BERKLEY.

AFFAIRS IN HAVANA.

(Continued from First Page.)

Another new enterprise has been secured for our town. It is a large ship railway, and will be built on the west side and adjoining Mr. George H. Frey, between the ferries. Mr. W. E. Thomas, of Portsmouth, who has been operating a railway in South Portsmouth for several years, is the promoter of this enterprise. Mr. Thomas operated the railway in Portsmouth until the owner of that property wished to utilize it for other purposes, when he purchased the property now to be improved. Plans and specifications have been drawn, and workmen will begin the erection of the plant next week.

The W. C. T. U. met yesterday afternoon at the residence of Mrs. Duncan, on Liberty street. There was a good attendance. Only routine business was transacted.

Mark Sawyer, colored, for stealing rafting gear from the Tunis Lumber Company, was sent on to the grand jury by the Mayor yesterday.

The Southern Bell Telephone and Telegraph Company was engaged planting telephone poles in the town yesterday. Complaints were lodged against the company because it occupied so much of the sidewalk. The poles are 22 inches in diameter and take up about 3 feet of the pavement.

Raynor, the little son of Mr. and Mrs. T. C. Humphries, after having suffered severely from the effects of an iron pin slipping down his throat several weeks ago, was taken to Dr. Wilson Driver, in Norfolk yesterday afternoon to have the pin located by the X-ray.

Dr. Boykin, of Baltimore, Md., was in town yesterday on a business trip.

Rev. M. W. Butler is visiting his family at Ivor, Va.

The entertainment last night at the residence of Mrs. George W. Wallace, corner of Chestnut street and Berkley avenue, for the benefit of Armstrong Memorial Presbyterian Church, and under the direction of Miss Florence Durham was a grand success.

Mr. W. H. Bragg, druggist for Drs. Truitt & Smith, on Liberty street, has passed an examination before the State Board of Pharmacy in Richmond.

Bishop A. M. Randolph will confirm a class at St. Paul's P. E. Church tonight.

HON. PATRICK WALSH.

A MONUMENT TO BE ERECTED TO HIS MEMORY.

(By Telegraph to Virginian-Pilot.)

Augusta, Ga., March 23.—Augusta will erect a monument to her late Mayor, Hon. Patrick Walsh.

The idea is to erect a bronze statue of heroic size in some one of Augusta's many beautiful squares. Not only will Augusta do her part, but the entire South will be invited to assist in commemorating the name of the man, who, standing with Henry W. Grady, was foremost in the fight for the recognition of the South's possibilities and the furtherance of Southern development.

The idea of erecting a monument was first advanced on Tuesday, and since then Mr. C. Devesa Cohen, acting treasurer of the fund, has received a very large number of subscriptions, which were unsolicited.

People from all parts of Georgia and from South Carolina have sent subscriptions in amounts from one to ten dollars, and it is understood that there are several much larger amounts.

The monument will cost not less than \$10,000.

The Olivette Hold Up.

(By Telegraph to Virginian-Pilot.)

Washington, D. C., March 23.—There has been considerable correspondence between the War and Treasury Departments over the hold-up of the Olivette at Tampa, with 140 men of the Second South Carolina Volunteers. When she arrived at Tampa the officers said they did not want to stop her to have the baggage of the troops furnished. Surgeon General Wyman said the Treasury Department officials should take place. Acting Secretary Meiklejohn sustained the action of the Treasury Department, but gave the soldiers permission to come ashore. The officers of the Olivette wanted to take her to Savannah or Charleston, but the mayors of these cities said that the Olivette would not be permitted to enter either of these ports until the regulations were complied with.

Paying Freedman's Bank Dividends.

(By Telegraph to Virginian-Pilot.)

Washington, D. C., March 23.—During the past two or three weeks Comptroller Davies has been engaged in paying the barred dividends revived by the act of March 3, 1899, to depositors in the Freedman's Savings and Trust Company.

Thus far about 127 claims have been paid, varying in amounts from 25 cents to \$75, and aggregating about \$4,700. The average payment being about \$37. This average, it is assumed, will be considerably lessened as the claims for smaller amounts are presented.

The principal obstacle in the way of a speedy settlement of the smaller claims, Mr. Davies says, is the loss of pass books and the death of depositors, making it difficult to determine who is entitled to receive the payments.

Famous American Horse Dead.

(By Telegraph to Virginian-Pilot.)

Lexington, Ky., March 23.—The famous American thoroughbred stallion Hanover, 14 years old, by Hindoo, dam Bourbon Belle, was put to death today by chloroform. Glanders of the left forefoot, the result of killing of the nerves in it while racing, rendered the destruction of the horse necessary. Milton Young declined offers of \$55,000 and \$75,000 for him. Hanover was the sire of Hamburg, Halma, Ben Hollida and The Commoner.

Digby Bell a Bankrupt.

(By Telegraph to Virginian-Pilot.)

Chicago, March 23.—Digby Bell, the actor, filed a petition in bankruptcy today in which he asks to be relieved of liabilities aggregating \$27,000. He states that he has no assets except an interest in a judgment for \$228, given recently in New York. The filing of the petition is said to have been induced by the results of an unsuccessful season, which closed in Chicago Sunday night, when the actor's latest play, "Joe Hurst, Gentleman," was taken off the boards and the company disbanded.

Cattle Afflicted With Anthrax.

(By Telegraph to Virginian-Pilot.)

Towanda, Pa., March 23.—Dr. R. G. Rice, the representative in Bradford county of the State Live Stock Sanitary Board, today completed an examination in the case of five cows belonging to a farmer at Monroeton, and he pronounced the disease to be the much dreaded anthrax. Five animals died since March 13th, each living but a short time after becoming sick.

Montesuma University Burned.

(By Telegraph to Virginian-Pilot.)

Birmingham, Ala., March 23.—Montesuma University, at Bessemer, Ala., was totally destroyed by fire this morning. The fire originated from a defective flue and forty pupils got out of the building without injury. The building cost \$30,000. There was \$5,000 insurance.

A MURDERER'S STATEMENT.

WHY HE KILLED AND CREMATED HIS CHILDREN.

(By Telegraph to Virginian-Pilot.)

McPherson, Kan., March 23.—John Moore, the Hutchinson murderer, today made a signed statement of his crime. Moore murdered his five children with a hatchet and knife, then burned the house over their heads. He and his wife had quarreled and he claimed they were about to separate.

In the statement Moore says: "I had been feeling pretty bad for the past two or three days. The children were all in bed asleep. I turned the lamp down and went to bed. I then had one of my worst spells and my head hurt me awfully, and everything seemed floating before me, and the next thing that I remember after that was in trying to get out of the house. I have a recollection of going through a struggle like a dream that I half remember. All the recollection I have about this is that I would rather see my children dead than to leave them in the hands of my wife's people. It was like a dream to me that I did something to the children, but I do not recollect using the knife or hatchet. I loved my children and I lived for them."

WINDSOR FIRE RECORD.

THIRTY-FOUR PEOPLE STILL UN-ACCOUNTED FOR.

(By Telegraph to Virginian-Pilot.)

New York, March 23.—Nineteen dead and thirty-four missing is the record so far of the Windsor hotel fire on Friday last. One body was found today. This brings the list of unknown dead to thirty. The fragments were dug up about twenty feet west of the annex on the Forty-seventh street side, in a part of the ruins where no other bodies or bones have been found. The remains consist simply of a portion of a spinal column with some of the ribs attached, a piece of the skull and some small bones and charred flesh. The remains were taken to the morgue and numbered "Body No. 2." Identification in this case, as in the large majority of the other bodies at the morgue will be impossible. It is not likely that any of the bodies yet to be found will be recognized.

At 7 o'clock to-night a charred human foot was found near the elevator shaft. It was sent to the morgue unmarked.

Shortly before 11 o'clock to-night workmen found on the Forty-sixth street side of the ruin, one small bone, which appeared to be bones of a human forearm.

THE FAMINE IN RUSSIA.

HUNGER PRODUCES EPIDEMIC OF TERRIBLE MORTALITY.

(By Telegraph to Virginian-Pilot.)

St. Petersburg, March 23.—The newspapers of this city publish pitiable accounts of the condition of the so-called famine districts of Russia, especially Samara, in the eastern part of European Russia. The efforts of the Red Cross Society have staved off the horrors of actual starvation, but the society's funds are almost exhausted, and the dire distress, compelling the consumption of all kinds of garbage, has produced an epidemic of terrible mortality, with typhus, scurvy and other pestilential diseases. The peasants are compelled to sell everything and are living in cold, damp and filthy cabins. Weakened by hunger, they fall ready victims of typhus and acute scurvy. Unless the government gives prompt aid the Volga provinces appear doomed to a repetition of the horrors of 1891 and 1892.

Pope Leo's Condition.

(By Telegraph to Virginian-Pilot.)

Rome, March 23.—According to the Rome correspondent of the Daily Chronicle Doctor Lippini, the Pope's physician, has been ill for two days. He is suffering from an attack of bronchitis, and will not resume his attendance upon the Pope until he has fully recovered.

The correspondent further says that the Pope ignores his doctors' prescriptions and follows his usual occupations, though he is so feeble that it is doubtful if he will be able to hold the next consistory. The question of a conclave is the subject of much secret negotiation.

Photographers Elect Officers.

(Continued from First Page.)

Lynchburg, Va., March 23.—At the meeting to-day of the State Photographers Association the following officers were elected: O. W. Cole, of Durham, N. C., president; William Freeman, of Norfolk, first vice-president; M. L. Clark, of Richmond, second vice-president; C. D. Wharton, of Raleigh, N. C., third vice-president; H. V. Lineback, of Richmond, secretary; R. W. Holsinger, of Charlottesville, treasurer; H. D. Murray, of Staunton, and W. J. VanNess, of Charlotte, N. C., trustees. Richmond was selected as the place of the next meeting.

Don Carlos Again Heard From.

(By Telegraph to Virginian-Pilot.)

Madrid, March 23.—The Madrid correspondent of the Standard says that Don Carlos, the pretender, has perplexed his adherents by a dispatch in which he allows them to go to the polls at the forthcoming parliamentary elections, if they so desire. He explains that he does not wish the Carlists to be represented officially in the Cortes. The general opinion in the political world, says the correspondent, is that the disavowal of the Carlists ranks and the irrefutation of the pretender really deprive the party of all importance.

Tennessee Silver Sentiment Wins.

(By Telegraph to Virginian-Pilot.)

Nashville, Tenn., March 23.—The House of Representatives to-day passed the Senate bill making all contracts entered into in Tennessee hereafter payable in any legal tender. The bill now goes to the Governor and he will certainly sign it. The bill is the outgrowth of the silver sentiment in Tennessee.

UNIFORM RAILWAY RATES.

TRANSPORTATION MEN CONFER WITH INTERSTATE COMMERCE COMMISSION.

(By Telegraph to Virginian-Pilot.)

Washington, D. C., March 23.—The presidents, general managers and other representatives of about twenty-five railroad companies, comprising about the entire trunk line service between Chicago and Lake Michigan and the Ohio and Mississippi rivers and beyond, were in executive conference throughout today with the Interstate Commerce Commission. The result was a verbal agreement to maintain uniform tariffs, thorough co-operation and the appointment of a committee to confer with the commission to-morrow, looking to the more definite and specific action for securing general stability in freight rates. This committee consists of Paul Morton, vice-president Atchison, Topeka and Santa Fe; H. G. Burt, president Union Pacific; A. C. Bird, general manager Chicago, Minneapolis and St. Paul; B. F. Teekum, vice-president St. Louis and San Francisco; C. G. Warren, vice-president Missouri Pacific, and Edward S. Washburn, president Kansas City, Fort Scott and Memphis.

The committee will meet with the commission to-morrow morning at 10 o'clock. The general conference closed after being in session from 11 this morning till 4 to-night, and most of the magnates have returned home.

Furniture Trust Organized.

(By Telegraph to Virginian-Pilot.)

Wabash, Ind., March 23.—The organization of the American School Furniture Company, capital stock \$1,500,000, has been completed and to-day it absorbed over twelve large manufacturing plants scattered throughout the Union. The scheme originated with James Lynn, manager of the Wabash factory, and has been a year maturing.

(By Telegraph to Virginian-Pilot.)

Nashville, Tenn., March 23.—The little town of Liberty, in DeKalb county, has been almost wiped off the map by a cyclone, which swept over it last night. Trees were uprooted and houses destroyed in all directions. The Christian Church, a handsome brick structure, was blown to pieces. No fatalities are reported.

AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About It. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me. I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully.

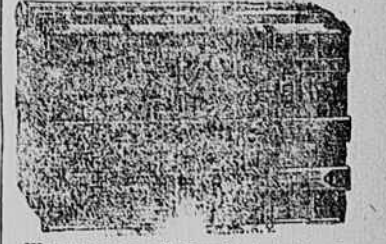

For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician. He said nothing could be done for me but to go under an operation.

In speaking with a friend of mine about it, she recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—MRS. ROSA GAUM, 720 Wall St., Los Angeles, Cal.

The great and unvarying success of Lydia E. Pinkham's Vegetable Compound in relieving every derangement of the female organs, demonstrates it to be the modern safeguard of woman's happiness and bodily strength. More than a million women have been benefited by it.

Every woman who needs advice about her health is invited to write to Mrs. Pinkham, at Lynn, Mass.
