

CUBA.

More about the Cuban Revolution—Another Reported Battle—The Patriots Victorious—One Hundred Spaniards Killed.

CHARLESTON, Aug. 18.—The Savannah News has a letter from Jacksonville, Fla., giving intelligence from Cardenas to the 5th.

It was stated at Cardenas that the Government troops had several encounters with the Patriots—one of which was of some importance, being a hard fought fight. The Patriots proved victorious, completely routing the Spaniards, killing about one hundred of them. The Patriots captured fourteen pieces of artillery, and other munitions of war.

Accounts also confirm the rising of Villa Clara, Trinidad, Santiago de Cuba and Pinal del Rio. So that there only remains to the Spanish Government Havana and Matanzas, to the Western Department.

Although neither the captain nor passengers—one of them a Spaniard—were willing to communicate the political news of the Island, it is evident that the flame of revolution has spread all over the Island.

CHARLESTON, Aug. 18.—Private accounts from Cardenas state, on the most reliable authority, that the accounts of the uprising are perfectly correct, that the government cannot put it down less than a year.

Gen. Lopez was anxiously looked for. Everything is so arranged that he can make a safe landing.

Cholera at Louisville--The Crops--Great Storm in Kentucky.

LOUISVILLE, Aug. 15.—The cholera broke out here yesterday, in a very malignant form. Some twenty cases, up to this time, are reported, among them J. K. Grant and son, George Willis and Geo. McCurdy. The cause of the outbreak is supposed to be continued heavy showers and great heat. Three new cases have occurred today. The cholera has broken out in some of the interior towns of this State.

A severe storm occurred at Paducah, in this State, on Saturday last. A letter to the Courier, giving particulars, states that the gable ends of houses were blown in, trees uprooted, walls levelled, &c. The steamers Dover and Calcedonia were struck by the squall and sunk. The steamers Elk, Mustang, Globe, and Cherokee, were badly injured. The former present the appearance of total wrecks. The Cherokee had a large log driven through her hull. The steamers America and Huntsville lost their chimneys, and also had their cabins badly sprung. Six or eight other boats were more or less injured. Accounts continue to be received from below of other damage done by the storm.

The recent rains have benefitted the tobacco and corn crops in Kentucky and Tennessee.—The tobacco yield in Kentucky will be double that of last year.

Cholera Morbus.

READ THE FOLLOWING EXTRAORDINARY CASE. I hereby certify that about two weeks ago I was seized with a violent attack of Vomiting and Purging, (Cholera Morbus,) with very distressing pains in the stomach and bowels, which was completely removed by two teaspoonful doses of the Petroleum, taken in a little water. After having taken the first dose, I slept soundly and comfortably for three hours.

Symptoms of Disease

Should never be disregarded. They are unerring indications that the vital functions of nature have been interrupted in their healthful action, and that serious evils must inevitably follow, unless the system be again set right by the timely use of proper remedies.

Bear in mind, that nature is ever endeavoring to expel disease when it invades the animal economy, and only needs the assistance of some genial restorative—thorough, yet mild in its action—that will give tone to the system, and ACT UPON THE BLOOD—which is the principal of life.

GUYSOTT'S YELLOW DOCK AND SARSAPARILLA.

As a purifier of the blood, a renovator of the system, and a supporter and preserver of the powers of life, it has no equal. Take it, on the first indication that disease is upon you, and you will avert perhaps weeks and months of sickness and suffering.

DIED:

Of Typhoid Fever, on the 14th inst., at the house of Mr. McIntosh, at Plane No. 10, Blair County, Pa., DAVID CAMPBELL, aged about 22 years.

[COMMUNICATED.]

While living, Mr. CAMPBELL was active, energetic, industrious, careful, and attentive to business, by which excellent traits he had won the respect and esteem of all who were associated with him, and for whom he acted. In his nature and manner he was kind, generous, ardent, frank and sincere. Treacherousness was no part of his composition—for, while his large heart was open to all, his generous pulse ever received that cordial grasp which is the sure evidence of a reciprocal feeling of kindred hearts. Highly, and very respectably connected, loved and esteemed by all who knew him, he has left us while yet in the morning and spring time of life, regretted and mourned by all. The concourse of relatives and friends who met to pay the last tribute of respect to the deceased, was unprecedented, in the vicinity, of his interment. Though many an eye was moistened with sympathetic affliction with the bereaved connections, yet when God wills, none can interpose—death is inevitable—we must all submit—we can but grieve, it is the last manifestation of appreciated, departed worth.

DR. GUYSSOTT'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA,

put up in the largest sized bottles, contains more of the pure *Hobbesian* Sarsaparilla than any other preparation extant, which is chemically combined with the Extract of Yellow Dock, the Extract of Wild Cherry, and the Balsam of Fir, thus making the remedy more thoroughly efficient than any other Sarsaparilla before the public. At the same time it is perfectly free from all mineral poisons, which cannot be said of any other of the Sarsaparilla compounds. The invalid should beware of poisons! Mercury, Iron, Quinine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metallic poisons enter into and form the active basis of most of the Sarsaparillas and Panaceas of the day. Guyssott's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of these substances; as any one can ascertain by applying the necessary tests.

These poisons may occasionally remove diseases, but they so vitiate the blood and completely impregnate the whole system with their baneful effects, that the first cold, or the first attack of disease, prostrates the patient's strength, and subjects him or her to the most excruciating torture, and renders another cure almost impossible and hopeless. Let all poisonous Sarsaparilla preparations alone, and use Guyssott's Improved Extract of Yellow Dock and Sarsaparilla which is thoroughly efficacious, perfectly harmless and purely vegetable. All kinds of diseases yield to its genial influence.

Price \$1, per bottle or six bottles for \$5. To persons purchasing by the dozen, a liberal reduction will be made.
