Business house and dwelling in Butler, for sale or rent.
Final accounts for June Term.

LOCAL AND GENERAL.

Full many a flower is born to blush unseen,
And waste its fragrance on the desert air.
Full of the filthy oleomargarine
Is served as premium butter from a fair.
—Mr. Nelson Stevenson, the Buttercup postmaster, has removed to Allegheny City.
—Keep your cellars clean and well ventilated, and you will avoid disease.
—The new council is commencing work at the right end of the season.
—We are to have no less than three immense shows here this season.
—About one thousand cars pass over the West Penn railroad every day.

Why is it that when a man sits on new paint the paint and his trousers are never the same color.
—The Live Stock Insurance Association, of this place, paid their first loss on April 22nd, within 24 hours after notice of the same.
—The fields are green, but not more so than the man who signs his name to a paper presented by a total stranger.

—There is a woman in town who, when a secret is committed to her, gets ten other women to help her keep it.
—A fire at Herman last Sunday partially destroyed the derrick and engine house of the Smith & Co. well.

—Twenty-nine bodies have been buried to date at the La Montezuma cemetery in Washington county. In two hours a corpse is entirely consumed.
—The charge of adultery preferred by C. Ambster, of Centre township, vs. W. D. McClellan was withdrawn last Saturday and the costs paid.

—Frank McMillen's store building at Bakersport, with the greater part of its stock, was destroyed by fire last night. The building was insured in the Butler County Mutual for \$5,000.

—The dangerous nature of carpet cleaning was illustrated at Chicago lately, where a carpet cleaner named Berdell killed a man and named Berdell because the latter refused to pay for whacking the carpet.

—The Schneidman building is for sale, and it wouldn't be a bad idea for the National Government to buy it for a postoffice. The postoffice should be on Main street, and in all towns of this size the Government should own the building.

—The people of Peterville have petitioned the Postoffice Department to give them a daily mail between that place and Evans City, and discontinue the tri-weekly mail between Butler and Evans City.

—Mr. A. W. McCollough met with a painful accident while running up the steps to the new telegraph office last Wednesday. His foot slipped and the shock loosened the leaders of one of his keys.

—The post office department has conferred authority on postmasters not possessed before, to correct misdirected letters, where possible, and forward them, instead of as being the custom, of sending them to the dead letter office. This is certainly a commendable step.

—Anandale, this county, is said to have a citizen who lately sucked fifty eggs on a wagon of eggs. The forty fifth egg was a bad one and caused him to disgorge the lot. He then demanded the 50 cents, but it was refused him until he sucked the required number, which he did on short notice.

—An exchange says: Grocers should instruct their customers who buy canned goods to pour out the contents of the can as soon as it is cut, it will not do to wait fifteen or twenty minutes; the cans should be emptied at once. A few minutes exposure to the air will give the contents a metallic taste that is not at all agreeable.

—Tank Kee, a "Chinese" lecturer who recently spoke in several places in this county, has turned out to be a fraud of the worst kind. He isn't a Chinaman at all, and last week while lecturing in Rochester, N. Y., indulged in such protracted prattle that the churches were closed against him and he had to skip out for parts unknown.

—Mr. Adam Sheakley, a son of Henry B. Sheakley, of Parker township, lately deceased, committed suicide by hanging himself in his barn, last Saturday morning. He was about 45 years of age and leaves a wife and three children, and is estimated to have owned ten thousand dollars, but is said to have grieved over his small amount until his father until his mind became affected.

—The Bald Ridge Oil and Transportation Company held their regular meeting on Monday, May 6, 1884. The following officers were elected for the ensuing year: President, D. B. Brandon; Vice President, W. D. Brandon; Treasurer, J. S. Campbell; Superintendent, Fred Reiber; Directors, W. D. Brandon, A. L. Reiber, Geo. W. F. Plummer, A. J. Kellner, Geo. Krug, Auditors, R. P. Scott, A. L. Reiber.

—Dr. Wm. Sarver, an old and prominent physician of Pittsburgh, has been expelled by the Allegheny county Medical Society "for desisting that he could cure certain diseases in 4 or 5 days, a thing which no physician can do." To this "charge" Dr. Sarver pleaded guilty, and he is now engaged in business in his own way. He was not permitted to resign but was expelled. Doctors don't want to cure people in four days.

—They are carrying on a vigorous campaign in Easton against illegal traffic in liquor. Charges have been preferred against all the hotels on different counts, such as selling to minors, selling on Sunday, and selling to men of intemperate habits. About sixty witnesses have been summoned to attend court at Frankfort. These movements are fully justified by the frequent spectacle of boys in their teens reeling intoxicated on the streets.

—During the high wind that prevailed last Friday morning the west wall of the old Court House fell in. Workmen are now engaged taking the rubbish from the interior and when they are done the other walls will be pulled over and outward. The iron fence was taken down last week, and with the stone it rested upon, is for sale. The Commissioners bid \$200 for it at a great bargain for any person or persons wanting some iron fencing. The stone pillars will also be pulled down. It would cost a large sum to take them down in pieces, and they will not be used in the new building, excepting as foundation stone.

—Mr. J. W. Irwin returned home from the South last Saturday, greatly improved in health. He passed the greater part of the winter at the house of the Rev. L. R. McAbey, formerly of this county, but who now lives in Tryon Valley, Polk county, North Carolina. This valley is several thousand feet above the sea level, and is a summer resort for Southerners to escape the malaria of the sea coast cities, and a winter resort for Northerners afflicted with rheumatism and lung diseases. The valley is surrounded by high mountains, the scenery is grand, and there is good fishing and hunting in the vicinity.

—Another of the senseless contests known as walking matches took place in New York last week. There may be some excuse for the walkers themselves, but sometimes there is a great deal of money for the best man; but only a very low or brutal order of curiosity can insult thousands of men to enjoy the spectacle of a few fine fellows being wasted and tortured by a long, unnatural and meaningless physical strain. A six-day walking match is a more brutal exhibition than a prize fight or a gladiatorial contest; it is simply an effort to determine which man can endure the most wear and tear of quality of animal endurance. Men who fight for a few moments with swords or fists can at least have the use of their senses to the very last, but in the last half of a six-day walk nearly every contestant is vacant-minded or literally crazy—he becomes unreasonably animal, whom his keepers find sometimes snoring, sometimes savage, but never sensible. Such exhibitions are a disgrace to the age and to all who glorify in making them possible and profitable.

—Sewing Machine attachments and repairs of all kinds, at E. Grieg's Jewelry store.
—Light running Domestic Sewing Machines by John Niggle & Bro., Agents, Butler, Pa.

County Convention of School Directors.

RUSSELL ELECTED SUPERINTENDENT.
The Convention of the School Directors of Butler county for the purpose of electing a County Superintendent was called to order at 1 p. m. yesterday by Supt. Murdall. George H. Graham, Esq., was elected President of the Convention, James S. Wilson, J. S. Wick, and Frank Eastman Secretaries; and Albert McLaughlin and C. C. Sullivan, tellers. By the time these officers were elected the room had become very much crowded and many directors did not have seats, and it was therefore moved, seconded and declared carried that all persons not directors leave the room, and accordingly all such excepting those who "declined the request," stepped outside and stationed themselves at the open windows. The directors who were then called, which showed that 242 of the 294 directors of the county were present and 24 absent.

The question of salary was then taken up and a motion to the effect that the salary be fixed at the limit allowed, viz. \$4,275 for each school in the county, carried. There are 299 schools in the county and this makes the salary for the next three years amount to \$12,390,525 for each year.

The next thing in order was to elect a County Superintendent. Messrs. Cass, McKimney, McDonald, Tinstant, Murdall and Crowe were nominated in the order named.

The Convention then proceeded to ballot as follows:

Russell	1st	2nd	3rd	4th
	68	82	107	130
Hoover	19	12	11	8
McDonald	21	12	9	9
Murdall	42	49	29	5
Cass	92	96	96	101
Crowe	242	242	240	244

When the 4th ballot was announced, Russell was declared elected, and the Convention adjourned to meet at 10 o'clock on Monday next at a very informal adjournment. Two assistant directors came in during the balloting which accounts for the last vote. Kansas City and Millerstown stuck to Hoover.

Court News.

CIVIL CASES DISPOSED OF LAST WEEK.
Mr. Maher in his own right and as trustee vs. S. P. McCrea assignee of T. H. Maher, April 28, 1884, it appearing to the Court that the plaintiff had no claim against the defendant with the consent of all the creditors interested or their attorneys, the issue is resolved.

W. S. Story and Thos. Hays vs. McKinney Bros. and the Union Oil Co. April 29, settled by the parties, and the defendants' consent judgment to plaintiff for \$1,350 with costs of \$100, no bill for witness or mileage to be filed.

Reed and Bowers vs. M. Downey and wife, April 29, plaintiff being dead and not appearing, either person or attorney, judgment of compulsory non-suit entered and judgment against plaintiff for costs of \$20.

E. Fredrick vs. Borough of Millerstown, April 29, verdict for defendant. Motion for new trial granted.

J. E. Byrnes vs. Post District of Summit township—April 30, verdict for plaintiff for \$48.16.

Lippincott, Ogier & Co. vs. James A. Houser et al, April 29, verdict for defendant. C. F. Smith and wife vs. R. A. Brown, May 2, verdict for defendant.

T. D. Cashdollar vs. Wm. Cashdollar and George Marberger—said to be settled.

John A. Campbell vs. Lancaster township, April 3, verdict for the plaintiff for \$20.00 damages.

James Kerr vs. E. H. Adams—Settled.

Wm. A. E. Coulter, by his next friend, J. L. Badger, et al vs. J. W. Coulter for divorce, was taken up for trial on fourth Monday of May.

NOTES.
The viewers in the Fairview township election district petition praying that the district be consolidated and that the place for holding the election for the district be changed to the Duprey Hotel in Kansas City, having reported favorably and recommending the change, the Court on Monday confirmed their report, making the change, and the election for that district will hereafter be held in the center room of the first floor of that hotel, fronting Petrolia street.

Mrs. Annie Louisa Lewis by her next friend B. M. Addison, has brought suit for divorce from Leander Lewis, for reason of desertion.

Mrs. A. E. Coulter, by her next friend, J. L. Badger, et al vs. J. W. Coulter for divorce, was taken up for trial on fourth Monday of May.

The Jury Wheel Muss.
When the case of Philip Gelbach vs. the P. & W. R. R. Co., was called for trial last Friday morning, Mr. Scott, attorney for defendant, made application for continuance till 20th inst., on account of an important paper being missing, and offered to pay the costs of the term. His application was resisted by the attorneys for the plaintiff and refused by the Court, whereupon he stated to the Court that the jury wheel for this year had been illegally filled, in that the work of part of the week had been performed by Mr. McLaughlin, one of the Jury Commissioners, and Mr. Robt. Millinger, who had been deputed by Mr. Walcott to make his plans and to take his work when he (Mr. Walcott) was suddenly called home by a summons announcing the serious illness of a child, and that therefore the trial should be postponed until the case had been tried on the 20th inst. The Court ordered that the statement be put in the form of an affidavit, which was done. Mr. Millinger making oath to his and the statement another case was taken up, both parties to which waived the alleged illegality of the Jury. The case was finished Saturday morning, when the question was taken up. Messrs. McLaughlin, Walcott and Millinger were summoned and sworn to, and upon their testimony the facts set forth above, the Court quashed the array of jurors for last week, and the railroad case will stand over till the 20th. The jury lists for this week and the 20th are also illegal and parties wanting their cases continued will likely be disappointed. The lists for the regular June Term have also been drawn, but they will be set aside, the wheel will be emptied and new names placed in it, and new lists drawn. The verdicts in the cases tried last week, and in all those tried this week will stand, excepting, of course, where they are reversed by the Supreme Court.

NO COURT THIS WEEK.
When the trial list for this week was called over on Monday, several cases were continued by consent of both parties. The first case called in which one of the parties was anxious for trial was that of Henry Keasey vs. S. D. Hazlett; Keasey wanted the case tried and Hazlett did not, and so his attorney moved to quash the array of jurors, and on account of the filling of the wheel, the Court told him to prove it, and McLaughlin, Walcott and Millinger were summoned and sworn to, and upon their testimony the facts set forth above, the Court quashed the array and court adjourned till the 20th.

A. V. R. Insolvent.
In the Court of Common Pleas of Westmoreland county last Friday afternoon, John Scott and W. H. Barnes were appointed receivers of the Allegheny Valley Railroad, Pennsylvania Railroad, North Central Railroad and Philadelphia and Erie Railroad companies, and an injunction restraining all persons interested from interfering with the receivers in taking possession of the road, and to restrain any persons or corporations from proceeding against the road under any judgment confessed.

The news was received in Pittsburgh late in the afternoon, and created marked comment, especially in railroad circles. It has been known that the Valley road was struggling under an immense debt, estimated at \$30,000,000 or over, and while some such news was looked upon as inevitable at some period, the commutation was not anticipated at this time.

Bald Ridge Notes.
Agree's No. 7, in the McCalmont was in the top of the lower, Monday and had made several light flows.

Fisher & Bros. Nos. 2 and 3 will reach the end on Thursday and Friday. Fisher No. 1, is claimed to be doing 225 barrels, and Sheldahl No. 6, 175.

The Cooper well on the Pease farm is doing from 25 to 30 barrels. This well has been torped and tugged.

The tools of the Powder Mill Run well are yet stuck fast.

Johnson Bros. well on the Henderson tract, which struck a strong vein of water at 129 feet. The Sam Armstrong Co., on the Marshall tract began drilling Monday.

Crate oil was worth \$10.14 per barrel yesterday noon.

The whitewash brush is tramps just now, and here is a recipe for a wash which is recommended by an exchange for out-door work as well as indoor. Slack one peck of lime and white hot and the thickness of cream and a quart of linseed oil and one-quarter pound of gyp. Let it stand half a day before using. It will not wash it off, nor will it prove such a nuisance on indoor walls as common whitewash. It should, of course, be thinned with water while using, and sold.

The Great Forest Fires.

THE BURNING OF BRISBEN.
HOUTZDALE, CLEARFIELD CO., Pa., May 2, 1884.
For some days past the woods in the vicinity of Brisben and Houtzdale have been on fire in different places, but no decided move was made towards stamping it out and it gradually grew nearer to the town of Brisben. This morning a heavy gale from the westward set in, and blew the flames in the direction of Hoover, Hughes & Co.'s mill. Men were promptly put to work fighting the fire, but without avail, though the hose which has always been kept in readiness for an emergency of this kind were playing on all parts of the mill. About twelve o'clock the whistle sounded an appeal for more aid, and the most strenuous exertions were made to save the structure, but the greedy flames seized upon the immense lumber piles.

THE TOWN IN FLAMES.
Brisben is situated between two hills, the mill being at the western end of the town, an with a steady gale blowing the flames from house to house it was but a short time until the space between the hills was a scorching sea of fire. We have no means of estimating the loss, but it is enormous. Hoover Hughes & Co.'s mill and lumber yards and stores, Simon Dinger's store, Theogt Hall, and at least two hundred and fifty other buildings were burned. But few people saved anything, and the scene is agonizing in the extreme. Several sick persons were taken from their houses with great difficulty. Over one hundred families are bereft of everything in the world, save the clothing they wore. Mrs. Donovan, an old and respectable lady was caught by the fire and burned to death.

AD FOR THE HOMELESS THOUSANDS.
HARRISBURG, May 3.—A telegram was received at the Executive Department to-day to the effect that 3,000 people have been rendered homeless by forest fires in the vicinity of Houtzdale Clearfield county. An appeal was made for tents to shelter these people, which Geo. Pattison forwarded. The tents were shipped this afternoon.

Along the Philadelphia & Erie railroad, from Driфтwood west to Rome, heavy fires were in progress last night. Many cattle are reported surrounded by the flames, and a number of fishermen had great difficulty in getting out of the burning territory. A large territory in the western part of Lycoming county was burned over, but the loss was not very heavy. In Tioga county the fire was general. Large quantities of lumber were destroyed along the line of the Tioga Railroad, as well as many houses, barns and other buildings. The town of Thompson was wholly destroyed, including a saw mill. The loss is over \$150,000. Seventeen houses were burned in Arnot, entailing an additional loss of \$15,000. Two million feet of lumber was also burned. The fire was fierce about Morris and Antrim. Considerable fine timber was among the property burned in different parts of Tioga county.

THE WELCOME RAIN.
ERIE, Pa., May 4.—A heavy rain has been prevailing along the line of the Philadelphia and Erie railroad throughout the forest fire district during the past twelve hours. The conflagration, which was beginning to enkindle with renewed fury in the vicinity of Emporium, Keating, Sterling, Ridge way and St. Marys, was at once arrested, and at 5 p. m. the water rained down over the mountains in sheets, quenching every bit of fire. A local rain Saturday saved the Clarendon oil district.

—Call early and get the best bargains ever offered in knee dusters at C. Roessing & Son's, Jefferson St.

Special Notice.
The Wilcox & White Organ Co., never have and never will distress any lease customers who MEAN TO BE HONORABLE.

Milinery.

Beware.
Do not buy a Second-Class Piano or Organ, and pay a first-class price. M. T. J. ROCHELL, Lowry House.

Sawdust House Plastering.

A factory for the manufacture of Sawdust House Plastering materials is in operation at No. 243 Second avenue, Pittsburgh. This plaster is coming rapidly into use. It is much warmer, lighter, and more durable than the sand plaster, besides many other advantages claimed for it. This factory is operated by Mr. John A. McConnell, the large dealer in boiler coverings, at 119 Water street, Pittsburgh, who controls the patents, and is licensing a good party in each town to manufacture and apply sawdust plastering. Some of our plasterers or energetic citizens would doubtless do well to write Mr. McConnell.
