

Packers' Costs and Profits

How much do you think it costs—

1. To dress beef, cure hides, and prepare all the numerous by-products?
2. To cool the meat for two or three days before shipment?
3. To freight it to all parts of the country in special refrigerator cars, iced daily?
4. To carry it in hundreds of branch houses, each with its refrigerating plant?
5. And to deliver it to the retailer—sweet and fresh—in less than two weeks after dressing?

Swift & Company did all this for you in 1917 at an expense of less than 2 1/2 cents per pound of beef sold, including an average profit of 1/4 of a cent a pound.

Figure for yourself how little effect this cost and profit had on prices you paid for beef steak.

Prayer of a Sister.
It's worse for mothers, God, Oh, help them first!
But after you have comforted each mother
In all her pain, then hasten I dread the worst,
Oh, send me peace, sweet peace, from Him, my God!

The little boy with whom, not long ago,
I played at games in the kitchen lane,
And walked to school and out and
And returned to school—shall I see him
more?

Do you see the mother and her sweetest
Looking
On just the same? But I see I cannot
Do that, this new year, in and I am
praying!
