BEHIND THE BARS.

THE ATTORNEY GENERAL AND MR. SCOTT STILL THE CITY'S GUESTS.

They Spend Sunday Comfortably in Jail. A Large Number of Visitors Pay Their Respects—The Record in the Habeas Corpus Case Completed—General Opinion.

Attorney-General Ayers and Mr. John Scott, Commonwealth's Attorney of Fauquier county, are still inmates of the city jail, and spent Sunday within its walls. Mr. Ayers, who is a guest of the Exchange Hotel, has been furnished regularly by Mr. Carrington, the proprietor, with meals, bedding, servants, and any luxury he might desire and could be had, to enable him to pass away his time as pleasantly as possible. Mr. Scott was stopping at Ford's, but that establishment, we learn, declined to supply his meals at the jail, on the grounds that they could not send out meals. Learning of this, Mr. Carrington agreed to furnish him also with whatever he wished from the Exchange.

It does not seem likely, therefore, that the distinguished prisoners will suffer either for quantity or quality of food, nor for any of the comforts of life. Sunday they received a number of visitors, prominent among whom were members of the newspaper fraternity, and especially from correspondents of Northern papers, who seem to take great interest in the case. By means of the attention shown them, and the interviews to which they were subjected, the minds of the two State officers were constantly occupied, and they managed to get through the day very comfortably.

COMPLETING THE RECORD.

Yesterday morning Attorney-General Ayers, accompanied by an official of the jail, went to the United States court-room, and went hard to work completing the record in the *habeas corpus* case, which he will present to one of the justices of the Supreme Court at Washington. It makes a document of 120 pages, and is a full presentation of the case from the beginning. Its main purpose is, in substance, that the law which he, the Attorney General, attempted to execute was a law passed by the State Legislature, that he was a legally elected and duly qualified officer of the State, sworn to carry out its laws whenever called upon to do so, that the law had never been declared unconstitutional, and that therefore Judge Bond had no jurisdiction in the matter, and had no right to enjoin him from doing that which his oath and official duty to the State required him to do, therefore he contended that Judge Bond throughout acting without authority, and has illegally deprived him of his liberty. This record was taken to Washington by Mr. C. V. Meredith, of counsel for the State in this case, yesterday evening, where he will meet to-day with Colonel W. W. Gordon, and together they will present the papers to one of the justices of the Supreme Court.

AT THE GOVERNOR'S OFFICE.

After finishing up this work Mr. Ayers returned to jail, and while there received a message from the Governor that he wished to see him. At once, accompanied by his usual jail official as attendant, he went up to the Capitol. There he was met by a representative of the TIMES, who remarked, "Why, sir, what are you doing out of jail?" "Well, the Governor sent for me, and I suppose they were afraid to keep me when he wanted to talk with me." He then entered the Governor's office and was closeted with the Chief Executive for some time.

WHAT MR. SCOTT SAYS.

Mr. John Scott was also seen by a TIMES reporter, and talked pleasantly and unreservedly about his situation. "How do you enjoy sleeping at the jail?" "We are making out very well," came the answer. "Our meals are sent down to us from the Exchange Hotel, and the proprietor of that hotel has sent us beds. The jail officers are very considerate, and keep our quarters neat and clean." "When will you get out?" "That I do not know. The petition for a writ of *habeas corpus* is being prepared, and if the Supreme Court of the United States decides in our favor, why then it will be all right."

LATER ON MR. SCOTT SAYS.

"St. Peter was released from imprisonment by an angel, and I am hoping that the guardian angel of the Constitution will come to our assistance."

GENERAL OPINION.

From conversation had with a number of persons yesterday, it was evident that general opinion was not a unit on the subject of the arrest of these gentlemen. While there prevailed to considerable extent a feeling of indignation that representatives of Virginia should have been placed in the common jail by order of a Federal judge, still the more conservative and thoughtful did not think that the Supreme Court would reverse Judge Bond, or that the release of Messrs. Ayers and Scott could be effected by a writ of *habeas corpus*. "It opens a very delicate question," remarked one gentleman, a lawyer and ex-member of the Legislature. "It appears to me that the only question that will come up in the *habeas corpus* case will be whether or not the gentlemen were in contempt. If it is decided that they are, they must purge themselves of the contempt; if not they will be released. But in all likelihood the question of jurisdiction will not be considered, and if only that of contempt is, it is probable that the fines will have to be paid and the question of jurisdiction brought up some other way."

Great interest is felt in the decision of this case, which is looked for about the middle of the week.

Victor Gutmann, the advance agent who has piloted many good shows to Richmond, takes charge of Miss Mabel Sterling, the Kentucky beauty and belle, and he speaks in glowing terms as to her ability. Miss Sterling appears at the Mozart next Wednesday in a musical comedy entitled *Three Corners*.

They intended to work with might and main for the success of the Democratic ticket.

The funeral of the late Mr. John N. Holton, whose death was announced in Sunday's paper, took place Sunday afternoon from the Leigh-street Baptist Church. The large attendance manifested the high esteem in which the deceased was held. The services were very impressive, and the singing of Captain Frank Cunningham and Miss Sallie Montgomery was exceedingly pathetic and appropriate. The hymn, "I Want to Go There, Too," as sung by Miss Montgomery, was especially admired. The internment took place at Hollywood.

He was a man of fine business attainments, and when he took charge of the affairs of the company they had three small vessels—the *Plambeau*, the *Albatross*, and the *Hatteras*. Now they run one of the finest line of vessels plying between any of the Atlantic ports.

THE JOINT COMMITTEE'S REPORT.
The Joint Committee on Grounds and Buildings returned the resolution referred to them September 12th last, stating that the committee was appointed from both branches of the Council, and they therefore decline to act. In the matter until a joint resolution to that effect be passed.

(This is the resolution asking that there be a joint Committee on Grounds and Buildings and Water to consider the question of transferring the New Reservoir Grounds to the Committee on Grounds and Buildings.)

Mr. Dickerson said the Water Committee had so acted that the keeper of the Reservoir would not be under the control of any other committee.

Mr. Crenshaw of the Grounds and Buildings Committee said that such action moved everything out of the way, and removed any necessity for further action.

President Bass remarked that, to say the least of it, the action of the joint committee was fastidious.

The report was then received and filed, and no further action taken.

COAL FOR CITY MISSION.

Mr. Crenshaw presented a resolution donating to the Ladies' City Mission five hundred loads of coke from the gas works, which was, under suspension of the rules, adopted. It being found later that it was customary to refer to the Finance Committee, the matter was reconsidered and then so referred.

SANITARY OFFICER.

Mr. Hill offered a resolution requiring the chief of police not to detail officers from the police force to fill vacancies in the sanitary force until further action of the body.

Mr. Powers said the vacancy now existing should be filled just as at present. The health of the city needed that the vacancy be filled. The officers did both police and sanitary duty.

Dr. Stratton was asked to enlighten the Board, and he said that the civilians in his department could do the work as well as a policeman. The sanitary officer's duty is to abate nuisances and be

given police power also. He himself had police authority though not a policeman. The resolution was finally tabled.

SPRINKLING.

The Committee on Health asked for \$100 to sprinkle Broad street from Hancock to the Fair Grounds and on Grove avenue from the site of the Lee monument to the city limits. The resolution was adjourned at 9:15 o'clock.

MANCHESTER NEWS.

A Day's Happenings in Our Sister City.

A gentleman who arrived late yesterday evening from Chestfield Courthouse reported that very little business was transacted by the County Court, the day being mainly occupied in political discussions. All of the Democratic candidates for the Legislature were present and Hon. John N. Dunlop of Richmond, who spoke from a stand to the country sovereigns.

The Republicans were represented by their candidates and Mr. John Jarratt of Philadelphia.

A number of cases will be heard by the court to-day.

SCHOOL BUILDINGS.

The City Council was called to meet in special session last night to receive the report of the Joint Committee from the Council and School Board relative to the new public school buildings. The report gives the work of the committee in selecting the plans drawn by Mr. Walter R. Higham, architect of Richmond, and urges its adoption. There is a difference of opinion among members as to whether to begin the erection of the school buildings next spring and to complete them at once, or to lay the foundation now, and erect the superstructure next spring.

The architect prefers the latter, but the former seems to be the most preferable. Bonds of course would have to be issued to raise the funds at once should building begin right away.

NEW PASTOR.

The Presbyterian congregation, Sunday morning after the sermon by Dr. Richardson, voted for a new pastor, and unanimously elected Rev. Mr. Anderson, who has been preaching for the congregation for the past month. Rev. Mr. Anderson is the pastor of the church at Hampton and Williamsburg. He has made himself very popular among his new congregation, and is warmly liked by all. Mr. Goolsby was elected to represent the congregation before the East Hanover Presbytery, which meets to-morrow at Blackstone, Nottoway county, and urge their favorable action in allowing the transfer.

All the mills on the canal were at work yesterday except the Old Dominion Cotton Mill and Dunlop & McCance Flour Mill.

The Democrats will have a grand mass meeting Friday night. A stand will be erected in front of the market-house.

Hon. George D. Wise, J. R. Tucker, Jr., and others will speak.

The thermometer in Manchester yesterday reached 85 degrees.

THE GROUNDS AND BUILDINGS COMMITTEE.

Interesting Meeting Last Night—How the City Hall Money Has Been Spent—The Pizzini-Snead Controversy.

A full attendance was had at the regular meeting of the above committee at 6:30 last night.

Several parties were present to testify to the injuries received by Messrs. Doughty and Campbell while at work on the new city hall. After making their statements in full, they were allowed to retire. Mr. Doughty was injured by a piece of falling timber and lost 11 days, and Mr. Campbell was injured by the collapsing of a scaffold, so as to be absent from work for 19 days. Both wish to be paid for time so lost.

Pay rolls to the amount of \$2,235.92 were found to be correct, and ordered to be paid.

In this connection Mr. Pizzini stated that as chairman of the Finance Committee he felt constrained to call the attention of the committee to the fact that \$129,155.50 was all that was left of the appropriation for the new City Hall. So far \$210,834.50 has been spent. To meet this expenditure only \$150,000 of bonds have been sold, causing \$60,834.50 belonging to other branches of the city government to have been spent in the construction of this building.

Mr. Pizzini, continuing, said that this had become a very serious matter, and unless some of the bonds were shortly disposed of the work must necessarily come to a stop. Such action would be a public calamity and would entail considerable loss upon the city. The Finance Committee would be very circumspect in their action and would do nothing in haste. The city's financial agents expect shortly to sell a large block of bonds, and he was in hopes that this stringency would cease in a few weeks.

Mr. Sherriffs, superintendent of construction, asked that he be given notice beforehand in case it should be found necessary to suspend work so as to be able to get everything in good shape. He was promised that should such be the case due notice would be given him.

The petition of Mr. James Hannon, keeper of Gambles Hill Park, to be reimbursed the sum of \$15, amount paid by him to at substitute while with Lee Camp in Boston, was laid on table until the next meeting.

A communication was received from the Water Committee, stating that Mr. H. J. Calder had been relieved of all duty in connection with the new Reservoir Grounds. The engineer raised the point that this would require Mr. Calder to relinquish possession of the house now occupied by him at the grounds. After some discussion the whole matter was referred to the engineer, to act as he thought fit in the premises.

Mr. Snead then arose to make a statement as to certain personal matters. During the past week he had said that he

had never made any remarks in connection with, or concerning, Mr. Pizzini. Now that he had carefully considered the matter, he remembered that on a certain occasion he had made a remark concerning that gentleman in the presence of witnesses. Mr. Snead said that he was "willing to go anywhere and with anybody to settle the matter." He afterwards qualified this so as to be construed for the purpose of explanation and not fighting.

Mr. Snead also made some inappreciable allusion to matters appertaining to the chairman of the committee, Mr. Kendler. He ended by saying he wished to offend no one. Mr. Kendler said that he wished it understood that Depreist was no more to him than any other man.

The remark made by Mr. Snead about Mr. Pizzini was that "he, like the chairman, Mr. Kendler, would take advantage of anything to carry his point."

This was caused by Mr. Kendler's action at a joint meeting of the Committees on Water and Grounds and Buildings held yesterday one week ago. At that time Mr. Kendler, being a member of both committees, voted twice, as he had a right to do. Immediately after doing so he withdrew one of the votes so as to avoid even the appearance of wrong.

The cases of Messrs. Doughty and Campbell were then taken up, but owing to the fact that Messrs. Snead and Crenshaw had left in the meantime to attend the Board of Aldermen, on motion of Mr. Pizzini further consideration was postponed until the next meeting. Adjourned.

"A Pair of Kids" at the Theatre.

The popular Ezra F. Kendall and his comedians in "A Pair of Kids" were greeted by a fine house at the Theatre last evening. This musical comedy is one of the best on the road, and Mr. Kendall and his support furnished loads of mirth to the large audience.

The "Snap and go" of Arthur Drum as "Hip," the waiter, was ludicrous, and in fact the whole company are well up in their parts, and the comedy is much better handled than most of its class.

Police Notes.

William Grimes, John Stewart, Robert Mallory and James Patterson (all colored) were charged with cursing and using indecent language in the street and creating a disturbance to the annoyance of the neighborhood. On account of the absence of witnesses their cases were continued until to-day.

Charles Douglas (colored), disorderly and assaulting S. Blanchard in the street. Continued until Thursday.

Robert Perkins (colored) was fined \$2.50 for fighting in the bar-room of Peter Nardini.

William Crews (colored) was fined \$5 and costs for being drunk and disorderly in the street.

Isaac Washington and George William (both colored), fighting in the street. Fined \$5 and costs each.

Bettie Williams (colored) was sent jail in default of a fine of \$5 for fighting in the street.
