Tuesday's Announcement Corrected. A mistake appeared in the announcement of the vote yesterday, 150 votes cast for Miss Copher, and so announced in the paper, being added in the hurry of casting up the ballots to Miss Vaughn's vote. The count was correct on the permanent record kept in this office, and the mistake was merely in the announcement. Yesterday's record should have given Miss Lillian Copher 150 votes, and Miss Kate Vaughn, instead of 10 for Miss Kate and only fifty for Miss Lillian.

In this connection THE GAZETTE would remind its readers that any person can know the record. No vote is counted that is not published, either with the note accompanying or statement that no note was received. THE GAZETTE requests these accompanying notes not only for the committee, but to print with the announcement of the vote received. THE GAZETTE would be pleased to have all concerned keep a tally of the votes as they are announced, which can be easily done by noting the votes cast daily in the scholarship column.
