THE RALEIGH'S CRUISE

Expects to Reach New York Next Week.

Welcomed Enthusiastically Everywhere on Her Homeward Trip—Crew Entertained by British Sailors 32,000 Knots in Two Years.

(Copyright 1899, by Associated Press.) Fayal, Azore Islands, March 30.—The United States cruiser Raleigh, Captain Joseph B. Coghlan, from Manila on December 15, is coaling here, will coal at Bermuda on April 8 and expects to reach New York on April 15.

The Raleigh has been having stormy weather on the Atlantic, but has been behaving splendidly and proves to be a good sea boat. All are well on board. This is the first of Admiral Dewey's squadron of warships to be bound for home. She has on board a number of men who belonged to the crew of the flagship Olympia.

A FINE RECORD. Many changes in the personnel of the Raleigh have been necessitated since the battle of Manila. She participated in all the movements about the Philippine islands, in the battle of Manila bay, the capture of the Corregidor forts, the capture of the gunboat Callao, the bombardment and capture of Subig and the bombardment of Malate fort, forcing the surrender of Manila.

ENTHUSIASTIC WELCOMES. After leaving Manila on December 15 the Raleigh stopped at Singapore, Colombo, Bombay, Aden, Port Said, Alexandria, Malta, Algiers and Gibraltar. In all the British colonies the officials of the British army and navy, and the civilian population gave the American warship an enthusiastic welcome, showing her officers and crew every form of courtesy. Dinners with American decorations and American national music were given to Captain Coghlan and his officers everywhere. In marked difference to the reception of the Raleigh on her outward passage two years ago.

Governors, Generals and Admirals and other high officials all wished to visit and inspect the ship.

VISITED BY SPANIARDS. The Raleigh still has her war paint on. At Singapore she met a Spanish transport having on board troops and sailors from Manila. Although flying a warship's pennant, the Spanish ship lowered her colors and permission was granted to the Spaniards to visit the Raleigh, where they fraternized with the American sailors, who gave them much needed food and clothing. Many of the Spaniards showed the American wounds inflicted upon them by the shells of the American fleet.

The quarantine from Bombay was waived at Aden. ENTERTAINED BY BRITISH. At the island of Malta, in the Mediterranean, the Raleigh met the British

Mediterranean fleet, consisting of ten battleships and a number of cruisers. The British sailors extended a most cordial welcome to the Americans, and the sailors of the fleet and the soldiers of the garrison entertained the crew of the Raleigh ashore, the best feeling prevailing.

During her stay at Malta the Raleigh was crowded with British red coats and blue jackets. The American officers were entertained at Cairo by United States Consul Harrison and all the prominent British and Egyptian officials were present. The French, at Algiers, showed a marked difference. There was no reception except from the British and American residents, although the French officials were polite.

The Raleigh, in two years, has cruised 36,000 knots.

SITUATION OF SAMOA.

for action. The fact that the edicts of the Chief Justice were disregarded and were ignored, although sustained by the representatives of two of the governments, made such a course imperative. There is no doubt, with the facts now at hand, that Admiral Kautz will be sustained by the United States government.

THE ADMIRAL'S DISPATCH.

The dispatch from Admiral Kautz referred to above is as follows:

"Auckland, March 29.

"Secretary of the Navy, Washington: "The situation is improving since telegram of 18th via Sidney, New South Wales.

(Signed) "KAUTZ." As will be observed, it contains no details concerning the reported trouble at Apia. Even the date on which it was dispatched from Apia is not given, but it is presumed that it left Samoa on the 23rd, the date upon which the steamer which conveyed the press dispatches from Apia to Auckland sailed.

WITHHELD FROM THE PUBLIC.

The dispatch of the 18th, to which Admiral Kautz refers, was not given out at the time of its receipt here, and even now Secretary Allen declines to make it public. It is known, however, that it reported the Admiral's arrival, and gave a brief resume of the then existing situation, which must have appeared somewhat grave at that time, as the Admiral reports that it had improved during the interim.

PRESIDENT SOLE ARRIVES.

New York, March 30.—Dr. Self, president of the municipality of Apia, Samoa, arrived here to-day on board the Trave.

ing for the principles that one people may control and govern another in spite of its resistance and against its will.

"Ninth, that the language and argument of those who object to this war are, without change, the language and argument of Chatham, of Fox, of Burke, of Barre, of Camden and of the English and American Whigs, and the language and argument of those who support it are the language and argument of George III, of Lord North, of Mansfield, of Wedderburn, of Johnson, and of the English and American Tories.

"Tenth, no orator or newspaper, or preacher, being a supporter of this policy of subjugation, dare repeat in speech or in print any of the great utterances for freedom of Washington, of Jefferson, of John Adams, of Abraham Lincoln, or of Charles Sumner."

IT WAS NOT FOOD.

MAJOR WEBB'S CHARACTERIZATION OF ARMY BEEF.

(By Telegraph to Virginian-Pilot.)

Washington, March 30.—There were two original witnesses before the Army Beef Inquiry Court to-day, and two former witnesses were recalled. Lieutenant Gampfer, who was commissary of subsistence at Lakeland, Fla., and Major Creighton Webb, who was on General Lawton's staff in Cuba testified for the first time; Colonel Woodruff, of the Commissary Department, and Mr. Morehouse, the Tampa agent for Armour & Co., who superintended the supply of fresh beef to the troops at Lakeland, were then recalled.

Major Webb's testimony dealt almost entirely with the canned roast beef, which he denounced as useless as an article of food.

"It was not food," he said. "It was non-nutritive, stringy, fibrous and had no taste. It looked like the far ends of beef steak. It was not satisfying; something we did not want and could not give away even to the Cuban troops, who preferred hard bread."

Major Webb said that he had tried to eat the beef occasionally when very hungry, but never received any satisfaction from it except when vegetables were procurable, when it was used as hash to some advantage.

SPOTS ON IT.

Lieutenant Gampfer said that on one occasion, when the agent for Armour and Company was present his attention was called to the spots, and he replied that the beef was all right, "seeing," said Mr. Gampfer, "the spots are due to the chemicals we put on the meat to preserve it and prevent its spoiling within the sixty hours called for by the contract. This agent said that it was impossible to keep the beef in good condition for that length of time. He stated, however, that thereafter he would have the beef put in tin boxes. This he did, but the meat continued to come with the spots on it."

Mr. Gampfer thought this agent was Mr. Moorehouse. This Mr. Moorehouse,

when recalled, denied. Lieutenant Gampfer also stated that a large quantity of the beef was condemned.

Colonel Woodruff's testimony was not important.

To-morrow some of the medical officers who served in the Cuban campaign will be examined.

A Bride Shocking Death.

(By Telegraph to Virginian-Pilot.) Macon, Ga., March 30.—A special to the Telegraph from Naylor, in Lowndes county, says:

Mrs. J. A. Turner, a bride of a few months, was found lying on the floor with her head in the fire when her husband went home to dinner to-day. She had been slightly indisposed and it is thought she fainted and fell. Her head was almost entirely consumed by the fire.

Had Given Up

All Hope of

Ever Being Cured!

After trying a number of remedies without the least sign of any improvement I gave up all hope of ever being cured. A friend advised me to consult DR. FIREY before beginning. DR. FIREY'S treatment I WAS ALWAYS TROUBLED WITH SEVERE COLDS IN THE HEAD AT THE LEAST CHANGE OF THE WEATHER, and my left nostril was almost closed up so that I could not breathe through it and was compelled to breathe through my mouth. My breath was very bad and my appetite and my sleep very irregular. I WAS CONSTANTLY HAWKING AND SPITTING UP A HARD MUCUS WHICH WOULD ALMOST CHOKE ME TO GET IT UP. After a few months' treatment by DR. FIREY I feel like another man. THE COLDS HAVE ENTIRELY LEFT ME and I CAN BREATHE AS FREELY AS ANYONE. SLEEP SOUNDLY. HAVE A GOOD APPETITE, AND MY THROAT CLEAR OF ALL MUCUS. I certainly appreciate highly the good work Dr. Firey has done for me.
