## U. S 7-30 LOAN!

The Secretary of the Treasurer gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent, per annum-principal and interest both to be paid in lawful money.

These notes will be convertable at the ption of the holder at maturity, into six per cent., gold bearing bonds, payable not ess than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500 \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates

of Deposit as they can be prepared. As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any time will be allowed a commission of onequarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom it was made.-No deductions for commissions must be made

from the deposits.
SPECIAL ADVANTAGE OF THIS LOAN. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any Savings Bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating me-dium of the country, and it cannot pay in anything better, for its own asets are either in government securities or in notes or bonds

payable in government paper. It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent 5-20 GOLD BOND. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per ent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium and before the war the premium on the six per cent. U. S. Stocks was over twenty per cent. It will be seen that the market rate, is not less than ten per cent.

per annum. ITS EXEMPTION FROM STATE OR MUNICIPAL TAXATION.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemp-

various part of the country. It is believed that no securities offer so great inducements to the lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment. while the whole property of the country is held to secure the discharge of all the obli-

gations of the United States. While the government offers the most iberal terms for its loans, it believes that the very strongest appeal will be to the loy-

alty and patriotism of the people. Duplicate certificates will be issued for all eposits. The party depositing must endorse ipon the original certificate the denominaion of notes required, and whether they are o be issued in blank, or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded o the Treasury Department.

Subscriptions will be received by the Freasurer of the United States, at Wash gaton, the several assistant Treasurers and designated Depositaries, and by the

FIRST NATIONAL BANK OF ALTOONA and by all National Banks which are depositaries of public money, and

RESPECTABLE BANKS AND BANKERS throughout the country will give further ins formation, and AFFORD EVERY FACILITY TO SUBSCRIBERS.
