LOCAL AND GENERAL.  
—Homeridish is the new cure for grip.  
—Moving day comes on Saturday, this year.  
—Some big real estate deals are on deck.  
—Gov. Penn. has named April 14 and 23 as Arbor Days.

—It was old time Butler audience that greeted Forest Huff.  
—The Evans City Knights dedicate their new lodge room, this evening.  
—Balmy weather in mid-March, with the frogs whistling, is too good to last long.

—"Blowing paper" all about the L. of a big flood, "was the way the newboy put it."  
—The beautiful cauliflower that are now in market are brought here from California.  
—The Misses Rokenstein will remove to the Berg building next door to J. A. Richey, on the 1st.

—The deposits of the "Butler County National" now exceed two millions of dollars. See statement.  
—During Lent it is proper thing for the men to give up their seats to the ladies in a crowded street car.  
—"Looping the quadruple chasms in the aerial paradox" is the new feature of the Barnum & Bailey circus.

—Since the 23rd of last month the S. J. Rosenberg Post 538 of Eau Claire has lost three of its members by death, leaving but 31.  
—Mrs. Edith Smiley and Miss Grove of Philadelphia have opened a dress making room in the Bancroft residence, on E. Cunningham St.  
—An excursion will be run from Greenfield, Grove City and other points for the comic opera Sbo Gun, at the Majestic, Saturday night.

—These cuts in gas prices come at the wrong time of the year, but it is a case of better late than never, and here's hoping there will be no more changes for ten years.  
—Several thousand men in the Allegheny valley are idle, this week, on account of the mills and plants at Kittanning, Ford City, New Kensington and other points being flooded.  
—The war is causing some new words to appear in print. A London correspondent writes of "the Russian debacle in Manchuria," and "the bewildered camarilla of grand dukes."

—There is too much rubbish on our streets. Some of the drains were clogged during the downpour of last Sunday morning, and people going to church had to wade through water.  
—The wash caused some of the old brick buildings in Pittsburgh, New York and other cities to collapse, and the old stone wall around the Allegheny arsenal fell into the street.  
—Harper Graham and Ed. Mohr have been added to the regular police force of the town, which will hereafter be regularly patrolled at night; while a night-club will be on duty at the Mayor's office.

This, with the former petition, takes in nearly all the roads in this township, and if the petition is granted and the roads built, the street car companies will probably extend their lines through the township, and the town would spread over it.  
—These guessing contests are becoming a burden and prey to one's mind. An unsophisticated domestic, a recent arrival from the Fatherland, was several days ago made acquainted with the telephone, very much against her will. When the bell rang she was coaxed to answer the call. Carefully placing the receiver of the mysterious instrument to her ear she shrilly shrieked the usual salutation, and in response to the question, "Hello, who's talking?" she answered, "How do I know?"  
—Frank G. Carpenter, probably the greatest newspaper correspondent of this age and who has delighted thousands of Dispatch readers, is now writing a series of articles on the Panama Canal, which will be published every Sunday.  
Letter to L. P. Haslett, Butler, Pa.  
Dear Sir: These are these five ways of business in paint:  
(1) stiffed-out with chalk, or something like that;  
(2) barytes, better than chalk, but no covering to it; nobody knows it's there;  
(3) benzine in the oil, or water, or other such stuff;  
(4) too thin—too much liquid, whatever it is, for the solid;  
(5) short measure;  
Now will you buy by the price per gallon?  
We furnish our agents with a state chemist's certificate of analysis that tells what's in it.  
Yours truly,  
F. W. Devoe & Co.
