OUR CITY FATHERS

DISCUSS A NUMBER OF MUNICIPAL MATTERS LAST NIGHT.

Joint Session of the City Council—Also Sessions of the Board of Aldermen and Common Council—Committee Meetings and Local News.

There were quite a number of meetings in Council circles yesterday morning, there being a joint session of the City Council, a session of the Board of Aldermen, a session of the Common Council and meetings of four committees.

THOMAS H. GUNN ELECTED FIRE COMMISSIONER.
The joint session of the two branches of the City Council for the purpose of electing a successor to Major E. T. D. Myers, Police Commissioner from Clay ward, met in the Council Chamber at 7 o'clock.

Those present were Aldermen Belvin, Bahen, Brown, Capers, Carter, Crenshaw, Crump, Davis, Dickerson, Hargrove, Hill, Snead, Taylor, and Common Councilmen Anderson, Bodeker, Brauer, E. R. Carter, I. W. Carter, Christian, Courtney, Glover, Grimes, Ferriter, Gunn, Hayes, Higgins, Hunt, Joynes, Mitchell, Phillips, Pleasants, Steel, Stratton, J. W. White, W. L. White, Wingfield, President Campbell presiding.

Messrs. Thomas H. Gunn, A. C. Houston and P. Burke were in nomination, having been decided on by the Board of Public Interests at their meeting last week.

On first ballot Mr. Gunn received 29, Mr. Houston 5 and Mr. Burke 3 votes. Mr. Gunn was declared duly elected, and the joint assembly adjourned.

BOARD OF ALDERMEN.
The Board of Aldermen met at 7:30 in the Council Chamber in special session to consider the ordinance drawn up by the City Engineer and reported by the Street Committee, to allow the Manchester Railway and Improvement Company to build their lines from the corner of Eleventh and Marshall by the route heretofore described, to the Exposition grounds, and from Mayo's Bridge to Main and Fourteenth street.

Present Messrs. Crenshaw, President pro tem, Belvin, Hargrove, Taylor, Carter, Hill, Dickerson, Snead, Capers, Bahen, Crump, Brown.
The ordinance was read.
Mr. Belvin moved to amend by requiring the railway to start building from College and Marshall streets instead of from Eleventh and Marshall.

The chairman announced that that agreement had been arrived at by all the parties concerned.
Mr. Dickerson wanted to know if the company had obtained the right of way across Mayo's bridge.

Major Nash, counsel for the company, said his company meant business. They could not build their line entire in time for the Exposition. They wanted to build the road on Marshall street to the Exposition grounds by October 1st, and hoped there would not be capricious opposition to their efforts to do the people a favor.

Some little debate followed, and the ordinance as amended passed without division.
EIGHTH STREET TRAMWAY.
The resolution from the Street Committee authorizing the running of a tramway on Eighth street from the lot purchased just beyond Clay street, where a shaft will be sunk, and from Broad street to the gully at the north end of Eighth street, was, after a little debate, adopted.

HOLLYWOOD.
Mr. Capers' resolution that cobble stones be given the Ladies' Hollywood Memorial Association for use on Gettysburg Hill, was passed.
NEW HOOK AND LADDER TRUCK.
A communication was received from the Board of Fire Commissioners asking that the reserve Hook and Ladder Truck be placed in service, and appropriating \$4,000. Referred to the Finance Committee.

STEAM ON BROAD STREET.
Mr. Snead offered a resolution providing that during the Exposition a dummy engine be permitted to run between Ninth and First streets on Broad and a locomotive from First and Broad to the Exposition grounds. Referred to the Street Committee.

FOSSILS.
Mr. Capers offered a resolution providing for the preservation of sharks' teeth and other evidences of the fossiliferous age discovered in the excavation of the north end of Eighth street tunnel. It was referred to the Street Committee.

NOT TRANSFERRED.
The Mayor communicated a letter stating that the bonds of the Virginia State Agricultural Society had not been converted into stock of the Agricultural and Mechanical Society, and asking who should make the transfer and whether interest should be included, etc.
Referred to the Finance Committee.
Adjourned at 8:15.

COMMON COUNCIL.
The Common Council met in special session at 8:30. Present, President Campbell, Messrs. Steel, J. W. White, Hunt, Glover, Courtney, Stratton, W. L. White, Ferriter, Anderson, Christian, Brauer, Higgins, Pleasants, Mann, Grimes, Curtis, Wingfield, Phillips, Joynes, I. W. Carter, Mitchell, E. R. Carter and R. White.

The clerk read the ordinances which had passed the Board of Aldermen relative to the street-car line from Mayo's bridge to Main and Fourteenth, and from College and Marshall to the Exposition grounds.
Mr. Christian opposed it on account of the missing link between Main and Marshall streets up Fourteenth street.

Mr. Campbell, from the chair, explained that the building of this gap will have to be begun under the terms of the ordinance.
Mr. Stratton urged the passage of the ordinance as something needed and beneficial to our great Exposition.

Mr. Christian replied and reiterated his former arguments.

Major Nash was invited to speak and gave some of the arguments used before the Board. He explained, however, that the ordinance required his company to begin their line at Mayo's bridge, and they are now building it. The company in order to accommodate people want to build a single track from College street to the Exposition grounds, right away. The company cannot construct their double track in time, but they mean to build it all and as fast as possible. How are you going to carry the people unless you give them the facilities? he asked. Even a Fourth of July fireworks drew such crowds that it compelled thousands to walk back from the New Reservoir. How will it be with the Exposition? You may not know, but I know that you will not have the steam cars, and you are bound to give all the transportation possible to the Exposition grounds.
Mr. Higgins appealed to all to help the Exposition and pass by the next four months the gap of four squares.
The ordinance was adopted without division.

EIGHTH STREET TRAMWAY.
The ordinance from the Board of Aldermen allowing a tramway for the use of the Eighth street tunnel was read and without debate adopted.

THE COBBLE STONES.
The Common Council unanimously passed the resolution from the Board of Aldermen giving the Ladies' Hollywood Memorial Association a lot of cobble stones to pave the walkways among the Confederate graves.
Adjourned at 8:45.

COMMITTEES.
The following is what the committees did.
The first to meet was the Committee on Accounts and Printing. It met at five o'clock. There were present Messrs. Bowden, chairman; Pleasants and Bahen. The committee approved a number of bills, and the chairman signed them, after which they adjourned.

SCHOOLS COMMITTEE.
The Committee on Schools met in the Council Chamber at 6 o'clock. There were present Messrs. Capers, chairman; White, Pleasants and Anderson.
The bills of the Mechanics' Institute, a small amount, were ordered to be paid, and there being no other business, the committee adjourned.

GROUPS AND BUILDINGS COMMITTEE.
The Committee on Grounds and Buildings met in regular weekly session in the office of the city engineer yesterday evening at 6:30 o'clock.
There were present, Messrs. Phillips, chairman; Higgins, Hunt, Crenshaw, and Snead.
Bids were advertised for coal and wood for the use of the buildings, &c., under the control of the Committee on Grounds and Buildings such as the City Hall, Council Building, Armory Hall, Roller and Crusher, City Stables, &c. They were received and opened.

The bids were all placed on the black-board. Some were different in price for the same article and some did not bid for sundry of the articles named in the specifications.
It was decided to have the City Engineer calculate the lowest bidder for all the articles he may have respectively bid for, and was authorized to amend the contracts.
The contracts will be awarded to-day.

PARK CARRIAGES.
The same two propositions in regard to park carriages were announced as all before the committee, and it was decided that in view of time consumed in awarding contracts and three meetings of the council, the matter be postponed for one week.
The regular pay-roll was approved.
It was decided to sell the old hose at the New Reservoir and transfer to that place the hose from Chimborazo Park.
Adjourned at 7:30.

CLAIMS AND SALARIES.
The Committee on Claims and Salaries met in the Council Chamber at 8 o'clock.
Present, Messrs. Glover, White and Carter.
Sundry bills were ordered to be paid, and the committee then adjourned to attend the meeting of the Council.

Large Excursion Trains.
Three heavily loaded excursion trains left Richmond yesterday. One went up the Richmond & Alleghany and another went by the Richmond & Petersburg railroad. The third went down the Richmond & York River, and was composed of thirteen coaches. It was crowded with colored people all the seats, the aisles, and the platform being packed. More than a hundred people could not get on, so a fourteenth coach came down. Before the doors were unlocked the coach was filled, the zealous "scussionists" climbing in the windows.

The Abrams Case.
In the case of Abrams, the man who attempted a felonious assault on a little eight-year old girl, and who was given eight years in the State Penitentiary, it has been decided through his counsel to appeal to the Supreme Court of Appeals. The bills of exception, as has been reported, were signed and made a part of the record.
Counsel have ordered a copy of the record, and the Hustings Court clerk was yesterday engaged copying it.

Mrs. Carter's Funeral.
The funeral of Mrs. Mary Gray Wharton Carter, wife of Dr. M. B. Carter, whose death on Sunday evening was mentioned in Monday's Times, will take place this morning at 11 o'clock from Monumental Episcopal Church, of which the deceased was a true and consistent member.

Major Gaines, Superintendent of Public Buildings, has purchased a pair of California squirrels, which will be placed shortly in the Square. They were on exhibition on one of the Capitol porticos yesterday and were seen and admired by hundreds of people.

FUNERAL OF MR. JAMES N. DUNLOP.

A Large Attendance at St. Paul's Church.
The funeral of the late James N. Dunlop took place yesterday evening from St. Paul's Church at 6 o'clock.
The church was crowded, and a long funeral procession followed the remains to Hollywood, where they were interred in the family lot.
The regular ritual of the church was read and chanted.

Captain Frank Cunningham assisted the church choir, and sang a feeling solo. The officiating clergymen in charge were Rev. Mr. Funsten, rector in charge, (Rev. Dr. Minnequero's absence, and Rev. Joshua Peterkin, D. D., rector of St. James').
The active pall-bearers were the following intimate friends of the deceased: Messrs. G. McD. Blake, Louis F. Bozette, Overton Howard, C. P. E. Burgeyn, R. A. Lancaster, Jr., P. B. Shield, Charles Selden, and Robert H. Steger.

The honorary pall-bearers were: Dr. C. W. P. Brock, Colonel Thomas J. Evans, Judge E. C. Minor, Major Robert Stiles, Captain Thomas G. Jackson, and C. C. McFae.

Police Notes.
The Monday morning docket in the Police Court covered six pages, but the cases were the most trifling that have been brought before the court for many Mondays past.

A large number of these cases were heard, most of them being dismissed. They were to a large extent small quarrels between negro women, and where men getting too drunk to take care of themselves had to be taken care of by the police.

A few of the cases were as follows: Sarah Hill (colored), was charged with unlawfully trespassing on the premises of, and assaulting and abusing Jennie Jackson, and Fannie White (colored), charged with abusing and using indecent language to Sarah Hill on the public streets. They were each jailed in default of surety in the sum of \$50 for six months.

David Robinson (colored) was accused by Nora Booker, who did his cooking, with stealing six dollars from her. When Nora found out her money was gone, she went to a fortune-teller, and after paying twenty-five cents, she was told that a colored man and a colored woman had her money, and she fastened on the prisoner and a colored woman who was now doing his cooking, with being the thieves. This was all the evidence, and David was discharged.

Amos Powell (colored), charged with creating a disturbance on the street, was fined \$5 and costs.
Della Mayo swore out a warrant against Mary Jane Washington (both colored), stating that she feared bodily harm at her hands, and asking that she be placed under bonds. Continued until to-day.

Samuel Sutton (colored), assaulted and beat Ella Sutton. The regulation fine for striking a woman, \$19 and costs, was imposed.
Daniel Brown (colored), charged with cursing and abusing Robert T. Brooken was fined \$5 and cost.

LOCAL NOTES.
Louis Meyer's, No. 820 West-Broad street, was entered by thieves and a silver watch and chain stolen.
The Swedish brig Monitor reported at the Customs-house yesterday to load with flour for Brazil.

Treasurer Smith J. R. White of Caroline county spent a while in the Auditor's office yesterday making his returns for that county.
Mr. George Mason, ex-clerk of the Corporation Court of Petersburg, was at the Capitol yesterday settling his accounts with Auditor Marye.

A rumor was afloat last night that a cave-in happened in Rocketts, burying a number of persons. There was no truth in it. Policemen from that beat who had been on duty from 6 a. m. till 12 midnight heard nothing of it.

Early yesterday morning thieves entered the residence of J. M. Tutwiler, No. 1415 Broad street, through the rear window and stole some wearing apparel and \$18.50 in money. They have not been apprehended.
Yesterday Dr. P. H. Mullen's resignation as surgeon to the convicts working on the Portsmouth and Southern Railroad in Henry county, was accepted by the Governor. He appointed Dr. C. P. Smith of Martinsville in his place.

Mr. Randall Much Better.
PHILADELPHIA, July 30.—Congressman Samuel J. Randall is getting along bravely since he arrived at Wayne, and the doctors, his family and his personal friends are delighted with his favorable condition. There have been no bad results from the six hours journey from Washington, but, on the contrary the patient has shown marked signs of improvement since the trip was two hours old. Castanea, which Mr. Randall has rented from Mrs. J. Belongee Coxe, is a lovely place, the house being roomy, new, and with every modern convenience. It is situated so as to give Mr. Randall plenty of fresh air, and from the window of his bed room he has a fine view of a pretty bit of rolling country, which he appreciates and enjoys.

WASHINGTON, July 30.—In the Senate to-day Mr. Wilson, of Iowa, from the Committee on Judiciary, favorably reported the bill creating an additional Justice of the Supreme Court of Wyoming.
Mr. Allison then called up the sundry civil bill, and amendments were reported by him and adopted.

THE KAISER'S RETURN.
What Has He Accomplished by His Trip.

LONDON, July 30.—The return of the Emperor William to Berlin on Wednesday will be made the occasion of a grand oration to Kaiser. Now that that monarch is on his way back home the question is repeatedly asked, what has been accomplished by his visit to the Czar that is likely to redound to the benefit or glory of Germany? Certainly not hoodnobbing with the Czar has not had the effect of bringing Germany into closer relations with her allies, Austria and Italy, while many European, and especially German statesmen, are of the opinion that the bonds of the triple alliance have been considerably slackened thereby. The splendid diplomatic achievement of the Pope, too, in preventing the Kaiser's trip to Rome cannot fail to irritate Italy greatly and force upon her ruler the conviction that the Kaiser may ultimately be brought to regard the alliance as an agreement made for the purpose of benefiting Germany alone.

SHOT BY DISGUISED MEN.
Two Farmers Killed in Ireland and Their Murderers Escape.

DUBLIN, July 30.—John Forhan, a boy-cottled farmer, while returning from Tralee with three laborers in a cart yesterday, was shot dead near Listowel, Kerry, by two disguised men, who jumped over a fence, fired and escaped through a wood.
While Farmer McAuliffe was working with a laborer, named Ruare, in a field at Glounanukle, Cork, on Saturday, a man disguised with a white cloth entered and demanded their names. Ruare gave a false name. He was ordered by the stranger to fall upon his knees, and he did so, whereupon the stranger shot him twice and he died an hour afterwards. The stranger escaped. His identity is not known to McAuliffe.

A FUNNY INCIDENT.
Indians Enraged at the Eclipse of the Moon.

MUSKOGON, I. T., July 30.—Four thousand blanketed Comanches, Kiowas, Cheyennes, Arapahoes, and Delawares were at the Anadarko Agency last week to get their rations when the total eclipse of the moon occurred. The savages were filled with alarm, and became very demonstrative. The principal chiefs ordered them to "shoot at the evil thing trying to harm the moon," and the entire force of Indians opened fire in the air, keeping up the shooting for upward of an hour until they were out of ammunition. When the moon appeared in full after the eclipse wild whoops went up for what they believed to have been their victory.

Killed Him With a Razor.
DULUTH, MINN., July 29.—James Reaney, a vessel-trimmer from Buffalo, set the throat of Benjamin Clark of this city at Fond du Lac village, sixteen miles west of here, on the St. Paul & Duluth road, last evening. Reaney was at once arrested and brought here with the body of the murdered man. Reaney and a German named Grupp were going to Claremont to work in the wheat fields, and with Clark and two others were stealing a ride in a box-car. Reaney says that on the way Clark proposed to steal some money Grupp had while the latter was asleep. Reaney protested against it, and after the car was started and they got out Clark quarrelled with him and took hold of him, when Reaney drew a razor and cut Clark in self-defense.

Host With Its Own Petard.
LIMA, O., July 30.—The Rock Nitro Glycerine Company's factory, two miles south of this city, was set on fire about noon yesterday, and soon after exploded with great force. The building was reduced to splinters, and pieces of flesh torn out of the bodies of several men. It is supposed several tramps were killed, and a number of them were seen around there a few minutes before the explosion.

AMATEUR PRIZE FIGHT

Between Two Baltimore Clerks.

BALTIMORE, July 30.—Two young clerks, named respectively Edward Koppelman and Edward Taliaferro, employed in a large tailoring establishment in Baltimore street, made a combination bet on the races at Saratoga on Friday, each agreeing to share profits; two of the horses on their ticket winning it was resolved to hedge. Koppelman was entrusted with this mission but backed the wrong horse, and the consequence was the whole thing went to smash. Taliaferro became very angry, and gave Koppelman a piece of his mind. This led to a quarrel and finally a challenge to fight. This being accepted, the other clerks in the establishment were called upon to lend a hand and see fair play.

Last Sunday night the young bloods hired three carriages and proceeded to a resort immediately outside the city. A suitable place being selected, the combatants stripped for the fray. Edward Taliaferro is a short, thick-set man, about twenty-four years old. Koppelman is tall and slim, boyish in appearance, ruddy in complexion and about twenty years old. The fight lasted just ten minutes, all in one round, and in any style that suited the pugilists. Koppelman was whipped, both eyes were badly banged, his cheek was enlarged, and he was bruised in a good many places. He blackened Taliaferro's left eye badly and punched him severely in the face. Koppelman admitted that he was worsted, but attributed it to the fact that one of the spectators friendly to the other side jerked his shirt, and at that moment his opponent kicked him and did him up.

After the fight all got in the hacks and drove back to town. Unfortunately for the combatants the police learned of the fight and hunted up and arrested the whole crowd. They were kept in a station-house for some time and then brought before the justice and fined.

WEPT TEARS OF JOY.
Chiara Cignarale and Her Daughter Meet for the Last Time in the Tombs.

NEW YORK, July 30.—"My darling mamma" was the greeting of Rosa, the thirteen-year-old daughter of Chiara Cignarale, whose death sentence was commuted to imprisonment for life by Governor Hill Friday, as she threw her arms around her mother's neck at the Tombs yesterday afternoon. The woman wept and moaned over the child, thinking that they would never see each other again. Matron McAuliffe interposed and reminded the mother that the rules of the penitentiary permitted her to see her child once a year. "I'll never miss a chance to see you," Rosa promised her mother. She is a very bright and intelligent little girl, quite tall for her age, and has rosy cheeks and dark eyes. She has been an inmate of St. Joseph's Home since the separation of her parents. Rosa remained in her mother's company for over two hours. The little one's head rested in her mother's lap. "If I could take her with me to the penitentiary," said Chiara, "I would be perfectly happy." Many kisses were exchanged at parting. Mrs. Cignarale wept for an hour after Rosa left. Warden Osborne has been notified that she will be taken to the penitentiary at Blackwell's Island to-day, where she will be the only female prisoner under life sentence.

COLLISION AT SEA.
The Parthian Collides with a Schooner.

VENEYARD HAVEN, MASS., July 30.—The steamship Parthian of the Boston and Philadelphia Line, Captain Nickerson, from Philadelphia for Boston, and the schooner Ayr of and from St. John for New York, with a cargo of lumber, collided near the West Chop, Vineyard Sound, about 9:30 o'clock Sunday night, during a fresh northeast wind and cloudy weather. The Parthian was struck amidships on the port side and was run around in this way, making badly. She had a full cargo of general merchandise and fifty-five passengers, most of whom were awakened from a sound sleep by the collision, though no panic and but little excitement occurred. A few wanted life preservers, but were soon quieted by assurances from the officers of no immediate danger. Less than one hour after the disaster the Parthian was grounded safe and motionless in the harbor. All the passengers on board were in good spirits and were transported to Boston.

The Emperor in Copenhagen.
COPENHAGEN, July 30.—The German and Danish squadrons met at 9 o'clock this morning a short distance south of Dragor. King Christian of Denmark and Crown Prince Frederick boarded the German imperial yacht Hohenzollern, which was flying the Danish colors, and extended a cordial greeting to Emperor William. The sailors of the German vessels manned yards and cheered the Danish squadron. Emperor William accompanied King Christian and the Crown Prince back to the Danish yacht, which displayed the German flag, and was brought to this city. The royal party landed at 11:30 o'clock and were received by the guard of honor. The band played a Prussian anthem as Emperor William stepped ashore.

MEMPHIS, July 30.—A difficulty occurred this morning on board a passenger train of the Kansas City, Springfield & Memphis Railroad, near Hardy station, Kansas, 127 miles west of Memphis, between C. S. Burke, a brakeman, and some unruly passengers who were in the ladies' coach. A general fight ensued, and in the melee one of the men stabbed Burke with a knife near the heart, causing almost instant death. The murderer, who was his comrades, jumped from the train and made their escape into the woods. Burke was 20 years of age, and lived in Springfield.

FROM HALIFAX COUNTY.

A Human Fiend Taken From Jail and Lynched—Death of an Estimable Man. (Special Correspondence.)
HALIFAX COURTHOUSE, VA., July 27.—Editor *Times*: Early yesterday morning Bruce Younger (colored), was committed to jail charged with the heinous crime of rape upon Mrs. Robert Dodd, a white married lady, wife of a respectable farmer living near Meadsville. While the act was heinous enough, it was made doubly so by the ladies peculiar condition. Some time after midnight last night about one hundred men rode into town and secured their horses on the outside of the Court-house square, and proceeded to the jail. They were well organized and had a competent leader. After the men got over in the Court-house square they threw out guards all around the jail. Not a man spoke a word, but the commands were given by signals. The jail keys were in the possession of the wife of the former jailor, and the lynchers could not obtain them, so they proceeded to batter down the doors, breaking locks, etc., when the cell was reached containing the prisoner they bound and gagged him, and at once proceeded to the place of execution, which was to a high foot-bridge near here across Toots Creek. Here I learn the man made a full confession of his crime, and he was allowed five minutes to pray. Then he was suspended between heaven and earth and his body riddled with bullets, after which the lynchers quietly departed. Mrs. Dodd is said to be in a critical condition, and a report reached here this morning that she is dead. I do not know whether the report is authentic. I do not believe in such work generally, but I do think this is a justifiable case. This is the first prisoner ever taken from jail in this county and executed.

Mr. W. A. Rogers, deputy clerk County Court, died on the 20th ultimo after a painful illness of eleven days. Mr. Rogers was connected with the clerk's offices of this county for the last twenty years. The deceased was a man of high character, was warm-hearted and generous. If the space could be spared I could fill the issue of your paper with deeds of charity and pleasing reminiscences of his office life, but nothing I could say would raise him in the estimation of the people of Halifax who knew him best, for we all loved him and had an exalted opinion of him. He leaves a devoted wife and two daughters to shed tears over his grave, and nothing I can say would wipe away or stay one of them. Peace to his ashes.
