Hick's Capudine cures headache, neuralgia and la grip. For sale by all druggists.

### Art Auction Sale.

The art auction sale took place last night at the Art League rooms on Granby street. The auction sale began before a large crowd, mostly ladies, at 8:30 last night. It continued for several hours under the skillful direction of Mr. George M. Pollard as auctioneer. A large sum of money was realized, and many beautiful objects of virtue were sold at excellent prices. They consisted of handwork lace, hand-painted china, water colors and fancy needlework. After the auction ice cream and cake were served. After that Mr. Pollard gave a demonstration of the Kin-Hee coffee and pot.

### Memorial Service.

Services of a most impressive character were conducted at St. Stephen's church, in Bedford county, Monday in memory of the late Rev. Frederick L. LeMosey, who was thrown from his buggy several weeks ago and killed. Mr. Charles Abbott, lay reader, read the service, followed by addresses by Rev. C. C. Randolph, of Campbell, and Rev. John J. Floyd, of Lynchburg. The audience filled the church to overflowing. Rev. LeMosey was from Norfolk, and has a brother residing here.

## THE PRINCE TRIAL.

Continued from Page 2.

Chief Kizer was stopped again at the statement of what Capt. Prince said. CAPT. PRINCE'S STATEMENT.

Then the argument as to the competency of the testimony was technically argued, Mr. Thorp stating that the testimony could not be introduced by the defense, but he wished to introduce the end of a conversation of which the first part was introduced by the district attorney and broken by him. He urged that the whole conversation should be introduced. The contention is that the prisoner and the witness had a conversation and that the prisoner should have the benefit of what he said for himself since what he said against himself has been told.

GEN. ALLAN OBJECTS.

General Allan said the proposition is to lay on the district attorney something that he did not do. He was arguing the question when the Judge interrupted and stated that the Government did not question the witness as to the conversation, but stopped him when the witness attempted to repeat what Captain Prince had said.

ANOTHER ATTEMPT.

Chief Kizer resumed. He said the length of the conversation was two minutes. Chief Kizer was stopped again on the same question.

Chief Kizer said he had not seen Prince for a week or more. He was at home sick on leave of absence. He was unfit for duty. There was something radically wrong with him. Did not attribute it to this matter. Prince's condition was the subject of comment. Regards Prince as an enemy. Relations were not cordial. His condition was shown by his general demeanor.

STATE'S PRISONER.

Chief Kizer for the defense, said that Prince was under custody on a warrant of the State, at the time when the United States marshal came to arrest Prince. Admitted to jail about 5 p. m. as a State prisoner.

OFFICER WATSON.

George W. Watson, police officer. He described the manner of making the arrest of Prince. Was at the corner of Main and Granby streets when he heard shots. Started across the street. Prince, called to him "not to fire." He fired again. Prince was standing waving his hand with the pistol in it. Captain Prince was taken to the station.

The district attorney stopped the witness at the statement of Captain Prince after arrest. Judge Waddill said he would not exclude that statement. But neither side called for it.

DR. J. J. MILLER.

J. J. Miller, physician, been practicing two years. He performed the autopsy on the body of Cannon. Body had been embalmed. The cause of death was gun shot wounds. He described the entrance and course of the bullets. The numbers he uses are arbitrary.

One in the breast, not serious. No. 2 was a scalp wound, not serious. No. 3 passed through the ear back and down, broke mastoid bone, was not fatal, in the neck. No. 4 struck the seventh rib behind, went through the lung and came out under the left arm. That was probably a fatal wound. No. 5 struck back of the head, went through the occipital bone. That shot went through the brain and was fatal. No. 4 undoubtedly would have produced death after the shocks of the previous wounds. No. 5 would have caused death in a very short time.

DEFENSE OBJECTS.

Mr. Thorp for the defense objected to having testimony from Dr. Miller as to the probable time of death when there is proof of the fact. Judge Waddill ruled that the witness might answer the probable time of death.

Dr. Miller said the blackness of the face is due to interruption of circulation. A man so stricken, or wounded, would die in a little while. He could not live twenty minutes. He might die in two minutes.

Cross-examined, he said that a man's death depended on his condition. Some men will live longer than others. Have read of wounds on the battlefield. There is no exact measure of time for death to occur unless the wounds are alike. The definition of death was a puzzle. It is a lifeless condition of all the organs of the body. When the heart stops beating and breathing stops the body is in death.

Judge Waddill dismissed the jury-men with the usual caution and told one of them, in answer to a question, that they would not be allowed to read the newspapers.

Court adjourned till this morning at 10 o'clock.

### Election of Officers.

At the meeting of St. Luke's chapter, Brotherhood of St. Andrew, held last night at St. Luke's P. E. Church, officers for the local chapter for the ensuing year were elected as follows: Vice director, R. C. Taylor; secretary, J. C. Dabney; treasurer, W. B. Newton. Considerable other business was transacted.

## THE FRUITS

Of Coffee Drinking.

"The fruits or results, in my case, of coffee drinking, were sorrow, depression, almost total loss of appetite, as well as sleeplessness and sluggish circulation."

"I was also very bilious and constipated most of the time for eight years, and became so nervous that I was unable to do any mental labor and was fast approaching a condition where there would have been no help for me."

"I am convinced that if I had continued using coffee much longer the results would have been a total mental and physical wreck."

"I sometimes think the all-wise providence looks after us in trouble, at any rate, when I was in despair a friend urged me to give up coffee entirely and use Postum, giving the reasons why. It was hard for me to believe that so common a beverage as coffee was the cause of my trouble, but I made the change, and from the first trial experienced a benefit and improvement. My complexion has improved, the nervousness gone, as well as the bilious trouble and sleeplessness, and I am completely cured of sluggish circulation. In fact, I am well, and the return to health has been directly traced to leaving off coffee and using Postum Food Coffee. I recommend Postum to all coffee wrecks without a single reservation."—James D. Kimball, Isabella street, Northampton, Mass.
