RATES OF ADVERTISING.

Newspaper proprietors generally, and especially of this sity, under the usages and regulations heretofore prevacing are called upon to perform more labor without remuneration, than any other class of community. The grainitous publication of charity and religious advertisement, and communications, tributes of respect, obituaries, &c. &c., which can only be inserted at a heavy cost to the proprietor, imposes upon them a burden so onerous, that they feel called upon, in self-defence, to check the abuse, by making such publications a charge, to some extent at least, upon the parpublications a charge, to some extent at least, upon the parties more mmediately interested. In this they are but following the example of the press in other cities, impelled by rain a second properly, and imperative duty to emselves. The subscribers have, therefore, united togethat most in a mutual agreement, upon the to lowing specified terms of the publication of these as well as every sort of regular delighborates advertising.

Ma. J. H. Sammons-Sir: After ten days' constant use of the Spectacles obtained from you, I feel guarantied in testi-ying to their efficiency in restoring or relieving impaired vision. I have been using glasses for some four or five years, and
during that time I have tried a number of different description and manufacture, some of which I thought very good;
but a few days since I obtained a pair of Mr. Semmons Brazillan Pebble Spectacles, have given them a pretty fair trial and have no hesitation in saying that they are far superior to any thing that I have ever tried in that line. G. C. TORBETT.

I agree with W. H. Hagans, Esq., in the above certificate and take pleasure in recommending all persons who are in want of superior spectacles to purchase of Mr. Sesamons, as I consider them superior to any I have ever used. From A. W. Hunt, M. D.
