HOUSE PASSES NAVAL BILL

Second of the Big Preparedness Measures to Have Favorable Action

APPROPRIATIONS OF \$269,000,000

Five Battle Cruisers and 130 Aeroplanes Included in Program—Motion Which Would Add Two Battleships Lost by Six Votes.

WASHINGTON, June 3.—The second of the big preparedness measures, a naval appropriation bill larger by many millions than any ever before considered in congress, passed the house late yesterday almost unanimously. It carries a building program for the next year of five battle cruisers, four scout cruisers, 10 destroyers, 50 submarines and 130 aeroplanes; provides for a government armor-plate plant; authorizes an increase of nearly 17,000 enlisted men, and appropriates a total of \$269,000,000.

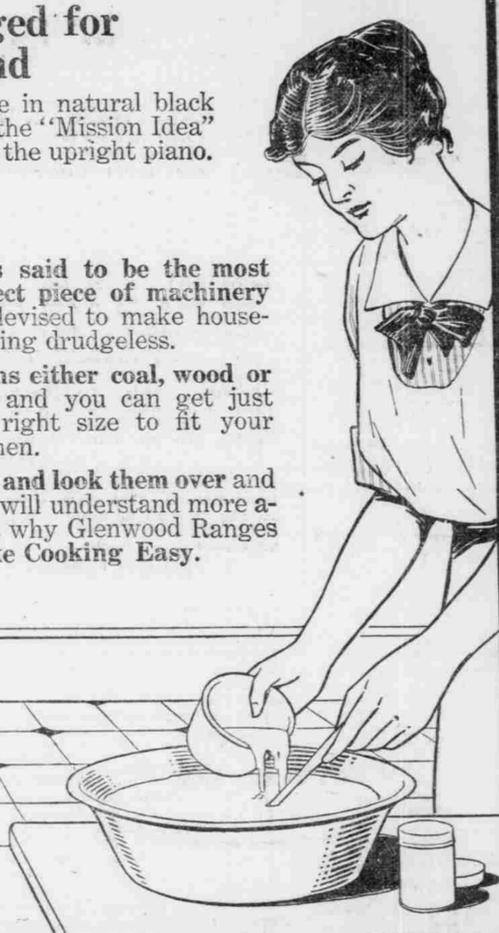

As passed, the bill is in substantially the same form as framed by the naval committee. Only a few amendments were adopted during a week of debate. A final effort by Republican leaders to have the measure recommitted with instructions to add two battleships, two scout cruisers and 10 destroyers, was beaten, 189 to 183. The fight for an increase in the building program, at least by the addition of two battleships, will be renewed in the senate when the measure is taken up there late this month and administration leaders believe it will be successful.

Only four representatives voted against passage of the bill to 358 favoring it, and as the roll-call progressed the overwhelming majority of "ayes" stirred the Democrats to repeated cheering. The four negative votes were cast by Representatives Browning of New Jersey and Graham of Pennsylvania, Republicans; Randall of California, Prohibitionist, and London of New York, Socialist.

With the passage of the bill the house completed the major portion of its share in the preparedness program. Of the three bills carrying the important provisions of the program—the national battle cruiser substituted as a compromise to meet the demands of the so-called little navy men.

Glenwood

All you have ever longed for in a range is found in the Plain Cabinet Glenwood. It's made in natural black iron finish—so smooth and easy to clean—the "Mission Idea" applied to a range. A room saver too like the upright piano.

It is said to be the most perfect piece of machinery yet devised to make house-keeping drudgeless. Burns either coal, wood or gas and you can get just the right size to fit your kitchen. Call and look them over and you will understand more about why Glenwood Ranges Make Cooking Easy.

Emerson & Son, Brattleboro

GOLD BRICK GAME WORKED FOR \$1900

Jeweler from Troy, N. Y., Fleeced in Pittsfield, Mass.—Brass Is Substituted.
PITTSFIELD, Mass., June 2.—Aaron Paul, a jeweler of Third avenue, Troy, N. Y., was fleeced out of \$1,900 at the Kenney hotel here by two men giving the names of A. Simon and A. Simms. It was a gold-brick game, Mr. Paul learned later. The bar weighed about 20 pounds and was valued at \$2,400, and another was substituted for it.

Negotiations for the sale of the gold were begun by a man giving the name of A. Zanodnick of Albany. A close friend of Paul's in Troy introduced the Albany man to Paul. The men originally declared their intention of going to Troy to see Paul, but later one of them claimed to be ill and it was arranged for Paul to come to Pittsfield. He found one of the men in bed with medicine bottles near him and examined a bar of gold that he found genuine. He paid \$1,900 down for it and gave a commission of \$50 to Zanodnick.

Yesterday, when Mr. Paul again examined his purchase, he found it was a brass bar, which had evidently been substituted for the gold bar when his attention was distracted for a moment. Paul appealed to Chief Sullivan of the police department for assistance, but the three men fled.

WESTERN AQUEDUCT ASSOCIATION

with \$3000 for a manufacturing business. Good opportunity for a young American. Address "One Hundred Weekly," care Reformer Office.

GIGANTIC AUTO MERGER RUMORED

Several Concerns to Be United With a Capitalization in Excess of \$200,000,000.
NEW YORK, June 3.—Activity in automobile shares on the stock exchange and the curb yesterday was attended by circumstantial rumors of a gigantic merger of those interests with a capitalization in excess of \$200,000,000.

The companies mentioned in the reported consolidation include the Willys-Overland, Chalmers Motor, Hudson Motor and United Motors, together with several concerns engaged in the manufacture of automobile supplies such as the Pisk Rubber company and the Auto Light company.

John N. Willys, president of the Willys-Overland company, and William C. Durant, head of the Chevrolet Motor company, who recently gained control of the General Motors company, are mentioned as the leading spirits in the proposed combination.

New high records were made by some of the motor stocks and issues of affiliated companies on the exchange and in the open market yesterday. Chief among these was the movement in Willys-Overland, that stock rising 10 points to 294 on very large transactions.

WANTED

At once the name of every physically fit man in Windham county, between the ages of 18 and 45, who is willing to enlist in case of necessity. All names will be kept on file for future call. Company I needs several men for immediate enlistment to recruit the company to full peacetime strength.

E. W. GIBSON,
CAPT. 1st INF. V. N. G.,
