GOV. MORROW'S NOTIFICATION ADDRESS

North Hampton, Mass., July 26.—"This nomination is tendered you as the spontaneous wish of your party," said Governor Edwin P. Morrow, of Kentucky, principal speaker at the ceremonies attending the notification here today of Governor Calvin Coolidge of his nomination as candidate of the Republican party for vice president. "The West called to the East," Governor Morrow said, "North and South heard the call and the nation made answer."

Governor Morrow attacked the Democratic national administration for what he termed its hesitation, blundering and stubbornness and called the league of nations an attempt to bind the United States to the bloody feuds of Europe.

"It is fitting," Mr. Morrow said, "that in Massachusetts at this fountain of American inspiration, we solemnly determine that the heritage which made us free, independent and prosperous, shall not be bartered for a mess of unknown pottage."

"You are called to serve your country in a time of your country's need," Governor Morrow continued. "At home grave economic, industrial, social and governmental problems have too long in the past, and now continue to, press for and demand solution, and upon their proper solution depends the prosperity, security, commercial and financial welfare of our people."

"But, confronted with high duties and most serious responsibilities, the present national administration, entrusted with the great powers of government, has halted and hesitated and blundered, while it bent all of its stubborn energies upon the task of fastening upon our country all of the ills of the world. The president and all those who in the past have bowed to his will, and he whom he has covered with his mantle, committed to his policies, and whom he now seeks to place in his stead, have for more than a year, and are now seeking to strip us of our nationalism by clothing the nation in the multi-colored garments of internationalism; to take from us our sovereignty—and so, through a league of nations, to bind us to the bloody feuds of Europe, to make us the guarantors of shifting, vanishing boundary lines to the ends of earth, and to involve us in the greed and strife and confusion of the old world country, Governor Morrow asserted, Governor Coolidge is confidently called upon to serve with a leader who "has spoken clearly, bravely and convincingly."

"His voice rings out now like a bugle through the land," he said, "we now await your message, convinced that it will be in full accord with the time-honored, time-proven policies of the Republican party and that it will proclaim our party's principles of service to the nation and its people. When you have spoken, America will know that captain and mate have turned the old ship of state from her wanderings—home, to the needs of the hour—home, to keep all and to save all that the past gave and which the future promises—home, to solve our problems here and to fulfill, as we always have done, our full share of world responsibility."

ATTACKED BY SOCIALIST SQUAD

New York, July 26 Assemblyman Louis Colliver charged today in the Harlem Court that he had been attacked and assaulted by a Socialist strong arm squad, seeking revenge on him for his activities last winter in ousting of the five socialist assemblymen at Albany. In the encounter which occurred about two weeks ago, Mr. Colliver who sat as a member of the tribunal which heard the socialists case said he lost two teeth and his eye glasses were broken. The assemblyman declared the alleged attack when he appeared in court to defend a client, who claimed to have been assaulted by a socialist.

The Feinish socialist society headquarters in Harlem was described by Mr. Colliver as a nest of bolsheviks who have formed strong arm squads to patrol the districts and beat up democrats and Republicans in revenge for the ousters of their representatives at Albany.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

"I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieved me until I took Cardui..."

"I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone."

"I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133
