

## REPORT OF KING'S DAUGHTERS' HOSPITAL.

The following is the report of the treasurer and secretary of the King's Daughters' Hospital for the month of June, 1900:	
To balance.....	\$ 131.95
Amount collected from regular subscribers.....	34.60
Amount received from board.....	84.00
Amount donated by Mrs. O. V. Smith.....	5.00
Amount donated by Trinity Church.....	6.00
Amount donated by S. A. L. North street.....	1.50
By amount paid for expenses for June.....	\$ 86.99
Balance.....	176.07

**NANCY FORBES OWENS,**  
Treasurer.  
Number of patients admitted to the hospital during month of June, two.  
Number dismissed during the month, two.  
Number now in hospital, one.  
**BELLE S. BARLOW, Secretary.**

**COMMUNICATED.**  
Editor Virginian-Pilot:  
The following is your statement of the standing of the clubs in the State League:

	Won.	Lost.	P. C.
Norfolk.....	10	6	.625
Newport News.....	9	7	.562
Hampton.....	7	8	.467
Portsmouth.....	6	9	.400

Adding..... 32 39  
You can see that such a standing as that is impossible. For thirty-two games to be won, thirty-two must be lost. Your statement gives Hampton one game more won and one game less lost than she ought to have. The standing should be:

	Won.	Lost.	P. C.
Norfolk.....	10	6	.625
Newport News.....	6	9	.400
Hampton.....	6	9	.400
Portsmouth.....	6	9	.400

Adding..... 31 31  
Your mistake first occurred when Portsmouth and Hampton had each won three and lost six. That evening Portsmouth defeated Hampton. The next morning, instead of giving Portsmouth credit for four wins and six losses, the man fired three shots. One struck her in the left side above the kidneys and two lodged in her right breast.

**A WOMAN SHOT.**  
About midnight last night Gertrude Walker, colored, was shot on King street by Edward Matthews, colored, who was accompanied by his brother Jim. The man fired three shots. One struck her in the left side above the kidneys and two lodged in her right breast.

Dr. Holaday, who dressed the wounds, says her condition is critical, and she may not live until morning. The cause of the trouble was the refusal of the woman to accompany the men back to Western Branch, where all were employed as farm hands.

**A NARROW ESCAPE.**  
On the 4th Messrs. E. C. Thredercraft, Mr. Darden, Russell Brittingham and W. R. Talley went down the river in a small sloop. On their return home they were caught off Sewall's Point in the darkness. They threw the anchor overboard, but the sloop dragged along without any trouble as far as Craney Island, where they remained until yesterday morning, when they were picked up by a tug that Mr. G. L. Thredercraft had employed to go in search of them. The gentlemen's experience of one night on the water was not a pleasant one.

**WILL PROBABLY BUILD NEW OFFICES.**  
It was said at the Seaboard Air Line general offices yesterday that the Commercial building would probably have to be rented to accommodate the largely increasing clerical force in the general offices. It is thought the freight traffic manager's department will occupy the building, and that the transfer will be made by August 1st.

**OFFICERS INSTALLED.**  
District Deputy Master Wm. Elheridge last night installed the following officers of Grice Lodge No. 82, I. O. O. F.: Walter H. Strand, N. G.; Louis Scheiman, V. G.; Geo. A. G. Scott, R. G.; J. C. Manning, F. G.; J. Thos. Dunn, Treasurer; J. W. L. Jeffery, Chaplain.

The following officers were appointed for the ensuing term: J. W. Strand, Warden; L. W. G. Seorey, Conductor; W. R. Morgan, R. S.; E. C. Moulton, L. S.; J. J. Scales, S. S.; N. G. J. C. Williamson, I. S.; N. G. J. M. Wilkes, R. S. to V. G.; Wm. J. Bell, O. S.

**TO OUR PATRONS.**  
There are quite a number of our patrons who through thoughtlessness make the paper boy call at their home several times on Saturday before settling for their paper. By this means it takes the boy several times to collect his route, depriving him of any leisure time, and keeping him out in the hot sun all day such weather as we are now having. The boys request that all who cannot be at home when they call leave their subscription, and it will be an accommodation to them. The request is a simple one, and will no doubt be granted.

**HOSPITAL GROUNDS TO CLOSE ON SUNDAY.**  
Medical Director Ferebee, it was said yesterday, will rigidly enforce the order excluding the public from the Naval Hospital grounds on Sundays and National holidays. As a reason for this order, Dr. Ferebee claims that acts of vandalism have been committed. The report current yesterday that contagious disease existed at the hospital, rendering limited quarantine necessary on the grounds, was pronounced pure fiction by a member of the medical corps.

**FUNERAL OF ARTHUR D. JENKINS.**  
The body of Mr. Arthur D. Jenkins, son of Capt. C. D. Jenkins, an nephew of Capt. Almey, of the Bay Line steamer Georgia, arrived last night from Southern Pines, where his death occurred on Wednesday. The body was taken to W. B. Johnson's undertaking establishment, from whence it will be removed for interment in Oak Grove Cemetery this morning at 10 o'clock. The funeral services will be held at the grave.

## PORT NORFOLK LOTS CHEAP!

Having bought all the most desirable lots on the plat of the PORT NORFOLK LAND COMPANY'S property between the tracks of the Norfolk & Carolina Railroad and the water front, we are prepared to sell for cash or one third cash at STARTLINGLY LOW PRICES, for the next sixty days. Persons desiring a home at Port Norfolk cannot afford to let this opportunity pass to secure a lot in the right location and at the right price.

Those thinking of making an investment for profit can buy at a price that will ensure a large return at present values, while the value of lots in this beautiful suburb is increasing very fast. This is the most beautiful residence property on either side of the Elizabeth River.

Rights to lay sewer, water and gas mains in the streets of Port Norfolk has been acquired, and it is expected that the work of laying water mains will begin in the near future. Remember the number of lots is LIMITED and the time in which they can be bought at THESE PRICES is still more limited.

### BRYAN AND THE PLATFORM

Continued from Page 6.

crushing with military force the efforts of former allies to achieve liberty and self-government. The Filipinos cannot be citizens without endangering our civilization; they cannot be subjects without imperilling our form of government, and as we are not willing to surrender our civilization or to convert the Republic into an empire, we favor an immediate declaration of the nation's first, a stable form of government; second, independence, and, third, protection from outside interference, such as has been given for nearly a century to the Republics of Central and South America.

**SORDID PLEA THAT IT PAYS.**  
The greedy commercialism which dictated the Philippine policy of the Republican administration attempts to justify it with the plea that it will pay, but even this sordid and unworthy plea fails when brought to the test of facts. The war of criminal aggression against the Filipinos, entailing an annual expense of many millions, has already cost more than any possible profit that could accrue from the entire Philippine trade for years to come.

Furthermore, when trade is extended with the expense of liberty the price is always too high.

We are not opposed to territorial expansion when it takes in desirable territory which can be created into States in the Union, and whose people are willing and fit to become American citizens.

**FAVOR LEGITIMATE EXPANSION.**  
We are opposed to every peaceful and legitimate means. But we are unalterably opposed to seizing or purchasing of distant islands to be governed outside the Constitution and whose people can never become citizens.

We are in favor of extending the republic's influence among the nations, but believe that influence should be extended not by force and violence, but through the persuasive power of a high and honorable example.

The importance of old questions now pending before the American people is in no wise diminishing, and the Democratic party takes no backward step from its position on them. The burning issue of imperialism growing out of the Spanish war involves the very existence of the republic and the destruction of our free institutions.

We regard it as the paramount issue of the campaign.

**REPUBLICANS' DECEPTIVE PLEA.**  
The declaration in the Republican platform adopted at the Philadelphia convention held in June, 1900, that the Republican party steadfastly adheres to the policy announced in the Monroe doctrine is manifestly insecure and deceptive. This profession is contradicted by the avowed policy of that in opposition to the spirit of the Monroe doctrine to acquire and hold sovereignty over large areas of territory and large numbers of people in the eastern hemisphere. We insist on the strict maintenance of the Monroe doctrine, in all its integrity, both in letter and in spirit necessary to prevent the extension of European authority on this continent and as essential to our supremacy in American affairs. At the same time we declare that no American shall be held by force in unwilling subjection to European authority.

**WE OPPOSE IMPERIALISM.**  
We oppose imperialism. It means conquest abroad and intimidation and repression at home. It means the strong arm which has ever been fatal to free institutions. It is what millions of our citizens have fled from in Europe. It will impose upon our peace-loving people a large standing army and unnecessary burden of taxation, and a constant menace to their liberties. A small standing army and a well disciplined State militia are simply sufficient in time of peace. This republic has no place for a vast military service and conscription.

**WE RELY ON VOLUNTEERS.**  
When the nation is in danger the volunteer soldier is his country's best defender. The National Guard of the United States should ever be cherished in the patriotic hearts of a free people. Such organizations are ever an element of strength and safety. For the first time in our history and coeval with the Philippine conquest has there been a voluntary departure from our time-honored and approved system of volunteer organization. We denounce it as un-American, un-Democratic and un-Republican, and as a subversion of the ancient and fixed principles of a free people.

**NO PRIVATE MONOPOLIES.**  
Private monopolies are indefensible and intolerable. They destroy competition, control the price of all material, and control the engaged product, thus robbing both producer and consumer. They lessen the employment of labor and arbitrarily fix the terms and conditions thereof and deprive individual energy and small capital of their opportunity for betterment.

They are the most efficient means yet devised for appropriating the fruits of industry to the benefit of the few at the expense of the many, and unless their unsatiate greed is checked all hands and the Republic destroyed. The dishonest paltering with the trust evil by the Republican party in State and

National platforms is conclusive proof of the truth of the charge that trusts are legitimate products of Republican politics, that they are fostered by Republican laws, and that they are protected by the Republican administration in return for campaign subscriptions and personal support.

We pledge the Democratic party to an unceasing warfare in nation, State and city against private monopoly in every form.

**ENFORCE ANTI-TRUST LAWS.**  
Existing laws against trusts must be enforced and more stringent ones must be enacted providing for public as to the affairs of corporations engaged in interstate commerce and requiring all corporations to show, before doing business outside of the State of their origin, that they have no water in their stock, and that they have not attempted and are not attempting to monopolize any branch of business or the production of any article of merchandise.

**REPUBLICAN INSINCERITY.**  
The failure of the present Republican administration with an absolute control over the branches of the national government to enact any legislation designed to prevent or even curtail the absorbing power of trusts and illegal combinations, or to enforce the anti-trust laws already on the statute books, prove the insincerity of the high sounding phrases of the Republican platform.

Corporations should be protected in all their rights and their legitimate interests should be respected, but any attempt to protect individuals and companies in the public affairs of the people or to control the society which creates them should be forbidden under such penalties as will make such attempts impossible.

**DINGLEY TARIFF CONDEMNED.**  
We condemn the Dingley tariff as a trust-breeding measure, skillfully devised to give the few favored interests they do not deserve and to place upon the many burdens which they should not bear.

We favor such an enlargement of the scope of the Inter-Commerce law that it will enable the commission to protect individuals and communities from discriminations, and the public from unjust and unfair discriminations.

**CHICAGO PLATFORM REAFFIRMED.**

We reaffirm and indorse the principles of the National Democratic platform adopted at Chicago in 1896, and we reiterate the demand of that platform for the American financial system, made by the American people for themselves which shall restore and maintain a bimetallic price level as part of such system, the immediate restoration of the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1 without waiting for the aid or consent of any other nation.

**CURRENCY BILL DENOUNCED.**

We denounce the Currency bill enacted at the last session of Congress as a step forward in the Republican policy which aims to discredit the sovereign right of the national government to issue all money without gold or paper, and to bestow upon national banks the power to issue and control the volume of paper money for their own benefit. A permanent national currency, secured by Government bonds, must have a permanent debt to rest upon, and if the bank currency is to increase with population and business, the debt must also increase.

The Republican currency scheme is, therefore, a scheme for fastening upon the taxpayers a tax without and growing debt for the benefit of the banks. We are opposed to this private corporation paper circulated as money, but without legal tender qualities, and the retirement of the national bank notes as fast as this Government paper or silver certificates can be substituted for them.

**DIRECT VOTE FOR SENATORS.**

We favor an amendment to the Federal Constitution providing for the election of United States Senators by a direct vote of the people, and direct legislation wherever practicable.

**GOVERNMENT BY INJUNCTION.**

We are opposed to government by injunction; we denounce the Black list and favor arbitration as a means of settling disputes between corporations and their employees.

In the interest of American labor and the uplifting of the working man, as the corner-stone of the prosperity of our country, we recommend that Congress create a Department of Labor in charge of a secretary, with a seat in the Cabinet, believing that the elevation of the American laborer will bring increased prosperity to our country at home and our commerce abroad. We are proud of the courage and fidelity of the American soldiers and sailors in all our wars; we favor liberal pensions to them and their dependents, and we reiterate the position taken in the Chicago platform in 1896, that the fact of enlistment and service shall be deemed conclusive evi-

dence against disease and disability before enlistment.

**NICARAGUAN CANAL FAVORED.**

We favor the immediate construction, ownership and control of the Nicaraguan canal by the United States, and we denounce the insincere plank in the National Republican platform for an isthmian canal in the face of the failure of the Republican majority to pass the bill pending in Congress.

We condemn the Hay-Pauncefote treaty as a surrender of American rights and interests not to be tolerated by the American people.

We denounce the failure of the Republican party to carry out its pledge to grant Statehood to the territories of Arizona, New Mexico and Oklahoma, and we promise the people of those territories immediate Statehood and home rule during their condition as territories, and we favor home rule and a territorial form of government for Alaska and Porto Rico.

**STORAGE OF WESTERN WATERS.**

We favor an intelligent system of improving the arid lands of the West, storing the waters for purposes of irrigation and the holding of such lands for actual settlers.

We favor the continuance and strict enforcement of the Chinese exclusion law and its application to the same classes of all Asiatic races.

Jefferson said: "Peace, commerce and honest friendship with all nations; entangling alliances with none." We approve this wholesome doctrine, and earnestly protest against the Republican departure which has involved us in so-called world politics, including the diplomacy of Europe and the intrigue and land-grabbing of Asia, and we especially condemn the ill-concealed Republican alliance with England, which must mean discrimination against other friendly nations, and which has already stifled the nation's law and its application to the same classes of all Asiatic races.

**FAVOR THE BOERS.**

Believing in the principles of self-government and rejecting, as did our forefathers, the claim of monarchy, we view with indignation the purpose of England to overwhelm with force the South African republics. Speaking for those who are not American citizens, except its Republican official leaders, and for all free men everywhere, we extend our sympathies to the heroic burghers in their unequal struggle to maintain their liberty and independence.

We denounce the lavish appropriation of recent Republican Congresses which have kept taxes high and which strengthen the perpetuation of the oppressed. We oppose the accumulation of a surplus to be squandered in such barefaced frauds upon the taxpayers as the shipping subsidy bill, which, under the false pretense of prospering American shipbuilding, has put millions into the pockets of favorite contributors to the Republican campaign fund. We favor the reduction and speedy repeal of the war taxes and a return to the time-honored Democratic policy of strict economy in governmental expenditures.

**THE CLOSING WORDS.**

Believing that our most cherished institutions are in great peril, that the very existence of our constitutional republic is at stake and that the decision now to be rendered will determine whether or not our children are to enjoy those blessed privileges of free government which have made the United States great, prosperous and honored, we earnestly ask for the foregoing declaration of principles and heart support of the liberty-loving American people, regardless of previous party affiliations.

**THE BOER WAR.**

**EXPEDITION TO RELIEVE KU. MASSI-BOERS GIVE UP ARMS.**  
(By Telegram to Virginian-Pilot.)

London, July 5.—The under-Secretary of State for the Colonies, the Earl of Selborne, announced in the House of Lords to-day that the Governor of the Gold Coast Colony, Sir Frederick Mitchell Hodgson, with 900 native soldiers, commanded by Major Morris, left Kumassi June 23. He added that Captain Ditcham and 100 native soldiers remained there with reinforcements sufficient to last until July 15. Colonel Willocks promises to personally relieve Kumassi by that date, under any circumstances.

The news came in a dispatch from Col. Willocks, dated Fumasi, July 4, which adds:

"Burroughs, with 400 native soldiers, arrived at Dompsoi July 1. The enemy was completely surprised and evacuated the stockades. Burroughs captured 40 guns and ammunition and killed thirty of the enemy."

London, July 5.—Lord Roberts reports from Pretoria under date of July 3 that Lieutenant-General Buller and his command of 10,000 men have captured the Boers near Pretoria July 4. He also says trains are running to Greylingstad from Natal, that several respectable Boers have surrendered recently; that a soldier's home has been opened at Heidelberg, the inhabitants subscribing the initial expenses, and that a total of 2,631 stand of arms have been delivered to General Barton at Klerksdorp, Krugersdorp and Potchefstroom (all in the Transvaal).

Norfolk won from Hampton yesterday in a one-sided contest on the diamond at the Soldiers' Home. Martin started to pitch for the locals but pitched an unusually poor game. He was hit hard and gave way to R. Gilligan, who was unable to stem the batting streak of the Phenoms and later retired in favor of Ashenback, who was also hit hard. Norfolk hit the ball hard and often, singles, doubles and triples figuring in almost every inning, a total of seventeen hits, nothing as many runs. Flanagan had the locals guessing up to the fifth, and having a comfortable lead let down and was touched up rather lively. The features of the game was the heavy batting of the Norfolk team and Paulist's holding. The game seemed to be heartily enjoyed by the old veterans. Norfolk and Hampton will cross bats at League Park this afternoon at 4:30.

Wherever the American flag is raised in token of sovereignty, it stands for liberty, independence and equality, and all persons taking refuge under it are entitled to those privileges, regardless of race or color. What the American flag is to the nation, Hostetter's Stomach Bitters is to the individual, inasmuch as it not only frees you from your ailments, but protects your system in such a manner that they cannot return. When your stomach gets out of order, causing you to belch after eating or when you are so nervous that you toss about all night, unable to sleep, you should certainly try it, because it will strengthen your stomach, steady your nerves, and induce sound healthy sleep, and for such other ailments as indigestion, constipation, and biliousness there is nothing to equal it. Rheumatism is also counteracted by its direct action on the kidneys, stimulating them to do their work properly.
