## A CHINAMAN AND A DARKEY.

Monday night a negro man walked into the Chinese laundry, corner of York and South streets, and said he wanted his laundry, but that he had lost his ticket. The Chinaman said he had no laundry for him. Loud words followed. A white man who was in there at the time tried to quiet matters by suggesting that the darkey bet \$1 that he had his laundry. The Chinaman was willing to undo his bundles if the money was put up. The negro said he did not have a dollar. The white man suggested that the negro put his watch against a dollar. This the negro agreed to do. The white man held both the watch and the money. The Chinaman commenced to undo the bundles, and the white man walked off with both the dollar and watch. The negro soon put out and ran for his watch, and left the Chinaman all alone. He finally caught up to the man, who was half drunk, but gave up the money and watch. The darkey concluded to wait until to-day and get a search warrant for his clothes.

## OFFICER SCHROEDER'S FIND.

Puss Bellfield, colored, 30 years of age, was found by Police Officer J. F. Schroeder yesterday afternoon in one of the buildings of Emmerson's Planing Mill, on the Gosport Causeway. She had lain there helplessly since Monday morning and was almost dead from lack of food. The old woman is a familiar figure in lower Crawford street and on Gosport Causeway, and for years has been taken her station on one of these thoroughfares and rattled on an old tin cup for pennies. She lived on the alms of the workmen who went to and from the navy yard. Officer Schroeder had the aged mendicant taken to the house of her son in Griffin street.

## FIRES IN DISMAL SWAMP.

Destructive fires are still raging in the Dismal Swamp, despite the heavy rain of Sunday, which, it was hoped, would put a stop to them. The fire had eaten its way deep into the peaty soil and there is little likelihood of them dying out until the fall rains come. Great quantities of valuable timber is being destroyed and it is said the Camden railroad suffered losses last week of four cars and about 150 yards of roadway destroyed.

## BITTEN BY A MULE.

Yesterday morning a mule, which was attached to a wagon, was left standing on Court street, near High. A gentleman started from the postoffice to cross over to the Trinity Church. In doing so he came too close to the mule, who bit a piece out of his shoulder. The man at once went to the office of Dr. Carr, who treated the wound. Such animals should not be left alone.

## PETERSBURG.

### COLORADO MAN KILLED—DEPORTED TO TURKEY.

(Special to Virginian-Pilot.) Petersburg, Va., July 24.—Albert Hunt, a negro laborer on the Seaboard Air Line, was killed yesterday at Cook Quarry, in Chesterfield county. He was crushed to death by the eaving in of an embankment. His body laid in the water until night, when, by direction of the railroad authorities, it was brought to this city, and will be shipped to Richmond, where it is claimed that he lives.

Hunt, it is said, was an ex-convict, and he only been out of the penitentiary a short while.

### DEPORTED TO TURKEY.

Jos. A. Alin, the Syrian, who was acquitted in the murder case of this city yesterday, of the charge of felony on the grounds that he was insane, was taken to New York this morning by his relatives. At the request of his relatives, Clerk Robert Gilliam gave them a transcript of the record of the court in Alin's case. His relatives wanted this record to show the Turkish Consul in New York the result of the trial of Alin in the court of this city, and to obtain his passport as a lunatic to Turkey. When Alin was taken out of jail this morning he was securely tied with strong ropes, to prevent him from doing harm to himself or any one else. A large colored excursion from Norfolk arrived in the city at noon to-day.

A Burglary in East Suffolk—Democrats Ready for the Big Rally at Gatesville, North Carolina—A Young Lady's Death—Brief Mention.

(Special to Virginian-Pilot.)

Suffolk, Va., July 24.—Bruised about the face and body and suffering acute pain, Miss Janie Shea, 17 years old, to-night lies at the home of her father, Peter C. Shea, near Magnolia, Va. She was the victim of a runaway horse.

Miss Shea and a friend, Miss Sallie Ellis, of North Carolina, this afternoon went driving behind a rather spirited horse. The animal got frightened and became ungovernable. It ran till both young ladies were thrown along the roadside and then stopped. Miss Ellis was not hurt to speak of.

Miss Shea fell over the side of the buggy, and because she had the reins, for some other reason, the horse whirled around and stepped on her face. The hoof glanced off, but lacerated the skin cruelly.

It is not thought the young woman's injuries will result seriously.

### EAST SUFFOLK BURGLARY.

For the sake of securing \$125 in booty a bold burglar this morning entered the home of Albert B. Clossan, a respectable colored man, who lives in East Suffolk.

It was a half hour after midnight when the intruder walked boldly into the family sleeping rooms and ransacked the premises for valuables.

Clossan woke while the search was going on. He hailed the robber and fastened one door to prevent his escape. The burglar grabbed the lamp and blew it out. The children screamed. The thief walked over a child and was lost into the night.

Bloodhounds were brought to the scene, but there were so many tracks thereabouts that the burglar's scent was not gotten. Wallace Norfolk found the pocketbook which had been cast aside in flight after the chiz was taken.

Clossan apprehended a man whose foot fitted the thief's track. The man said he was from Waverly and claimed that he could prove an alibi. He was not held.

Miss Lola C. Hart, 18 years old, died this morning at the home of her mother, Mrs. Ada D. Hart, at No. 76 Holladay street.

The direct cause of Miss Hart's death was hemorrhagic fever, which is thought to have been brought about by the extreme heat of last week. Miss Hart, who was naturally delicate, had come overheat last Thursday, and never recovered. She had several chills afterward. Her brother, William, aged about 15, was taken sick to-day. Rev. Dr. J. Bradford, pastor of the church in which the conference is holding its sessions, made the address of welcome, expressing a desire that much good would result from the meeting.

Rev. J. W. Twitty was elected secretary, and Mr. W. W. Vear, of Norfolk, assistant. It was agreed that the minutes should read the twenty-eighth session of the Eastern Shore District and the first session of the Norfolk and Eastern Shore District.

REPORTS OF CHURCHES.

Berlin Church.—The pastor, Rev. J. H. White, reported good revivals and the church spiritually built up. Finance in excellent condition. Has an Epworth League. This and the Sunday school are doing a good work. The membership of the church has increased from 100 to 125. The remaining churches under Mr. White's charge are in a heady condition.

Rev. R. H. Potts reported the church at Salisbury in fine condition. He said it was a model Methodist church. The Epworth League, one of the best in the district, is doing a fine work. Sunday school, with a large attendance.

Rev. C. W. Cain said that the spiritual condition of the church on the Cambridge Circuit is fairly good, and the attendance on public worship fair, but he was sorry to report that the membership did not work in accord with their pastor. The Sunday school needs more life. The older members are not active and zealous in the work. The church has no Epworth League and no Woman's Missionary Society.

Cambridge Station.—In the absence of the pastor, Rev. Dr. Sambell, who is sick, the church was represented by Dr. Jenkins. He referred to the fact that there were three different Methodist denominations in Cambridge, where there is a rivalry going on between the churches. The church is doing well, and has lately purchased a parsonage.

In the absence of Rev. F. G. Davis, pastor of the Dorchester Circuit, Dr. Jenkins reported for him. The church is not up in its finances, and has no Woman's Missionary Society.

Dr. Jenkins also reported the condition of the South Westchester Circuit, of which Rev. J. D. Brooks is preacher in charge, as having taken a retrograde movement in part. There seems to be a very little desire for the gospel on the part of the people.

When the Wicomico Circuit was called the presiding elder reported that Rev. O. L. Martin, who was appointed preacher in charge at the last confer-

ence, has resigned his pastorate, and united with the Wilmington Conference M. E. Church. Dr. Jenkins has engaged a young man, Rev. J. J. Bradford, who made a good report of his work.

A letter was read from Rev. W. G. Bates, preacher in charge of Keller Circuit, representing the spiritual condition of the church as good, and quite a number have been added to the membership. Special mention was made of the library work of the Epworth League. About \$400 has been contributed to the Twentieth Century Book Offering.

PUBLIC WORSHIP.

The hour of public worship was announced, and the opening sermon was preached by Rev. R. M. Chandler, of Centenary Church, Norfolk, from Hebrews 6, 4. At the close of the sermon conference adjourned to 5 o'clock.

Church, will take place at 5 o'clock to-morrow from the residence. The services will be conducted by Rev. J. S. Thomas.

NOTES OF PERSONS.

NEWPORT NEWS.

DROPPED DEAD—TO MAKE CHANGES—MATERIAL ORDERED.

(Special to Virginian-Pilot.)

Newport News, Va., July 24.—C. E. Sturges, a young unmarried man of Accomac county, dropped dead while at work on the battleship Illinois to-day. He was sitting on his box and was seen to yawn, lifting his hand above his head, in contact with a live electric wire, which furnishes light for the men at work on the ship. Sturges sprang forward and dropped dead. As there were only 20 volts of electricity in the wire, the doctors who were called in decided that death could not have been caused by the electric shock and pronounced it heart disease.

TO MAKE CHANGES.

The American Democratic Club held quite an interesting meeting Saturday night at which the councilmen who had been elected to the council janitor, were denounced for their unbecoming act, it is said. The club passed a resolution that all members of the Common Council be requested to attend next Saturday night when the charge will be made against them for supporting Ashley.

MATERIAL ORDERED.

The material for the long distance telephone line up the Virginia Peninsula from Lee Hall to Richmond, has been ordered, and as soon as it is delivered along the route the actual work of erecting the poles and constructing the wires will begin. The line from Newport News to Lee Hall has been in operation some time.

HAMPTON.

A DESTRUCTIVE FIRE—KILLED BY LIGHTNING.

Hampton, Va., July 24.—Fire was discovered in the barroom of William Lee (colored) on King street this morning at 2:30 o'clock.

The flames spread rapidly, and before the firemen could get the blaze under control the barroom, the meat store of another man and the large grocery store of Mr. Guy on the corner of King street and Malbury avenue had all gone up.

A 4 o'clock fire took new life and spread rapidly, going into the large wood-yard in the rear of the building and burning down several fences. Owing to the lack of water the fire department is greatly handicapped.

The Normal School department was called upon for assistance and bus responded. Finally the fire was quenched. The entire loss will probably reach \$25,000.

KILLED BY LIGHTNING.

At Providence Church Sunday afternoon, lightning struck the fence that surrounds the church, and instantly killed three horses, which were hitched there, while the owners of the equines were engaged in worship. The shock was felt by the congregation and created no little commotion among the worshippers.

In York county, near Goodwin's Neck Sunday Mrs. George Hogue was killed by lightning. Mrs. Hogue and her husband were engaged in conversation at the time, and their small child was playing on the floor, when lightning struck the chimney of the building. The current passed down the chimney and, glancing off as it neared the floor, struck Mrs. Hogue, who fell from her chair dead. Mr. Hogue was severely shocked. A large glass vase on the mantel was smashed. A piece of the glass struck the little child in the neck, inflicting an ugly but not necessarily fatal wound. Mrs. Hogue was about 30 years old and married about two years ago. Her entire body was terribly burned by the lightning.

### MEETING OF CITIZENS

#### A Policeman to Protect Property in South Norfolk.

The People, Tired of Depredations Committed by Night Prowlers, Take an Important Step—First of a Series of Lawn Parties Personal News Notes.

There was quite a large and enthusiastic meeting of the citizens of South Norfolk at Odd Fellows' Hall last night to discuss means to procure a night patrolman to protect the citizens against the continued depredations they have been subjected to for the past two years, during which time nearly every residence and place of business in the city has been broken into and pillaged. The assembly was composed of the representative citizens and presided over by Captain J. W. Young. After some preliminary remarks of Mr. C. H. H. and Mr. Henry Grenada were presented for the office. The former withdrew in Mr. Grenada's favor and he was unanimously elected by the people for one month and his salary fixed at \$20.

The question of paying was then raised and after some discussion it was decided to appoint a committee of three, composed of Messrs. J. T. Lane, J. E. Young, and S. W. Wilson to appertain and assess each family benefited by said officer to guarantee the
