

SALEM NEWS.

THE BAPTIST ORPHANGE.

Contract Not to be Let till the Return of the Superintendent.

THE ROANOKE TIMES BUREAU,
HOTEL LUCERNE, SALEM, VA.

The executive committee of the Baptist Orphanage had a meeting yesterday morning, attended by Mayor Evans and Dr. Flippo, of Roanoke; Prof. Cooke, of Hollins, and T. I. Preston, A. G. Duncan and C. R. Towson, of Salem.

The committee discussed the plans and specifications for the orphanage building and decided not to let the contract until the return of the superintendent from Europe.

The Y. M. C. A. Entertainment.

The Young Men's Christian Association entertainment on the 30th will be very interesting. The Salem cornet band will be out in force. Among the vocalists on the programme are James Wylie, the Stearnes and the Towns; the instrumentalists, Comp, Montgomery, Webster, Dolin brothers, J. E. Altemong and T. M. Baird. J. L. Frantz gives a recitation, and A. C. Webster indulges in "a few remarks."

Messrs. Comp and Montgomery, "the twin triplets," and Charles Strothers, as "Ah, See," will figure in a sketch. "Fun in a Music Store," in which seventeen monstrosities in musical instruments will be handled.

Benjamin Burbecker Dead.

Benjamin Burbecker died near Hanging Rock, on Wednesday the 25th inst., of kidney disease, at the age of 82 years. Mr. Burbecker was one of these thrifty citizens, a Dunkard. SALEM ADVERTISEMENTS.

REMARKABLE GROWTH

Of Salem, "The Queen City of the Southwest," in One Year.

The Salem Improvement Company, the most successful organization of its kind in Virginia, had its first sale of lots December 11, 1889. Since that time the growth of Salem has been marvelous. About 400 houses have been built; \$1,000,000 spent in buildings and improvements; the population nearly doubled, and the business of the postoffice and telegraph office increased 500 per cent. The iron furnace about to go into blast, the factories in operation and actually secured will employ several thousand hands and insure the doubling of the present population of 4,000 in another year. Among the industries recently secured are a rolling mill from Cincinnati, the Olean Speed Cart Works from Olean, N. Y., and wire nail works from Parkersburg, W. Va.

Negotiations are in progress for additional plants to employ a large number of hands, and the land companies, with an aggregate capital stock of \$4,000,000, have voted liberal sums for new industries. A woolen mill (nearly completed) that will manufacture its goods into clothing, will employ a large number of females. The early extension of the Baltimore and Ohio Land the Roanoke and Southern to Salem will make it an important railway center, and hasten its growth into a large iron, steel and general manufacturing and commercial city. Salem and

Roanoke, now rapidly growing together, are destined to be the great industrial center of Virginia.

The proximity of the great Flat Top coal fields, the cheapness of the famous Pocahontas coal and coke, the abundant supply of iron ore, timber, and other raw materials, make Salem an advantageous point for factories.

Salem is the most attractive town in Virginia; and it may well be proud of its surpassingly beautiful location, its healthful climate, its refined society, its fine churches, its excellent schools, and of Roanoke College, one of the leading institutions in Virginia. Attractive as a place of residence, it now offers unusual advantages for manufacturing and general business. No other town in Virginia has ever equalled Salem's record of progress for the last twelve months. The stage of experiment is passed, and Salem is now firmly established on a solid industrial basis.

The property of the Salem Improvement Company adjoins the old town and is surrounded by the lands of other strong companies. Being inside property, it will continue to increase in value. The Norfolk and Western and the Dummy Line to Roanoke run through it and have their passenger stations on it. The streets have been graded and the town system of water works extended through it. On College avenue, which has been well graded and macadamized at a cost of \$9,000, only brick or stone buildings may be erected. At the foot of this avenue stands the fine new stone passenger station of the Norfolk and Western railroad, and on it the Hotel Salem, costing \$65,000, exclusive of the land or furniture, is under roof, the Improvement Company's bank and office building—50 by 80 feet, three stories—is nearly ready for occupancy, and a number of large business houses have been built and others are in course of erection. This avenue is sure to become one of the finest business thoroughfares in Virginia.

Persons interested in locating plants, or in making investments in Virginia, should not fail to visit Salem. A pamphlet of 32 pages, a map and further information will be furnished by J. W. ALLEMONG, President, Salem, Va.

NOTICE TO STOCKHOLDERS.

At a meeting of the board of directors of the Salem Improvement Company, held at the company's office December 30th, 1891, the following order was passed:

Resolved, That the president and treasurer be authorized to receive stock of the Salem Improvement Company at \$30 per share in full payment for all lots as specified by number on price list of December 11th and 12th, 1890, and at the prices named in said price list, remaining unsold, in any section east of Delaware street and south of the line of the Roanoke Street Railway Company, provided that the right to purchase under the above named terms shall be availed of between the 13th of February and the first of April, 1891, and that a copy of this resolution shall be mailed to each stockholder of record. Southwest Virginia Mineral, Timber, Farm and City Property Agency.

Principal Office, Roanoke, Virginia.

MINERALS A SPECIALTY

All persons having mineral, farm or timber lands are requested to list them with us for sale. The long experience of our senior, Mr. J. A. Dalby, in mining and sale of real estate warrant us in assuring our patrons that their interests will be properly guarded in the sale of their property, and all money coming into their hands will be promptly paid over. Owners may, if preferred, employ their special agent or attorneys.

Persons, in sending descriptive list of property, are specially cautioned against giving overdrawn descriptions, as it lessens chances of sale. We also advise against giving options on mineral properties, they often interfere with sales and lead to litigation.

We shall do a legitimate commission business.

Active, reliable agents wanted in every county in Southwest Virginia.

All city property listed with us will have prompt attention, and sold to best advantage.

We have looked for sale a list of improved and unimproved property, business and dwelling houses in different sections of the city.

Persons wishing to buy or sell are respectfully invited to call on us.

Office, Room 3, Moomaw Building, Jefferson street.

Buchanan

NO PLACE in the South offers superior advantages to those seeking Manufacturing Sites

than Buchanan. It has all the conditions for Successful Manufacturing. Cheap fuel, cheap and most excellent irons, abundant timber in easy reach, and other raw material at hand. Pipe works, paper mills, furniture and other wood-working establishments, boot and shoe factories, iron and steel rolling mills, stove foundries, woolen and cotton mills, machine shops, will find this the best location in the South.

The facilities for shipment of products are unsurpassed.

It is on two lines of railroads, the Chesapeake and Ohio and the Norfolk and Western, (S. V. R. R.) and the building of two others, the Baltimore and Ohio and Virginia Western seems well assured. It has competing coal: is within easy distance of the New River and Flat Top Cokes; is at the gateway to the magnificent deposits of iron ores of the Upper James; the limestone for the Roanoke furnace is mined here; it has glass sand, and sand for silica brick and foundry purposes at its very door; in a word, is an ideal manufacturing site.

A level tract of four hundred acres of land, lying on both sides of the railroads, and on the James River as well, with just fall enough (twenty-five feet) to give good drainage, has been reserved for manufacturing purposes. Not only are selected sites from this reservation offered free to responsible parties locating manufacturing establishments at Buchanan, but the CENTRAL LAND COMPANY OF BUCHANAN is desirous of investing in such establishments as give promise of success. It is especially anxious to secure New England skill, and the minor industries that have been so successful in New England.
