

THE BUTLER CITIZEN.

THURSDAY, APRIL 5, 1906

NEW ADVERTISEMENTS. NOTE—All advertisers intending to make their notices to do so not later than Monday morning.

LOCAL AND GENERAL.

Butler has plenty of gas. Give something to the Jap. Butter is immense on market.

—Butler is to have two more policemen. —Did Noah send the dove on a fool's errand? —Our own street-sweeper was found in an alley.

—An "Old Home Week" is being talked of for Butler, this year. —The Beebe will build new shops and a turn-table at the Transfer.

—A broken trolley wire dangling on the street caused a lot of excitement at Main and Jefferson Sts., Tuesday noon. —Centre avenue is being washed out by spring rains.

—Our street-sweeper was found in one alley, and if a search was made for it the sprinkler would probably be found in another. It ought to be looked up.

—Policeman Harper Graham killed a big muskrat at the corner of Main and Jefferson Sts. last Thursday night. The animal is supposed to have followed the gutter up from the creek.

—Twelve million cantaloupes were shipped from the Rocky Ford district in Colorado, last year. They are not plentiful yet for this year, but the Nation's mouth is watering for them.

—The miners along the main line of the Bessemer have quit work pending a conference between their delegates and operators at Grove City, to-day. Those in the mines along the Hilliard branch continued work pending a settlement.

—The badly decomposed body of a man was found in the Allegheny river, near East Brady, last Sunday evening; and two sons of Fowler Campbell went to East Brady next day to investigate. They identified the knife, shoes and lock of hair kept by the coroner, and the body will be dis-interred today, for further identification.

—On account of building improvements during the past year the town assessments have increased the total valuation of property from \$7,503,665 to \$7,655,048. The first ward was increased from \$1,002,000 to \$1,011,345; the second from \$1,660,210 to \$1,709,140; the third from \$1,033,343 to \$1,077,075; the fourth from \$870,738 to \$885,733, and the fifth from \$1,339,290 to \$1,371,830.

—A large, stout man, under the influence of liquor, collided with a cripple on crutches, on Main St., last Saturday and both went down to the wet, slippery sidewalk. The big man was helped to his feet by another; the cripple recovered his crutches and got up and then bearing the big man, who tried to get away but couldn't; so he backed up against a telegraph pole and took his tongue lashing like a man.

Letter to Wm A. Kamerer Butler, Pa. Dear Sir: Here's a 15-year year; you like years, don't you? It comes from Odell Hartwood Co., Greensboro, N. C. Mr. E. G. Clever, a home in that town was painted Devoe about 15 years ago, and next, this year.

A house, at door, was painted about the same time with another paint, supposed to be good. This house was painted against the wall with another paint, that professes to be extraordinary. Glenn's house, before it was painted just now, was in as good condition as this one. Devoe 15 years; the other 5 years—guess that's about how to put it. But this extraordinary paint is a bluff: Devoe is the paint.

OIL AND GAS NOTES.

The Market—Remains at \$1.58. Concord—McMillan & Co's No. 8 on the Campbell showed up for a 10-bbl pump.

Middlesex—A Butler Co. is drilling on the Little Geo. Hays, and the Glasgow Co. on the David Parks. J. H. Fitch is stocking a Co. to drill on the Matthew Sterling.

Steve Roberts & Co. of Mars struck a 30 barrel well, third sand, on the Owen farm west of Bakerstown, last Friday. There are now eighteen new rigs surrounding the well.

The Walker & McCandless well on the Rose at Connoqueuing is now pumping oil and saltwater, the production being down to 35 barrels a day. There are now eighteen new rigs surrounding the well.

The Hinchberger boys and their partners drilled in their No. 3, Chris. Steigler, two miles south of Coyleville, Friday, when two bits in the fourth sand the well made a forty barrel flow Saturday and Sunday, flowed at the rate of 140 barrels a day. The boiler was moved back and the well drilled through the sand Monday, but little improvement. It was reported doing 100 barrels a day, yesterday.

The Rabbit Oil Co. composed of the Hinchbergers, Mat. Yost, W. H. McKee and others brought in a 40 barrel well on the Pat. Logue farm east of the Steigler.

Crooked Holes—Two oil wells out of plumb, with a resulting side-swell collision between the holes and the loss of two sets of tools, have caused a peck of trouble for a Pittsburgh Co. drilling near Harrisville, Ohio. When down 900 feet in the first hole the tools were stuck; the rig was moved 12 feet and when down 800 feet in this well the tools suddenly dropped 35 feet and it was found that they had fallen into the first hole.

Accidents. Philip, aged 17, son of Jacob Weitzel of Franklin twp. was killed Monday from the kick of a horse. He had taken the horse into its stall and had taken off its bridle, and was leaving the stall when the horse kicked him on the back of the head, fracturing the skull and causing his death.

Geo. Kirkbride had his legs bruised by the upsetting of his wagon on South Stm, yesterday. He was hauling a steam at the time, and it caught him and pinned him to the ground.

Miss Lida Marshall had her face and hands burned by a gas explosion in Indian Territory.

School Note. The School Board of Butler was expected an increase in valuation of half a million and it is only about \$100,000, but they will go ahead with the High School building.

A school teacher one day during her hour for drawing suggested to her pupils that each draw what he or she would like to be when grown up. At the end of the lesson one little girl showed an empty slate.
