IT IS FIGHT OR CRAWL

FITZSIMMONS MAKES BIG CONCESSIONS.

If There is No Fight the People Will Know Who is the Coward, Says Julian.

Houston, Tex., Nov. 21. (Special).--Martin Julian, Robert Fitzsimmons and party are here. In an interview Julian says that Corbett must either crawl or accept Stuart's last proposition. Fitzsimmons has signed the articles in blank and concedes to Corbett the privilege of dictating every detail, only reserving the demand that the fight be to a finish with small gloves. He will also agree that Corbett and Brady shall select the referee. "There are only two in to prevent negotiations with Stuart, the middlemen," said Julian. "All of the fakirs except Corbett and Brady have been discarded, and if there is no fight the people will know who is the coward. Stuart's proposition could be no better, and Corbett must accept or run up his white feather, and I think he has one. We will remain in Texas."

DISTRICT COURT TO MEET.

A Dozen Criminal Cases and a Small Civil Docket.

Higgins, Tex., Nov. 21. (Special).--District court meets at Lipscomb December 24, with a dozen criminal cases in prospect, and a brief civil docket. Many cattle have recently been shipped from the county at this place. A new experiment in fattening native steers on cotton seed has been tried with marked success. It will no doubt become an industry even on the plains. Recent rains have injured the grass, but the weather has been very mild. J. D. Rowland has opened a new grocery store at Lipscomb, and there is prospect of still another store at the same place. Eleven schools are now open in the county, with a good attendance. The commissioners' court is considering a bid of a St. Louis capitalist for the four leagues of county school lands in Cochran county.

THE S. P. HITS BACK

IT SAYS THE CHICAGO LINES ARE RESPONSIBLE FOR CONDITIONS.

The Latter Are Jealous of the Overland Travel Via New Orleans and Show It.

New Orleans, Nov. 21. (Special).--The dispatch sent out from Chicago charging that the Southern Pacific is responsible for the demoralization in California passenger rates on account of its alleged anxiety to divert travel via New Orleans, the Southern Pacific officials say, is without foundation. On the contrary they claim that the Chicago lines, in their efforts to stem the overland travel attracted via New Orleans by the Sunset limited, are directly responsible for the situation complained of, and in fact have resorted to methods which reflect anything but credit upon the lines who lay claim to conduct their roads on strictly business principles.

PLOTTED

Against His Loyal Subjects in Corea.

THE CAUSE GIVEN OF THE KILLING OF THE QUEEN.

INTENDED MURDER.

SHE HAD PLANNED TO HAVE AT LEAST FIFTEEN PERSONS POULLY MURDERED.

Would Then Renounce Japan and Turn the Kingdom Over to Russian Control.

San Francisco, Nov. 21. (Special).--The steamer Rio de Janeiro arrived here today from Yokohama and Hong Kong. No confirmation could be obtained of the stories brought to Victoria by the steamer Empress of China that the queen of Corea had been burned in oil. The Japanese mail under date of November 5, says:

Before the coup d'etat took place the queen of Corea was secretly plotting the murder of not less than fifteen persons of the opposite faction. A list of the intended victims had been drawn up. After the wholesale massacre of her oppressors it was her object to reject Japanese friendly assistance and invoke that of Russia. The discovery of this scheme, though the most terrible part of it does not seem to have been at first known, led Tai Wein King and his followers to take a sudden and decisive step to prevent the intended revolution being carried out.

The Korean minister of the household has issued a proclamation announcing the intended selection of a new consort for the king. According to a time honored custom the issue of this proclamation had the effect of prohibiting for the time being the marriage of all girls between 15 and 17 throughout the country. Thirty or forty girls are to be nominated, and from among them will be first selected three and one of the three will furnish the final choice.

The preliminary investigations have been commenced in Hiroshima where the accused are imprisoned. Count Inoué is still in Corea but is expected back shortly and the opinion is that the Japanese are about to abandon their attempt to control the home and foreign policy of that country. Arrangements are proceeding for the withdrawal of Japanese troops. In fact in face of Russia's opposition Japan has no option but to clear out.

A letter from Vindictosek reports that the Russian military authorities have constructed no less than twelve forts there. In two or three years the forts will become strong permanent defenses. In addition there are fifteen vessels of war kept by Russia on the Pacific station, all of which have been painted grey and are in readiness for action. The number of troops on shore has largely increased during the past year and barracks have been built in several localities at a heavy cost. Forts are also being hastily erected by several hundred workmen at an outlay it is said of 50,000,000 roubles and are expected to be completed by the end of this year.

A RUNAWAY HORSE

THREW H. T. FACE VIOLENTLY UNDER THE WHEELS.

It Then Kicked Loose and Mr. Face Was Removed From the Wreckage--Fireman Hurt.

Temple, Texas, Nov. 21. (Special).--Yesterday evening while Mr. H. T. Face was crossing the Santa Fe railroad track on lower Tenth street in a single buggy, the animal he was driving became frightened and ran away, kicking the front out of the vehicle and upsetting it, throwing Mr. Face under the wheels. The horse soon kicked himself loose from the vehicle, and Mr. Face was removed from the wreckage. He had a slight fracture of the right leg and a bad gash over the temple. He was removed from the street to his room and is doing fairly well this morning.

Fred Deussen, a fireman on the Santa Fe north of Temple, fell from his engine while the train was running at a high rate of speed yesterday and was terribly bruised up. He was brought down on the passenger train and carried to his home on Railroad street. No bones are broken, but he is badly bruised and will be laid up some time.
