Superintendent Derr hampered by the School Board—Two Suitable Buildings Can be Had at Reasonable Rental—The Colored Children All Right—Action of the A. M. E. Church Trustees.

The question of providing more school facilities, which at the time was apparently settled by the election of the finance committee Monday night, for the welfare of the city, has not yet been arranged to the satisfaction of those who are interested in the education of the children of Roanoke.

The finance and public property committees, to whom the superintendent's recommendation were referred, left the renting of buildings to the school board and the public property committee, with the provision that not more than \$600 be expended.

The board contends that suitable buildings cannot be secured. From Superintendent Derr a Times reporter learned yesterday afternoon that a comfortable store building with two rooms, large enough to accommodate about 200 pupils, can be secured in the district north of the railroad. It is the Wisconsin Vertz building on Boulevard avenue, and can be rented for \$50 per month.

In the southwest section, a room on Seventh avenue, two blocks from the Second Lutheran Church, can be rented for \$16 per month. This room will hold by crowding not more than fifty pupils.

In the part of the city beyond Woodland Park and the City Cemetery there are about 300 children, many of whom have never received any benefit from the city schools.

The Lutheran Mission Church was at first proposed for temporary use, but it has been intimated to the superintendent that the building cannot be had, although the Lutheran Church has worshipped in the chapel of the First ward school building for some time, and will continue to do so perhaps for the next year, while their \$40,000 church is being erected.

When his attention was called to this fact, Superintendent Derr said that he would be glad to return the courtesy, but was met with the reply that a public school would injure the building.

The opportunities offered for acquiring property for school purposes are also interesting. Suitable grounds can be purchased in the northwest section for \$1,800—one third cash, and the balance on two years' time, in annual payments. In the southeast section lots can be secured for \$900 upon the same terms.

The land companies to which the lots are offered, offered to help erect buildings if the city will purchase the property. Mr. Derr thinks that the enhancement in the value of the property by the time the last payment would be due would be as much, if not more, than the cost asked for it.

Both locations are well adapted to school purposes, and conveniently situated. The colored children have been very well provided for. A school will be opened this morning in the African Methodist Episcopal church, near the colored school building, with Miss Rosetta Coffey as teacher. This will afford additional facilities for 100 colored children. There are over 300 in the other school already, and it is crowded.

This building is secured, and is ready furnished, for \$5 per month, at the voluntary offer of the trustees of the church, as they were anxious for more school room.

The walls of the new brick church on the lot adjoining the school building are about completed, and as soon as the roof is on, the basement will be immediately fitted up for the use of schools. This will be a very neat room and will be near enough to be under the immediate supervision of the principal. This is the only voluntary action of the church, and the room will be ready for use inside of two months.

The other schools are crowded already. Over 600 were packed into the First ward building yesterday, and quite a number could not be provided for.

The amount appropriated for renting buildings lacks about \$200 of being sufficient to secure the buildings now in view through the term. The board opposes the renting of buildings, and Superintendent Derr, who is interested in supplying the needed school facilities, finds himself in rather a puzzling dilemma. The superintendent says that the buildings he wants to rent are not entirely satisfactory, but he thinks that the should be put up until better can be supplied. He does not antagonize, but heartily encourages the buying of the property alluded to above, but thinks the present need of schools should be supplied as far as possible. With an additional appropriation of \$200 he has already pointed out how it would be possible to provide for at least 250 more white children than can get in the present schools.

A Warning Bell Wanted. It is a source of much annoyance to passengers over the Vinton extension of the Roanoke street railway that no warning bell is sounded when the dummy leaves either end of the line. When the time for the departure of the dummy arrives the bell is given a tap and the train moves off immediately, whereas, if it was rung about three minutes before leaving time, it would notify the passengers in time. People are left nearly every trip just from this cause.

Rev. J. E. Bushnell's Vacation. Rev. J. E. Bushnell, of St. Mark's Lutheran Church, addressed a large audience, numbering several thousands, at the great Lutheran gathering at Pen-Mar last week. His address was received with great favor. From there he went to York, Pa., where an address was delivered, of which the local papers speak in high terms, and give an extended report. When last heard from he was at the Continental Hotel, Philadelphia. He will remain away a fortnight longer.

The Mayor's Court. The Mayor's Court disposed of the following business yesterday: W. H. Banton, fast driving, fined \$2. H. H. Aston, drunkenness, \$2.50. A. Moore, \$2 for drunkenness and \$10 for carrying concealed weapons. James Riley, Drunkenness, ordered to leave town. Will Shelly, drunkenness, \$2.50.

CHILDREN TURNED AWAY FROM THE PUBLIC SCHOOL. YET NO ADDITIONAL SCHOOL ROOMS

BUSINESS IS ACTIVE.

Roanoke Merchants Unite in Predicting a Lively Fall Trade.

"How is business, and what is the outlook for the fall trade?" are some of the questions put to the leading merchants of Roanoke yesterday by a Times reporter.

Prominent men of all branches of the mercantile business were interviewed, and the result is that Roanoke's growth is demonstrated by an increase in the volume of business.

The reporter found Mr. Joseph Rosenbaum, of the firm of Rosenbaum Bros., dry goods merchants, very busy selling the beautiful goods that fill his shelves and counters, but he took time to say: "Our prospects were never better. We are preparing for a big fall trade, and we secured the services of an expert decorator for the interior and show windows for the benefit of the ladies."

Mr. George MacBain, of the dry goods firm of Snyder, Hassler & MacBain, said: "I have just returned from the North and the wholesaler says that this is the best season they have ever had. This is an indication of prospects for a large trade in the South. Our prospects are good if the weather doesn't keep too warm."

L. Bachman, a dry goods merchant, said: "My outlook for business was never better. I expect the largest trade I have ever had this fall."

Mr. Heironimus, of the dry goods firm of Heironimus & Bruhl, said: "We had a good trade in business since the spring, our trade has grown constantly, and the outlook for the fall is encouraging."

Mr. A. Picken, Sr., of Picken's jewelry and art store, said: "Our business is double what it was a year ago, and we will do a much heavier business during the fall. Mr. A. Picken, Jr., will go to New York the first of October and remain for two months, purchasing our fall and Christmas goods."

Mr. B. Huff, manager of H. S. Verthorn's jewelry store, said: "Our business has been growing constantly, and we expect a larger trade than ever before this fall."

Mr. J. Frank, of the clothing house of Frank Bros., was busy counting the profits of the previous day's sales, which he had been unable to get through with the night before, and said: "Our business for July, 1890, was 15 per cent. better than July, 1889, and we are picking up since the first of September. Wholesale clothing dealers all over the country say they have sold more goods for the season than in any previous year. Our outlook for the fall is very good, but of course much depends upon the weather. If it is not unusually warm we will do a heavier business than ever before."

J. R. Greene, of the firm of Greene & Co., clothiers, said: "Business has already begun to improve. We are selling more clothing now, and are looking forward to the best season we have ever had."

L. H. Bruhl, grocer, said: "I have been in business here not quite a year, and my trade has increased all the time. The prospects are good for the fall trade."

C. F. Blount, of the Diamond grocery, said: "My trade has been good all the summer, increasing all the time. In my opinion, the coming fall will be the best for business Roanoke has ever seen."

Mr. J. B. Andrews, of the wholesale grocery firm of Huff, Andrews & Thomas, said: "Our business has been very satisfactory all the summer, and the fall trade will be heavier."

"How does your present outlook compare with that of a year ago?" "We are handling more goods with better prospects for the fall, the local trade being greatly increased."

Mr. R. Tredway, of the firm of Tredway Bros., wholesale grocers, said: "Our business is very satisfactory, and it now looks like this fall will be the best for business in the history of Roanoke."

A. S. Chewning, of E. H. Stewart's manumote, which showed a wide range of selection on the part of the givers. In the long dining room an elegant lunch was served. The guests were given paper cutters of various kinds of wood as favors from the host and hostess.

The evening ended with laughter, music, song and pleasant conversation, and it was midnight before the guests made the fond parting and bade their hosts farewell.

Mrs. Matson is a charming hostess, and the facility of gathering all the pretty girls in Roanoke beneath her roof. Among those present were: Capt. and Mrs. Bransford, Mr. and Mrs. McDowell, Dr. Harrison, Mr. Cary, Mr. Barbee, Mr. J. K. Simmons, Mr. and Mrs. Graham Anderson, Mr. and Mrs. Hugh Gallagher, Dr. and Mrs. Koller, Mr. and Mrs. Budwell, Mr. Hinton Helper, Rev. AN ACTIVE DAY.

CAUSED BY THE RAILROAD QUESTION BEING SETTLED. QUICK EFFECTS OF THE GOOD WORK

Real Estate Men Report the Most Active Day's Business This Fall—More Than 8300,000 Worth of Property Changes Hands—Prices of Real Estate Tend Solidly Upwards.

Yesterday was a lively day in Roanoke. Early in the morning the carriages of real-estate agents were crowding the streets and driving in long trains to the suburban districts, giving the city a decidedly active air. The activity began Monday, and the clattering carriages robbed many a fellow of his morning nap yesterday.

No matter where you went the enterprising real estate man was there too. From the general appearance of things any one who was unacquainted with the events of the day preceding, might easily have conjectured that something extraordinary had happened, was happening or was about to happen, and not have been mistaken in either instance.

The Roanoke and Southern terminus and the Roanoke and Potomac dirt was going like hot cakes to hungry buyers, and everything was getting ready for a big boom.

The real estate market was more active yesterday than it has been for some time, and the value of property changed hands. Prices were good and the demand was lively. James S. Simmons & Co.'s, sales amounted to \$60,000. O. Leary, \$45,500, and Gray & Hoswell \$21,500, making a total of \$127,000 for only three days.

There were forty real estate agencies in Roanoke, and a number of them told the TIMES man that business was more active than it has been in some time. Messrs. Spindle & Miller said they had been in business for three months and yesterday was the best day they had had.

While there was no great jump in the prices, property went readily at what it has formerly been held for. He came here Thursday and was present in company with some gentlemen last night when the dispatch descriptive of him was received.

His manner and the description of him given in the telegram caused suspicion, and his efforts afterwards to elude investigation confirmed the police that he was the person wanted. He admitted that his name was Garland P. Moore, and that he had been clerk of Northampton county.

He readily agreed and had to be subdued by being covered with revolvers. His arrest and the reports of his crime which reached here this morning have created a strong feeling of indignation among our citizens.

Property in any part of the city found ready sale, but that in the west end and the West End was more in demand. The stir was not observable only by the real estate men, but was the talk of the town, almost everybody attributing it to the consummation of the Roanoke and Southern matter.

Real estate men say that the Roanoke and Southern has been helping to sell real estate here for a year, and for the last two weeks has been bringing up the market considerably. Yesterday the rush came, and real estate men are happy.

THEIR WOODEN WEDDING. Mr. and Mrs. D. H. Matson Celebrate That Event and Receive Friends.

Mr. and Mrs. D. H. Matson celebrated their wedding last evening at their delightful home on Eighth avenue. Even their spacious parlor could scarcely hold the many friends who came to offer congratulations, and the stairways, halls and wide verandas offered cool retreats for the younger element to whom a little shade was not ungrateful. The host and hostess stood the many guests who arrived in a steady stream from shortly after eight o'clock until nearly ten.

The rear parlor was thronged with people admiring the numerous and elegant presents, which showed a wide range of selection on the part of the givers. In the long dining room an elegant lunch was served. The guests were given paper cutters of various kinds of wood as favors from the host and hostess.

COMING TO ROANOKE.

The Baltimore Sun Favors the Finca-castle to Roanoke Route. BALTIMORE, Md., Aug. 10.—The Sun says this morning editorially: At a recent election the town of Fincastle, Botetourt county, Virginia, voted a subscription of \$10,000 towards the construction of a railroad from that town to Troutville, a station on the Shenandoah Valley railroad, but the Roanoke papers are urging the diversion of that subscription towards the building of a road from Fincastle to Roanoke, where it could form a connection with the Roanoke and Southern railroad, now approaching completion, and which will give Roanoke important connections with the railway systems of Western North Carolina.

The construction of the road from Fincastle to Roanoke is of interest to the business men of Baltimore, for the Baltimore and Ohio railroad is already graded between Lexington and Fincastle, to Salem, in fact, and could be completed at small comparative cost. Many of the leading business men of Roanoke have been interviewed, and they are unanimously in favor of the proposed Fincastle extension. With the Baltimore and Ohio railroad in Roanoke it would be a competitor of the Shenandoah Valley railroad for an immense and rapidly-growing traffic, whilst a connection with the Roanoke and Southern would afford opportunities for the development of an extensive trade in the Carolinas naturally tributary to Baltimore, but now deflected for want of proper railroad facilities.
