AN INTERESTING PAPER.

THE OFFICIAL ORGAN OF THE MORMON CHURCH—A SPECIAL EDITION.

Secretary Dawes, of the Board of Trade and Business Men's Association, yesterday received several copies of a special edition of "The Deseret Evening News," of Salt Lake City, Utah, the official organ of the Mormon Church.

Aside from this fact and its summary of the tenets of the church of the Latter-Day Saints, it possesses interest because of the excellent manner in which the attractions and advantages of the Salt Lake section are set forth. It is typographically and editorially excellent, and its advertising columns show very liberal support on the part of the business men of that prosperous and fertile section.

Minister Will Discuss Saloons.

Rev. E. B. Hatcher, of the First Baptist Church, will deal with the Norfolk saloons in his sermon next Sunday evening. In the list of subjects for sermons on social evils, published a few days since, it was announced that Mr. Hatcher's subject for Sunday evening would be: "The Saloon the Vestibule of Perdition." It was intended by him at first that this discourse should deal with the saloon as an evil factor in a general way, but he announced to the congregation at the Wednesday night prayer meeting that his investigation of the saloons of Norfolk has revealed evasions and infractions of the liquor laws, and he has determined to change the line of his sermon so as to deal directly with these phases of the subject.

The scope of the sermon will include an inquiry into the local conditions touching the liquor question, and the responsibility for evasions of the law.

Hick's CAPUDINE will cure all your headaches, etc. Ask your druggist for it.

AMUSEMENTS.

Messrs. Louis G. Menke and Wm. F. Dumphy, press representatives for "The Sidewalks of New York Company," which will appear at the Academy of Music October 15th and 19th, are in the city, and are making their presence felt by some lively advertising of their attraction. A novelty was thrown out yesterday in the form of an attractive card announcing "A Fine Farce of Spitting on Sidewalks," which, being read between the lines, was a clever announcement of "The Sidewalks of New York." A very timely advertisement as the spitting ordinance went into effect yesterday.

"THE TURTLE" TO-NIGHT.

"The Turtle," unquestionably the most widely discussed of funny, risqué, frisky French farces, is announced for this evening at the Academy. That this most notable engagement will be looked forward to with both anticipation and pleasure goes without saying. No play in recent years has been so widely discussed and attracted greater attention. All winter long it has been the talk of all New York, and the nightly scenes of enthusiasm and columns of praise which have been bestowed upon the Ziegfeld Comedy Company to some extent must attest to the merits of the farce. The advance sale of seats already gives every indication of a large audience, applications for seats being by no means confined to this city, but from all the surrounding towns are requests coming both thick and fast.

"MY FRIEND FROM INDIA."

by H. A. Du Souchet, will be at the Academy of Music to-morrow, matinee and night. It is an admirable and amusing take-off on theosophy, and the society makeshift of booming the sunnion is the most exorbitantly funny string of dramatic situations presented for a long time. It is interpreted by the Smyth & Rice Comedians, among whom are such competent actors and actresses as Joseph A. Wilkes, George Mack, Osborne Searle, Lulu Vroman, Charles Guant, Joseph Damery, Louise Arnot, West Temple, Madge Otis, Lois Francis Clark and Helen Weber.

STRONG ATTRACTIONS FOR NEXT WEEK.

The companies to appear at the Academy of Music next week are all first-class, and probably will do the banner business of the season so far. On Monday night Albert Hart and his new production of "Wagners" will hold the boards; William Gillette's great comedy, "Because She Loved Him So," with its notable cast, will be presented Tuesday, October 17th; Wednesday and Thursday, October 18 and 19, Thomas H. Davis' big scenic production, "The Sidewalks of New York," will please the lovers of melo-drama, while Norfolk's favorite, Mr. Lewis Miller, George Mack, Osborne Searle, Lulu Vroman, Charles Guant, Joseph Damery, Louise Arnot, West Temple, Madge Otis, Lois Francis Clark and Helen Weber.

DON'T.

Don't spit on the sidewalk, your shekels or tin will surely be gathered by Justice Tom.

The ladies, God bless 'em, who make no ado, are the innocent cause of it all. It is true.

Their skirts may be soiled, yet we wonder, you know.

Why a girl wears her dresses distressed, Not de-collette, mind; not that end; but 't'other.

To absorb "Backer Juice" just spit out by her brother.

Sewell's Point Railway.

Mr. Conwell, superintendent of the building of the Sewell's Point electric railway, announces that the line will be entirely completed by the latter part of November and cars will be running over it by that time. All of the grading is finished and only about two miles of the double track remains to be laid. It is not expected that a full car service will be maintained through this winter, but enough cars to accommodate the traffic will be run.

Norfolk Pastor May Resign.

Rev. W. F. Smith, pastor of the Freemason Street Church of Christ (Disciples), who was called to the bedside of his father in Lexington, Ky., several days ago, will, it is thought, sever his connection with the Norfolk church soon. His health has been quite poor of late and he will probably resign his pastorate here and seek a climate that is more agreeable to him. Mr. Smith is dearly loved by his congregation and they would regret much to lose him.

UNCLE SAM'S ATTITUDE.

TOWARD GREAT BRITAIN AND THE TRANSVAAL.

(By Telegraph to Virginian-Pilot.) Washington, D. C., Oct. 12.—The following official statement was issued by the State Department to-day:

"The President has received a large number of petitions, signed by many citizens of distinction, requesting him to tender the mediation of the United States to settle the differences existing between the Government of Great Britain and that of the Transvaal. He has received some of them desiring him to make common cause with Great Britain to redress the wrongs alleged to have been suffered by the Outlanders, and especially by American citizens in the Transvaal, and others wishing him to assist the Boers against alleged aggression.

"It is understood that the President does not think it expedient to take action in any of these directions. As to taking sides with either party in the dispute, it is not to be thought of. As to mediation, the President has received no intimation from either of the countries interested that the mediation of the United States would be accepted, and in the absence of such intimation from both parties, there is nothing in the rules of international usage to justify an offer of mediation in the present circumstances. It is known that the President sincerely hopes and desires that hostilities may be avoided, but unfortunately they should come to pass, the efforts of this government will be directed—as they are at present—to seeing that neither our national interests nor those of our citizens shall suffer unnecessary injury."

CATHOLIC ARCHBISHOPS.

ANNUAL CONFERENCE HELD AT CATHOLIC UNIVERSITY.

(By Telegraph to Virginian-Pilot.)

Washington, D. C., Oct. 12.—The annual conference of the Archbishops of the United States was held at the Catholic University. All but three of the clergy of that rank attended, those who participated in the meeting being Cardinal Gibbons, of Baltimore; Archbishops Kain, of St. Louis; Williams, of Boston; Corrigan, of New York; Ryan, of Philadelphia; Ireland, of St. Paul; Jordan, of San Francisco; Elder, of Cincinnati; and Christie, of Oregon. Archbishops Feehan, of Chicago; Hennessey, of Dubuque; and Chappelle, of New Orleans, were the absentees.

Contrary to expectation the question of desecration of the Catholic Churches in the Philippines was not brought up. This and other Philippine issues, it was explained, are within the jurisdiction of Archbishop Chappelle and all matters affecting those islands must go to him.

Subsequent to the meeting it was announced that there had been no question of unusual moment under consideration and no action reached on any matter of public interest.
