The Sentinel, has much the largest circulation of any paper published in this county and as an advertising sheet offers superior inducements to merchants and business men generally. Those desirous of making use of this medium for extending their business can do so by either sending their notices direct, or through the following agents:
John Crouse, Esq., Johnstown.
E. W. Carr, Evans' Buildings, Third st. Philadelphia.
Wm. A. Kinsler, Pittsburg.
George Pratt, 151, Nassau st., New York.

A Chance for Livermen.
By reference to our advertising columns it will be seen that a fine opportunity is offered to our livermen for doing a "pretty considerable business" in the way of furnishing the necessary lumber for the Central Railroad.

Act of the 10th of April.
For the information of our readers we give in another part of today's paper that part of the Act of the 10th of April which relates to the collection of collateral inheritance taxes, and the duties of our county officers under its provisions. We solicit attention to it, as it is important.

Attention is requested to the new advertisements in today's paper.

Another Fatal Accident.
On Thursday last, a man by the name of De Haven, from New Jersey was run over by a locomotive between Planes 4 and 5, and so seriously injured that he died in a few hours. The particulars, as we learn them, are, that he was walking along the road when overtaken by a locomotive, the engineer of which supposed of course that he would step aside at the warning given by his whistle, but it seems the man neglected this timely caution until too late. The locomotive passed over one arm and both legs mangled them horribly. We did not learn his age. He was a shoemaker by trade.

Valuable Presents!
The ladies of Johnstown have presented the editors of the "News" with a *Juvenile Spelling Book*, and the editor of the Transcript with a *Dutch Almanac*. We beg leave to congratulate our neighbors of the Johnstown press on this manifestation of the high estimation in which they are regarded by the fair ones of their borough, and we have no doubt the gifts were well received.

Look Out!
We warn our democratic brethren throughout the county against the malicious slanders and falsehoods that are being industriously circulated by our whig opponents. They may say that we are the whigs who will resort to every means, no matter how disreputable, in order to carry their point and defeat the democratic party, and we would therefore request them to be vigilant and active. We will, in a short time, take up these slanders that are in circulation, and expose the means that are being used to defeat our ticket.

Gov. Johnston, in a note to the Pittsburg Commercial Journal, states that he and General Taylor will be in Pittsburg on the evening of the 18th inst., and at Bedford on the 15th.

Aid to Hungary.—Captain G. De Korponay, a Hungarian, who commanded a company of Missouri volunteers in the Mexican war, proposes an organization of his countrymen and other patriotic exiles, with the co-operation of sympathizing Americans, to aid the struggle of the people of Hungary for liberty. And for that purpose he recommends a central committee in New York to raise a legion of 1500 men and \$500,000 in money by means of correspondence and agencies, probably not being

aware that such a movement would be a violation of the neutrality of this country. Capt. K. was once in the Hungarian noble guard of Vienna, where he served with General Arthur Gorgey, and moved in the highest diplomatic circles.

Fast Day.
Last Friday, the day appointed by Gen. Taylor for fasting, humiliation and prayer, was very generally observed in this place. All our merchants closed their stores, and divine service was performed in a majority of the churches.

The Proof.
Gideon J. Ball, the State Treasurer, has announced to the Board of Canal Commissioners that he is now ready to honor their drafts on him for money. If this is not proof positive that he has been withholding the money from those who were entitled to receive it, & that he has been refusing to honor the drafts of the Canal Board, we do not know what is. Of course his admission knocks into a three-cocked hat the glorious visions of our whig neighbors of Johnstown of making a large amount of political capital out of the fact that the laborers on the public works had not received the payment of their just dues as provided for by the last Legislature, and shows at once who is liable to censure for this neglect of an obvious duty. We suppose they will now take the opposite tack, and say that it was much better that the poor laborers should be out of their money than the rich British capitalists to whom the August interest was due and paid. This is whiggery.

As the commissioners will now have the money appropriated by the State at their disposal, or at least as fast as it is paid into the Treasury, we sincerely hope they will see that it is given out to the proper disbursing officers along the line of public improvements as soon as possible, with instructions to discharge the debts due by the State to the laborers in her employ. We also trust that they will establish the rule of making payment of all dues at the end of every month, and thus destroy the odious credit system that has been in operation for some time.

The August Interest.
The whigs, with their usual audacity and reckless regard for truth, are claiming great credit for Mr. Ball, the State Treasurer, who, as they say, is the first Treasurer, that has been enabled to pay the August interest without resorting to a temporary loan. The comment on in the Harrisburg Keystone from Asa Dimmock, Esq., proves at once the fallacy of this statement. His veracity stands above all suspicion, and as he was for several years engaged as cashier in the Treasury Department, he has every opportunity of knowing the facts.

Messrs. MILLER & BARRETT.—My attention has been called to an editorial note in the Philadelphia "Evening Bulletin," of the 24th inst., under the head of "The State Interest," in which, after enumerating the funds that will be at the disposal of the state treasurer on the 1st of August next, to enable him promptly to pay the state interest, the editors remark: "This will be the first time, we believe, since the state resumed the payment of her interest, that it has been able to meet the demand without resort to a temporary loan."

This statement is far from correct, and being echoed by the whig press, not calculated to inspire confidence in the ability and integrity of the state. Since the resumption, eight semi-annual payments have been made, and in only two has it been necessary to resort to a temporary loan—first, in February, 1847, and again in February 1848. In both instances, after the payment of the interest in August following, there has been a large surplus at the disposal of the state treasurer, and a balance to the credit of the commonwealth in the Bank of Pennsylvania, which is the agent for the payment of the interest. In 1848, the surplus amounted to more than two hundred thousand dollars, and in 1847 about the same. The editors of the "Bulletin" might have ascertained these facts at the same time that they were making inquiry as to the state of the finances.

On a moment's reflection, any one will see that, under the present system of collecting our state taxes, by an abatement of five per cent. on the quota of each county paid into the state treasury on or before the 15th of July, no failure need be apprehended at any time of funds sufficient to pay the interest that will fall due on the 1st of August. All the wealthy counties will avail themselves of this provision; and under it more than one half of the annual state taxes will be paid. Besides a large portion of the revenue from other sources is paid in about the same time. This will leave the pinch for the succeeding February; but it is confidently believed that, under the existing revenue laws, no necessity will again occur, to resort to a temporary loan.

Neither of the state treasurers that have made payments of interest since the resumption, being at this time at the capital, and having been officially connected with two of them, I have been induced to make the foregoing statement.

Very respectfully,
Your humble servant,
ASA DIMMOCK.
Harrisburg, July 28, 1849.

Tennessee.
Returns from nine counties have been received, and indicate the election of Wm. Trousdale, the democratic candidate for Governor. He has gained in every county yet heard from, and like gains in the balance of the State will certainly elect him by 3000 majority. Ewing, the Dem., candidate for Congress in the Nashville district, is said to be elected by about 100 majority.

GLORIOUS RESULT IN TENNESSEE.
Intelligence received by this morning's mail confirms the election of Trousdale, the democratic candidate in Tennessee by about 3000 majority. Gen. Taylor's majority was 6256. A. Ewing, democratic candidate for Congress, has been elected in the Nashville district by 76 majority. As far as heard from the democrats have gained three members of Congress.

The Abduction Case.
It is stated in some of the Washington papers that the American Home squadron has been ordered to Havana to demand the release of Rey, the young Spaniard who was taken from New Orleans, through the agency of the Spanish Consul. If this is true, our Government is entitled to the commendation of every patriot.

Westmoreland County.
We learn from the last Westmoreland Republican that James McCallister, Esq., the Prothonotary of this county, died on the 28th of July last. He had many warm personal and political friends by whom his death is deeply regretted.
Gov. Johnston has appointed S. B. Ramsey, Esq., Prothonotary to fill the vacancy occasioned by the death of the former incumbent of that office.

Terrible Railroad Accident.
PRINCETON, N. J., Aug. 2.
The train from Philadelphia ran off the track near this place this morning. Mr. Conover, canal carpenter, of Trenton, and a stranger were killed. A number of others were wounded. Five or six are at Skillman's Hotel, where attention is given to them, by Mr. J. S. Drew, and others. Capt. Shippen, agent of the company, is among the wounded, and has been taken to Bordentown.
The locomotive run into the canal. Two crates and one passenger car were crushed to pieces. Two men were killed, and sixteen others wounded; some mortally. Three of the injured will probably die in the course of an hour. The accident was occasioned by the switch being left off. One of the men killed is named Wm. Conover. The other is a stranger. I cannot ascertain his name.

Fitz Henry Warren.
The Republic, which is Gen. Taylor's exclusive organ, is now engaged in the pleasing task of assailing the character of the Democratic party for integrity. The late Democratic State Convention of Iowa, among their powerful and pungent resolutions, passed the following, which we commend to the Republic as an excellent text:
Resolved, That the appointment of a bureau officer from this State, in the person of Fitz Henry Warren, is an act deserving the censure and undistinguished condemnation which it is daily receiving from a large majority of the Whigs of Iowa, and that his retention in office, in the face of these open and emphatic expressions of public disgust, is well calculated to prepare the mind of every one to be surprised at nothing in the way of moral turpitude, which may mark the future character of Gen. Taylor's administration.

Keep It Before the People.
That General Taylor, by the official acts of his administration, repudiates these pledges, by means of which he secured his election.
That he pledged himself to be a no-party man, yet he confines his patronage to but one party.
That he pledged himself as having no

peculiar friends to reward, but that he rewards none but political friends.
That he pledged himself that he had no enemies to punish, yet he does nothing else but punish political opponents.
That he pledged himself to remove from office only those who were deficient in honesty, capacity and fidelity, yet that he has in many hundred cases removed men who could not be truly impeached for any such deficiency.
Keep these facts before the people.—
Trenton News.

"Was Mr. Brown a popular man when he lived in your town?" inquired a busy-body of his friend. "I should think he was," replied the gentleman, "as many persons endeavored to prevent his leaving; and several of them, including the sheriff, the deputy, and several constables, followed him for some distance."
