ALL AMERICAN BALL CLUB.

It Reorganizes With a Very Strong Team—One Well Known Here.

The All America Baseball Club has been reorganized and are getting in shape for the present season. The team is composed of the following material and is considered certainly as strong as any team that has ever represented this city from the ranks of amateurs: Judkins and Trotman, catchers; John Hume, Sam Watts and John Kauffman, pitchers; Ed. Watts and Ed. Parrish, first basemen; A. Randolph, second base; Jimmie Hume, third base; W. P. Flournoy, shortstop; V. Proctor, W. L. Langhorne, J. Lewis, A. Etheridge, Charlie Hume, Ed. Parrish and L. Bilsely, outfielders.

This is certainly a strong combination and the public are promised some very interesting games during the season. An effort was made to have a game with some strong amateur team this afternoon, but it was found impossible, and a game has been arranged between the All Americans and a picked team from the clerks of the Seaboard Air Line to be played this afternoon at 3:30 o'clock at Columbia Park. This will be quite an interesting contest and there will, no doubt, be a large crowd present to witness it.

ELECTION OF OFFICERS.

At a meeting of the Epworth League of Monumental Church, held last night, the following officers were elected for the ensuing term of six months: President, Norman Pedrick; First Vice-President, Wm. West; Second Vice-President, Miss Julia Harrison; Third Vice-President, Miss Fanny White; Secretary, W. N. Bowden; Treasurer, Weymouth Evans; Pianist, Miss Lella Scott; Assistant Pianist, Miss Lucille Neville; Chorister, John Deans.

The Junior League reported having raised \$30 upon a talent of \$2.50, which was distributed among them some months ago. The money will be appropriated towards paying a debt of \$75 on the Sunday school building.

The Seamless Rubber Co., It is announced, will build a factory at New Haven, Conn., which will cost about \$10,000. Contracts have been let.

It is reported that Charles A. Stiekney has prepared plans for the erection of a factory for manufacturing gasoline engines at St. Paul, Minn.

SEQUEL TO A DIVORCE.

A WOMAN MEETS HER HUSBAND AND REMARRIES HIM.

(By Telegraph to Virginian-Pilot.)

Highmore, S. D., June 9.—The return to this town of a man and woman who were divorced five years ago, but who are again husband and wife adds the last chapter to a romantic story of love and war.

Five years ago Henry Ballantine and wife, of this place, agreed to separate. They had been married not quite twelve months. Ballantine was a prosperous grain buyer, and owned several good farms near Highmore. These he decided to sell.

The few hundred dollars he was able to scrape together in cash he put in his own pocket and left to begin life afresh in a new location. As soon as he had gone his wife sued for a divorce. There was no defence and a decree was granted. The land given her by her husband she sold to advantage and by shrewd reinvestments accumulated within the next year a comfortable fortune.

W. mNu Nrfourel ton...ot : enrhilum The past winter she spent in southern California. On her way home a month ago she stopped temporarily in San Francisco.

On the street there one day she met an emaciated figure in army blue, hobbling about with the aid of a heavy cane, in vain search for employment.

It was Ballantine discharged from the United States volunteer service and an invalid from the Philippines after a fever.

HER LOVE REVIVED.

Ballantine was about to pass his former wife without speaking to her, but when she saw his wasted form and miserable condition felt all her old love for him revive.

She hurried him into a carriage and to her hotel, where comfortable quarters, good food and the services of competent physicians soon produced a marked improvement in his health.

Last week the two were remarried and have just returned to Highmore together.

QUEEN'S DRAWING ROOM.

PRINCESS OF WALES RECEIVES FOR HER MAJESTY.

(By Telegraph to Virginian-Pilot.)

London, June 9.—The Princess of Wales, in behalf of her Majesty, held a drawing-room at Buckingham Palace to-day.

Among those present were the Duke and Duchess of York, the Grand Duke Michael of Russia, and other royalties. The function was especially interesting from the fact that it marked the first appearance of the Princess of Wales this year at a state ceremony. The weather was fine and crowds of people watched the arrivals.

Mrs. Choate, wife of the United States Ambassador, presented Miss Sumner, Mrs. Francis C. Barlow and the Misses Gertrude Minton, Taylor, Apperson and Blight, all of New York.

President Thompson's successor.

(By Telegraph to Virginian-Pilot.)

Philadelphia, June 9.—The Board of Directors of the Pennsylvania Railroad Company, at a special meeting to-day, elected Mr. A. J. Cassatt, a director of the company, president to succeed the late President Frank Thomson.

Messrs. Baugher, Kurtz & Co., of York, Pa., are about to let contracts for the proposed addition to their plant, which will be 125 feet square.

WEEKLY TRADE REVIEW.

BRADSTREET SEND OUT A ROSE HUED REPORT.

(By Telegraph to Virginian-Pilot.)

New York, June 9.—Bradstreet's of to-morrow, June 10, will say: Exceptional firmness in prices at the highest level as regards general staple values yet reached, a seasonably small rate of business mortality, undiminished industrial activity, perhaps most manifest in all branches of trade in which iron, steel and other metals entered, and large bank clearings, reflecting to some extent the improved tone of stocks, but likewise large payments on previous profitable business are among the features not necessarily new, but still noteworthy, reflected in trade advices. Enlarged shipments of broadstuffs a result of recent buying, induced by crop damage reports at home and abroad, have, it is true, not been sufficient to offset liquidation on partially explained by continued good advices from the spring wheat crop, confirmed by liberal receipts at primary points. Iron and steel display their old and some new strength in the urgent demand for the balance of the year, and the usual summer shut down seems likely to be honored more in the breach than in the observance of this trade.

The outlook in the trade as regards next season's labor scale is still unsettled. The usual early Spring predictions of an immense reduction in cotton acreage have failed of realization, and current estimates favor a falling off of 3 to 5 per cent. in the cotton belt as a whole. This, added to good trade at home and abroad, and advices that the crop has not as yet made up all the time lost by a backward season, has strengthened values of the raw material slightly. Small supplies of old cotton and reports of too much rain in some sections have helped this cereal, and are likewise reflected in hog products, but prospects favor a very large acreage of this cereal. Active demand for refined sugar has apparently induced some relaxation in war among refiners, and raw sugars share in the advance this week. Wool is firm and even higher in some grades at leading markets, with a fair business doing. Lumber retains all its strength, reflecting continued activity in construction lines. In transportation lines, too, business is exceptionally good so far, at least, as grass receipts are concerned. Business failures for the week number 178, as against 123 last week, but compare with 221 in this week a year ago, 257 in 1897, 234 three years ago, and 232 in 1895.

Business failures in the Dominion of Canada for the week number 19, against 15 last week, 26 in this week a year ago, 33 in 1897 and 1896, and 21 in 1895.

Wheat, including flour, shipments for the week aggregate 3,158,047 bushels, against 3,596,665 bushels last week, 4,700,382 bushels in the corresponding week 1898; 1,803,222 bushels in 1897; 2,223,635 bushels in 1896, and 1,731,737 bushels in 1895.

Since July this season the exports of wheat aggregate 215,223,455 bushels, against 229,576,946 bushels last year.

Since July 1st this season corn exports aggregate 160,149,425 bushels, against 186,697,320 bushels during the same period a year ago.

Cuban Forgeries.

(By Telegraph to Virginian-Pilot.)

Havana, June 9.—More attempts are being made to forge certificates of service in the Cuban army, and another man was arrested yesterday on the charge.

At Matanzas, 165 men were examined yesterday, but only 125 of them were found to have their names on the rolls. It will probably be necessary for the taxmasters to stay there for several additional days. The cab strike here continues, though a few vehicles, with new drivers, are at work.

Bicycle Racing.

(By Telegraph to Virginian-Pilot.)

Chicago, June 9.—By a vote of 23 to 1, the associated cycling clubs of Cook county, in which are represented fifty cycling organizations of Chicago, decided to run all its races under sanction of the League of American Wheelmen, the National Cycling Association getting the one vote. This is regarded as a decisive victory by the L. A. W. men, as it practically decides the control of racing in Chicago.

BERKLEY.

Miss Lulu Bell, of Snowden, N. C., is the guest of the Misses Old, on North street.

Miss Nellie Old, who has been visiting friends at Centerville, returned home yesterday.

Miss Susie Q. Hundley, a very popular teacher of Ryland Institute, left for her home, in Covington, Va., yesterday.

A Children's Day service will be held at the Main Street Christian Church Sunday morning at 11 o'clock.

John, the little son of Mr. and Mrs. Thomas Brennan, fell from the porch at their residence, on Main street, yesterday afternoon and broke his right leg just above the knee and fractured his right hip. Drs. Ashburn and Truitt reduced the fracture.

Quite an electrical storm passed over the town last night, between 9 and 10 o'clock, which caused considerable excitement in various places where electricity was being used. In many places the lights were extinguished. The 'phones were kept ringing contin-

The song recital last evening at Main Street Christian Church, under the direction of Prof. Eugene F. Marks, organist of Freemason Street Baptist Church, Norfolk, was fairly well attended, in spite of the threatening storm. The program was rendered in a most pleasing manner and would have been highly enjoyed but for the storm.

The pastor of Main Street Christian Church, Rev. M. W. Butler, will take for his Sunday evening subject, "Of What Does Life Consist?"

South Norfolk Baptist Church, Rev. S. S. Robinson, pastor—Preaching at 11 a. m. and 8 p. m. Revival services will begin Sunday morning. Rev. E. E. Dudley, of Norfolk, will preach Monday evening at 8 p. m.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method (known to the CALIFORNIA FIG SYRUP CO., only). In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.
