

### KASKINE (THE NEW QUININE)

ROBERTSON'S VOUCHER FOR THAN ANY OTHER DRUG OF MODERN TIMES.

A POWERFUL TONIC. A SPECIFIC FOR MALARIA, RHEUMATISM, NERVOUS PROSTRATION, and all germ diseases.

THE MOST SCIENTIFIC AND SUCCESSFUL BLOOD PURIFIER, superior to quinine.

Mr. John C. Scarborough, Selma, N. C., writes: "I got malaria in 1901, and for a long time I was unable to do my work. I tried many remedies, but they did me no good. I then tried Kaskine, and in a few days I felt better. In a few weeks I was able to do my work as usual. I have not had such good health in years."

Another letter of a similar character from prominent individuals, good stamps Kaskine as a remedy of undoubted merit. Will send on application.

Kaskine can be taken without any special medical advice. Also per bottle, or six bottles for \$5. Sold by

### THE CITIZEN. MISCELLANEOUS.

#### A Heroic Remedy.

Mrs. Archer is a very good woman and one who believes in keeping the household as free from the contamination of the world as possible. But she has a husband and three growing boys, and they are, to use their own words, "up to snuff".

"I do wish you wouldn't use so much slang," the good woman would say in a tone of reprobation.

"Why, mother, we must keep up with the times," the boys would answer; "you're away back".

"Don't be so silly," she said to her husband one day.

"That isn't swearing," he said; "everybody talks that way, Susan."

No more was said just then, but a few days later Mrs. Archer suddenly remarked at the supper table, "Great Scott! Kitty must be a lot of cheek to think we can eat butter as salt as this stuff."

Mr. Archer looked up in a startled manner, but before he could speak his wife resumed:

"Great Scott! It makes me tired to drink tea as cold as ice water."

The boys kept an uncomfortable silence. Presently Mrs. Archer said: "That condensed old crank of a Jones was here to see you again today, John. I told the old chump you had no use for him, though."

One of the boys swallowed a biscuit the wrong way at that moment, and nearly choked to death.

"Great Scott!" observed Mrs. Archer in a placid voice, totally opposed to the wild variety of her language, "I nearly forgot that I have to see a fellow down town this evening on a little errand of my own. Ta, ta, love; you see I'm not as fresh as I used to be. No flies on me so long," and with an air that was the counterpart of John Archer's own, the good woman swaggered from the table.

The English language, pure and undefiled, is spoken in that family now, and the vocabulary of slang has fallen into welcome desuetude.—*Detroit Free Press.*

#### The cattle industry of the U. S. represents \$1,200,000,000.

—English capitalists have just invested \$3,000,000 in iron land property near Dublin.

—The Patent Office records show that 1935 inventions have been granted to women.

—"Laws grinds the poor, and rich man rules the law." But let us be thankful that any poor sufferer can buy with only 25 cents a bottle of Salvation Oil.

The enormous sale of Dr. Bull's Cough Syrup has developed many new remedies, but the people cling to the old reliable, Dr. Bull's Cough Syrup.

A Pennsylvania syndicate has secured 40,000 acres of land twelve miles from Chattanooga, where it will work one better than the Lake Superior article.

Drunkenness or the Liquor Habit Positively Cured by administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it. It is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken the Golden Specific in their coffee with out their knowledge, and to-day believe they quit drinking of their own free will. IT NEVER FAILS. The system once impregnated with the Specific it becomes an utter impossibility for the liquor appetite to exist.

For full particulars, address Geo. S. Ziegler, 185 Race St., Cincinnati, Ohio.

—There are fewer labor agitations in progress now than there have been for two years past.

What Am I To Do?

The symptoms of Biliousness are unvarying, too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhoea or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower. It is a cure try Green's August Flower. It is a cure try Green's August Flower. It is a cure try Green's August Flower.

A Pittsburg fire-brick company is sending 50,000 bricks to Mexico, which will have to be hauled 100 miles in wagons. They are for a blast furnace.

I have not used all of one bottle yet. I suffered from catarrh for twelve years, experiencing the nauseating dropping in the throat peculiar to that disease, and now bleed almost daily. I tried various remedies without benefit until last April, when I saw Ely's Cream Balm advertised in the Boston Budget. I procured a bottle, and since the first day's use have had no more bleeding—the soreness is entirely gone.—D. G. Davidson, Boston Budget, formerly with Boston Journal.

The National Convention of Cattle Growers was held at Kansas City, Mo., Oct. 10-12, 1907. Over 100 delegates were present. The business was repressed as depressed.

One Fact

It is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to weary parts of the system. Try it.

—There are now 112,000 nautical miles of wire cable laid. The wire manufacturers throughout the U. S. and Great Britain were never busier than at the present time.

—The cotton-mills of Great Britain work up an average of 71,000 bales of cotton, of 40 pounds each, per week. The consumption on the Continent is 17,000 bales. Great Britain is gradually losing her yarn trade.

### THE LAND BOOM.

#### Prices Way up Among the Stars—The Dangers to be Avoided.

The wonderful land boom of the past year has excited very general attention.

It has not been confined to any one locality, for, as Chauncey M. Depew said, after a visit to the west, "At nearly every one of the trade centres we visited, we found extravagant and untenable claims of prospective land values."

Of course the vast army of men engaged, in one way or another in these enterprises, were loth to believe their views either extravagant or untenable. Both they and Depew are right in a certain extent.

Land values have rapidly and permanently increased in this country in the last fifty years. This is especially noticeable in the "jumping" west, along the lines of new railroads.

Thousands of new cities have sprung up with a growth perfectly astonishing, and great fortunes have been made in real estate.

Land values must continue to increase generally, because the best available area of land in the country is now so small as to render inevitable its entire absorption in a few years.

One hundred years from now, at the present rate of increase, our population will be 400 to the square mile—twice as many as the largest European nation.

To be a safe speculator, it is necessary to study cause and effect, as the proprietors of Warner's sale did in preparing their remedy. Its success is guaranteed to death.

"Great Scott!" observed Mrs. Archer in a placid voice, totally opposed to the wild variety of her language, "I nearly forgot that I have to see a fellow down town this evening on a little errand of my own. Ta, ta, love; you see I'm not as fresh as I used to be. No flies on me so long," and with an air that was the counterpart of John Archer's own, the good woman swaggered from the table.

#### When he was in Rome.

He was tanned by tempest and foreign sun, and he was the centre of a group of young ladies who insisted on hearing of the countries he had visited, so he started:

"When I was in Rome..."

"Oh, you have been in Rome? How delightful! Did you see the cat-combs?"

"Did you see any gladiators?"

"What does a forum look like?"

"And the baths?"

"And the temples?"

"When I was in Rome..."

"Do tell us all about it."

"I always did love Rome."

"It is too delightful for anything."

When I was in Rome, New York, I caught the typhoid fever, and nearly all my hair came out."

—A strong effort is to be made by manufacturing and commercial interests of America to induce the Government to encourage and develop American shipping. Interior cities are taking a hand in the agitation.

Many People refuse to take Cod Liver Oil on account of its unpleasant taste. This difficulty has been overcome in Scott's Emulsion of Cod Liver Oil with Hypophosphites. It has as reliable as milk, and the most valuable remedy known for the treatment of Consumption, Scrofula and Bronchitis. Physicians report our little patient's take it with pleasure. Try Scott's Emulsion and be convinced.

—If you know of a good local always send it to some out of town paper. It will have a better chance to sell. Always request your local paper to give you a free notice of it. In short, do everything in your power to injure your home paper and at the same time "boom" some other near-by local paper which has no interest in your town or business.

—A great many Northern firms the chief business of which is in the South are considering the propriety of removing their works near Nashville, Chattanooga or Birmingham. A local company of Lorain, O., has already removed to Chattanooga.

—The Marion Improvement Company, of Marion, N. C., are seeking a home for oil recently struck a rich vein of gold instead. The people are very much excited over the discovery and the land near the vein has already gone up to Wichita prices.

Buying direct from the best woolen mills of this and foreign countries, not only reduces the cost of our garments, but also gives us positive knowledge of the quality of the materials we use.

Manufacturing our goods right at home, employing none but the best of tailors and overseeing every detail ourselves, make our clothing stand unsurpassed in fit, workmanship, or durability.

Our stock of Men's, Boys' and Children's Suits and Overcoats is a large one, and our knowledge of the wants of the people has assisted much in making our assortment so complete.

All goods are marked in plain figures, and one price only.

Mail orders will have our best attention.

WONDERFUL SUCCESS.

EVERY WEALTH.

All the PATTERNS you wish using during the year for making a saving from \$3.00 to \$5.00 by substituting our patterns for those of other makers.
