and "Little Old New York," of a little Jew tailor who wanted to be a cowboy and of a coward who became a hero, without intentionally doing it. It is a brisk photoplay crammed with thrills and love galore. One simply cannot help but enjoy the entertainment, which this charming star affords.

For Wednesday the offering at the Alamo and the Grand will be "The Spanish Jade," one of the most entertaining and genuinely likeable stories of Spanish life ever filmed. The story is a stirring romance of a beautiful girl and a modern Don Quixote, and was actually filmed in Spain. Included in the cast are such well-known players as David Powell and Marc McDermott. It is safe to predict that this film picture will receive a gracious welcome from the Paris playgoers.

Thursday's offering on the silver screen will be Dorothy Dalton, in "The Woman Who Walked Alone," Milton Sills and Wanda Hawley appear in her support, with a large and excellent cast. In this picture Dorothy does a number of surprising athletic stunts, which will be a revelation to her admirers.

GRADING TO BE TAUGHT

R. H. Hunt, of the Bourbon County High School at Millersburg, states that the Co-operative Burley Tobacco Association will send an expert tobacco grader to Bourbon county this week to give demonstrations in grading and classing tobacco. The work will be done in connection with the agricultural department of the High School.

The first demonstration will be given today in the gymnasium of the County High School, in Millersburg, both morning and afternoon. Later in the week demonstrations will be given at Paris, Ruddles Mills, Clintonville, Little Rock, Center-Hill and other points.

TOUCH OF WINTER

The first touch of winter appeared here yesterday, when, following the rains of Saturday and Sunday, the mercury took a tumble and descended in the tube below freezing point. The sudden cold snap was accompanied by a high wind Sunday night and yesterday morning, which made pedestrians hustle a little bit more than their usual leisurely gait. The cold snap, though coming suddenly, did no serious damage. Our Florida and California readers may now get some consolation for seeking sunny climes earlier in the season.

TURN 'EM DOWN

If you believe in Paris and its institutions and business enterprises you should turn from your doors "the bell ringers and peddlers of unreliable merchandise" offered you at apparently reduced prices. Where do you expect to find the peddler when the article you buy proves not to be what he or she represented it to be? Buy from your local merchants who are here the whole year around to make good their every claim, and who advertise to the world what they have. "Trade At Home."

ARNOLD

—Ezekiel Clay Arnold, aged fifty-one, one of the best-known railroad men in Cincinnati, died at the Good Samaritan Hospital, in that city, Sunday night, following an operation for stomach trouble. Mr. Arnold underwent an operation at the hospital last week. He was recovering when complications set in unexpectedly Sunday night and caused his death a few hours later.

Mr. Arnold was the son of the late Col. James M. Arnold, and Eliza Talbott Arnold, both natives of Paris. Col. Arnold died at his home in Newport some years ago. Starting in as a clerk in the Louisville & Nashville office thirty years ago, Mr. Arnold, by close application and attention, coupled with a natural aptitude for the railroad business, worked his way up through minor positions until he became General Agent of the L. & N., in Cincinnati, which he held for the past fifteen years, and in which capacity he was serving previous to his illness and death. In this capacity he became widely known among the railroad men, and had an extensive acquaintance. He was a man of the most genial impulses, with a friendly disposition that made him a host of friends in whatever circle he happened to be. He was a nephew of Col. Brent Arnold, General Freight Agent and Superintendent of the L. & N. Mr. Arnold married Miss Jessie Turney, daughter of Mr. and Mrs. Amos Turney, Sr., of near Paris.

Mr. Arnold is survived by his widow, Mrs. Jessie Turney Arnold, his mother and sister, Mrs. Eleanor Talbott Arnold, and Miss Sophie Arnold, both of Paris, and two

brothers, Talbott Arnold and James Arnold, both of Cincinnati.

The funeral will take place at the Turney home, this (Tuesday) morning, at 11:15 o'clock, with services conducted by Rev. Walter S. Cain, rector of St. Peter's Episcopal church, and Rev. T. S. Smylie, pastor of the Presbyterian church. The interment will follow on the family lot in the Paris cemetery. The pallbearers will be: Judge Denis Dundon, Rodney Withers, Jack Turney, Brutus Clay, Harry B. Clay, Frank Siedd, J. Featherstone, Chariton Alexander.

KENTUCKY BOY STARS IN FOOTBALL

The Louisville Courier-Journal yesterday published on its sporting page a half-tone portrait of Sam Clay Ward, of Paris, with the following news dispatch from Charlottesville, Virginia, where Mr. Ward is attending the University of Virginia:

"Sam Clay Ward, of Paris, Ky., is one of the bulwarks in the line for the University of Virginia football team. This is Ward's second year on the Varsity, and his defensive work has been responsible for the good showing of Virginia against such rivals as Princeton, Washington and Lee, Georgia and Johns Hopkins. Ward, like his brother, James Clay Ward, captain of Virginia in 1916, had his early football experience at Kentucky Military Institute, where both of them were regulars in the lineup. In addition to his work on the football team, Ward is captain of the wrestling team and a member of the track squad."

LODGE NOTES

Don't forget the social session to be held by the Pythian Sisters, in the K. of P. lodge room on Thursday night, November 23, the regular meeting night of Rathbone Lodge K. of P. All members are requested to bring their wives, daughter or sweethearts.

—At the last meeting of the Supreme Lodge of Knights of Pythias some important changes were made in the laws governing subordinate lodges. The most important is the new law governing the action of the lodges regarding the failure to pay dues and assessments. Under the old laws a member failing to pay dues until one year or more, was simply dropped for non-payment of dues, but under the new law any member in arrears for dues to the amount of one year and failing to pay same when notified by the Master of Finance will have charges preferred against him and will be either suspended for an indefinite period or expelled. All members of Rathbone Lodge No. 12, K. of P., are requested to attend the lodge at the first opportunity or call on Thomas M. Funk, Master of Finance, and settle old arrearages and get full information regarding the new laws of the order.

BOURBON FARM CONDITIONS

After several weeks of waiting farmers of Bourbon county have at last begun stripping out their tobacco crops. Slow rain Tuesday and Wednesday, and another Saturday was general all over the county, and brought most of the weed "in case." A great deal of the tobacco was taken down and stripping will continue in full swing through the week, even if there is not another damp spell. The crop is in good condition and is expected to make an unusually good appearance on the market. The farmers are relying on their tobacco crop, expected to bring good prices largely as the result of the efforts of the Co-operative Association, to make up to a large extent for the near-disaster cause by the drouth of the past summer.

Last week saw the opening of the hunting season. Many farmers have posted their farms and refuse to permit hunting. The sportsmen have had fairly good luck, and report rabbits plentiful but not so many quail.

All of the corn crop has been deposited in the cribs, and the prices being offered for the grain has in the main, been very satisfactory.

While the rains of the past week have helped the tobacco business they have not materially helped the farmers who have livestock to take care of. The wheat, rye and barley have been benefitted by the rains. Cover crops are being used for pasture now in order to make them more hardy for the winter season.

"THE BANK OF SERVICE"

The Test of Character

The president of a big corporation gave this reason why his company employed salesmen on a commission basis only:

"It's the best test of character we can apply. If a man hasn't saved enough money to carry himself a month or so he's rarely the kind who can measure up to the opportunity we offer."

Why not take a fixed amount out of your salary every pay day and put it to work in an interest bearing account at this bank? It will then enable you to grasp opportunity when it comes.

Pay yourself first—it's the sensible thing to do.
