Hampton's Forfeit.

With the game three to one against them Hampton wrangled over a decision of Empire Adams and quit the game. R. Gilligan had hit the ball for two bases. E. Gilligan, the next man up, hit to Kain, who in an attempt to field it, was interfered with by R. Gilligan, and Empire Adams promptly called him out.

The game up to this stage had been well-played and interesting. After the Hampton team refused further to play and left the grounds, Empire Adams declared the game forfeited to Norfolk 4 to 0. The same teams will play at League Park this afternoon at 4:30.

After Virginia Baseball.

The North Carolina baseball magnates have set their net on Virginia in search of players for the teams of Raleigh, Wilmington, Tarboro, Durham, Charlotte and Statesville.

Catcher Gates and Pitchers Landrum and Tierney have been offered \$50 a month and expenses to go with Tarboro, but they have declined and will play with Newport News the rest of the season. Old "King" Kelly, who at one time played with the "Phonons," will join Raleigh this week. There are already several players from the disbanded Richmond and Petersburg teams playing in the Old North State.

The league is reported to be prosperous, and large crowds attend every game. On July 4th there was more than 1,500 people at each game in Raleigh.

ROOSEVELT AT CANTON.

INTRODUCED TO CANTONITES BY PRESIDENT MCKINLEY.

(By Telegraph to Virginian-Pilot.)
Canton, O., July 6.—Governor Roosevelt arrived in Canton this afternoon. As the Governor alighted from the train the whistles blew and the cannons boomed, and an immense crowd gathered about the station and gave him a mighty cheer of welcome.

The President's secretary, George E. Corley, was the first person to greet him as he stepped on the platform. Carriages were in waiting, and the march for the President's home was at once taken up. All along the line from the station to the McKinley residence, nearly a mile, the streets were lined with people, and Governor Roosevelt was kept busy bowing his acknowledgments. The yards of the McKinley residence and the streets adjacent were literally packed with humanity when the Governor alighted from his carriage and walked briskly toward the house.

Then a tremendous cheer burst forth from the assembled multitude. President McKinley was standing on the porch waiting with outstretched hands to greet his associate on the National ticket.

When they shook hands the scene was inspiring indeed. The assemblage was clamorous for a speech, and when something like quiet was restored the President introduced Governor Roosevelt and the Governor responded in a few words.

President McKinley and Governor Roosevelt were in conference most of the evening, but nothing could be learned as to the matters discussed. The Governor left for New York at 10:50 p. m.

WREAKS WITH CARNAGE.

RECITALS OF FURTHER HORRORS AT PEKIN.

London, July 6.—Recitals of further horrors in Pekin are gathered by correspondents at Shanghai from Chinese sources, especially of the slaughter in the Chinese and Tartar city of thousands of native Christians, so that the capital wreaks with carnage. The ruthless thirst for blood is spreading in all the northern provinces, and wherever there are native Christians the scenes enacted in the capital are reproduced in miniature. From these stories nothing further comes regarding the legation forces, except a repetition that they are all dead. The correspondents aver that the Chinese officials in Shanghai wished to throw light on the real state of affairs in the capital they could do so, and therefore the worst reports are accepted as true.

The Che Foo correspondent of the Express, telegraphing on Thursday, says there is no longer any doubt that disaster has overtaken the Russian force of 3,000 that left Tien Tsin for Pekin on June 11. The Russians had a full field gun complement and carried their own transport. As nothing has been heard from them for 24 days it is assumed that they have been overwhelmed and exterminated in the northeast of Pekin is covered with the corpses of men and horses of the Western garrisons. Fighting of a desperate character took place in the immediate neighborhood of Tien Tsin on June 30.

Taku dispatches say an attack in great force is expected at any moment. The Chinese commanders are awaiting the arrival of more guns and reinforcements before making an effort to retake the city.

A dispatch from Shanghai to the Daily Telegraph, dated July 5, says the latest of the allies up to June 29, totaled 600.

Official dispatches from Port Arthur to the Russian Government, bearing date of July 4, show that the country to the northward is in a state of disturbance, and that bands are destroying property. Six pirate ships have been captured by Russian naval vessels at the island of Ellieng.

A missionary who returned to Berlin says that while in China he learned that hundreds of Mauser rifles had been brought in coffins, supposed to contain the bodies of Chinese who had died abroad.

A special dispatch from Shanghai, dated Friday, says the position of the allies at Tien Tsin is becoming increasingly critical, owing to lack of sufficient supplies; but only as a last resort will the town be evacuated in favor of concentration of forces at Taku.

RUSSIA WILL NOT INTERFERE.

GOVERNMENT ANNOUNCES THAT IT WILL GIVE JAPAN A FREE HAND.

(By Telegraph to Virginian-Pilot.)
London, July 6 (2:40 a. m.)—The Russian Government has announced that it will give Japan a free hand to apply military force in China. The terms of this are summarized in the subjoined dispatch from St. Petersburg, under date of July 6. In reply to an inquiry from the Japanese Cabinet regarding the dispatch of Japanese troops to China to render aid to the foreigners in Pekin, the Russian government declared, on May 27 that it left the Japanese Government full liberty of action in this connection, as the Tokio Cabinet expressed its readiness to act in full agreement with the other powers.

It is in consequence of this, no doubt, that Japan is preparing to embark 20,000 more troops. Political considerations were thought to have been hindering action of the Powers are thus laid aside for a moment at least by the governments supposed to have clearer purpose respecting China's future. Japan's sending of troops now can have little bearing on the fate of the foreigners in Pekin.

TEN DAYS TO LAND TROOPS.

Baron Hayashi, the new Japanese minister, who arrived in London on Friday, said that ten days would probably be required for the carrying of troops to China. He dictated statements containing these sentences:

"If all the conditions of Japan were conceded, there is no reason why the pan should not undertake the task of suppressing the trouble. The Powers are all agreed in wishing to put down the rebels, but it does not seem that they are agreed on the means."

From these authoritative utterances it is inferred that Japan does nominate conditions and that the concert of the Powers is a little jangled.

COMMITTEE ORGANIZES.

SENATOR JONES RE-ELECTED CHAIRMAN CONFERENCE ARRANGED FOR TO-DAY.

(By Telegraph to Virginian-Pilot.)
Kansas City, July 6.—The National Committee of the Democratic party met at Kansas City Club after the adjournment of the convention and immediately organized, Senator Jones, who was not a member of the committee, remaining outside until the preliminaries were over. Thomas Taggart, of Indiana, who has been mentioned as a possible chairman, nominated Senator Jones for re-election, and he received the unanimous vote.

The Senator was sent for, and in accepting the chairmanship said that the committee entered the campaign in much better shape than four years ago.

The matter of selecting the Executive Committee was left to Chairman Jones, who will make the appointments after he has had time for consideration. It is understood that many of the members of the last committee will be chosen.

A committee, consisting of Tillman, Johnson, of Indiana; Williams, of Massachusetts; Osborne, of Wyoming; and Wilson, of Idaho, was appointed to confer with representatives of the Populist and Silver Republican parties as to the best plan of campaign.

The contest for National Committeeman from the District of Columbia and Indian Territory, and Oklahoma, was referred to a committee consisting of Jones, of Arkansas; Blanchard, of Louisiana; Stone, of Missouri; Taggart, of Indiana; Gehan, of Illinois; and Ryan, of Wisconsin.

They will not take up the contest until there is an opportunity to make a thorough investigation of the case and ascertain what the Democrats of the District and Territories desire.

A delegation from Columbus presented the claims of the city as headquarters for the campaign. The matter was referred to the Executive Committee, but Senator Jones told the delegates that the city which presented the best facilities for carrying on the campaign would be selected whether the committee liked the city or not.

The committee met in the evening and adjourned until to-morrow to give the sub-committees of the three counties an opportunity to confer. These sub-committees then entered upon a general discussion of the situation which the three national conventions created.

The Populist and the Silver Republican parties want representation on the executive committee, which is to have the management of the campaign.

Cotton Special.

(By Telegraph to Virginian-Pilot.)
New York, July 6.—The cotton market opened firm at an advance of one to six points and continued on the uptick much of the forenoon in response to an almost unbroken rise in Liverpool, where a bear panic seemed prevalent.

Europe was the leading buyer and the local pit, with room shorts of less intense bear convictions close seconds. Although the August delivery attracted the lion's share of attention and exhibited special strength, the firmness of the new crop deliveries was a noteworthy feature in view of the continued fine weather over the belt and the apparent willingness of Southern growers to sell unlimited amounts of cotton for delivery in October and later months.

There was a singular absence of bull speculation and not a few holders were tempted to unload by the exceptional profits within easy reach. Private cables attributed the great strength abroad to the strong influence of Alexandria parties and demoralization in European bear circles in general. The Government chart noted further rains in Texas, but reported clear weather elsewhere—just the condition needed to invigorate the crop and permit farmers to rush cultivation.

National Educational Association.

(By Telegraph to Virginian-Pilot.)
Charleston, S. C., July 6.—The Indian department of the National Education Association resumed its session this morning, Chairman Bullock presiding. The first paper was read by Supt. H. E. Frossell, of the Hampton, Va., Industrial Institute. His theme being what is the relation of the Indian of the decade to the Indian of the future.

A general discussion of Dr. Frossell's paper followed, in which C. D. Rakestraw and C. Avery, of Flower Creek, S. D., took a prominent part. Dr. D. J. Bullock concluded the meeting with a paper on "Sanitary Conditions Among the Indians."

The Indian department then adjourned to meet at 10 o'clock on Monday morning.

Otis in Washington.

(By Telegraph to Virginian-Pilot.)
Washington, July 6.—General Otis arrived in Washington to-day from his home at Rochester, N. Y., in answer to a telegraphic summons from the War Department and called upon Secretary Root. The General spent the entire morning in close conference with Secretary Root, General Miles and Adjutant General Cezbin.

In answer to inquiries as to the nature of his business he referred all questions to the Secretary of War, but the latter declined to make any statement on the subject. It is supposed that General Otis has been called to Washington to inform the authorities as to the military situation in the Philippines with reference to the possibility of calling upon the troops there for further reinforcements for the United States force in China.

Silver Republicans Adjourn.

(By Telegraph to Virginian-Pilot.)
Kansas City, Mo., July 6.—After a long and exciting debate, during which it looked several times as if Charles A. Towne would be nominated for Vice President in spite of his protest against such action, the National convention of the Silver Republican party adjourned sine die without making a nomination for Vice President, the whole matter being referred to the national committee with power to act.

W. J. Bryan was made the unanimous choice of the convention for President during the morning session, the platform was adopted and it was the intention to complete the ticket in the afternoon by the nomination of former Congressman Towne. The action of the Democratic convention, however, in placing Mr. Stevenson in nomination took the delegates off their feet, but most of them asserted their determination to nominate Mr. Towne notwithstanding.

For two hours Senator Teller, former Congressman Sutherland, of Colorado; Cheadle, of Indiana, and others made speeches in favor of endorsing the Democratic ticket. But it was not until Towne himself appeared and appealed to the convention not to nominate, but to concentrate their forces, that the delegates calmed down and the Vice Presidential nomination was referred to the National Committee.

Kansas City, July 6.—The National Committee of the Silver Republicans organized by electing D. C. Tilton, of Kansas; chairman, and General E. S. Corder, of Minnesota, secretary and treasurer. The selection of an executive committee was deferred.

Senator Dubois offered a resolution pledging the support of the Silver Republicans to Adlai E. Stevenson, but there was opposition, and action was postponed until after a conference with the committee appointed by the Democratic Convention.
