FINANCE AND COMMERCE.

New York Stock Market. NEW YORK, May 17.—There was a decidedly better feeling in stock circles to-day. At the start prices ran off 1/4 to 1 1/2 per cent. in sympathy with the break in London, but it soon became evident the decline was due to manipulation from this side and a rally promptly ensued. There was a good buying of stocks generally and the Vanderbilts were credited with liberal purchases of their specialties.

After the market had enjoyed a substantial advance the bears began to hammer the list and a reaction of 1/4 to 1 per cent. ensued, but the decline had the effect of changing trading. On the other hand as soon as the market started on the up-track against speculation it became lively, and after the delivery hour it was characterized by a positively buoyant tone. The short interest was considerably alarmed, and final quotations were anywhere from 1/4 to 1 1/2 per cent. above last night's final.

Chicago Markets. CHICAGO, May 17.—The markets were demoralized to-day. The opening in wheat was 1/4 to 1/2 lower than yesterday's closing and with some fluctuations prices further declined 1/4 to 1/2, but held steady at the closing and was about 1 1/2 to 1 3/4 lower than yesterday. Corn was firm, and sold at a shade over yesterday's closing prices at the opening, but was crushed by the weight of offerings, when wheat declined. The close was within 1/4 of inside prices, with a decline of 1/4.

Dead Horse in a Well. A dead horse was found in a well forty-seven feet deep yesterday morning on Seventh avenue n. w. The find was made by a colored man named James Ford. The owner of the horse is not known, neither has it been ascertained how long the dead animal has been in the well. Chief of Police Terry has notified the Iron Belt Building and Loan Association to whom the well belongs that the horse must be removed or the well filled up.

Attempt to Steal Silverware. Some thieves entered the house of E. Didier on Franklin road on Tuesday night and attempted to steal the silverware and other valuables. Fortunately Mr. Didier was awakened and fired off his pistol, whereupon two men, who were plying up the silverware on the dining room table, escaped through the window.

Off For the Penitentiary. R. H. Wright, deputy sergeant, and R. E. Brown, assistant, left on the noon train yesterday with the following prisoners to convene in the penitentiary: Ned Beverly, sentenced 18 years for rape; William Jackson, three years for assault, and George Washington for assaulting the jailor.

The Martha Washington Tea. The Martha Washington tea, to be given by the Ladies' Aid Society of the Grace Methodist Church at the Bee Hive Bakery, will begin to-night and continue for three evenings. Very elaborate preparations are being made to insure a nice time.

Death of J. W. Carson. James W. Carson, a well known grocer of this city, died at 1 o'clock yesterday at his home at 503 Patton avenue n. e., of consumption, after having been sick for some time. The funeral will be conducted this afternoon at 3 o'clock from the First Baptist Church.

In the Police Court. Nothing of importance was done in the police court yesterday morning except several cases of drunk and disorderly. Fines amounting to \$24.50 were levied. One man was kept in an unregistered dog.

After the Convention. E. R. Woodard, Harry Dunnington and Waller P. Huff left last night for Richmond to confer with the State Democratic executive committee in regard to hold the next Democratic State convention in Roanoke.

Accident at the West End Furnace. David Lanier, employed at the West End furnace, while engaged in cleaning out the wall, was badly injured by falling debris. Dr. Chas. G. Cannaday was summoned and rendered the necessary surgical attention.

A Strawberry Festival. The Ladies Aid Society of Calvary Baptist Church will hold a strawberry festival to-night and to-morrow night on Jefferson street next door to the Commercial National Bank.

MURDERED FOURTEEN INDIANS. Disclosures Made by an Aged Redskin in British Columbia.

VANCOUVER, B. C., May 17.—An old Indian on Hope Island, known as "Wallie," yesterday made a confession to Capt. A. Grant, agent of the Northern Steamship Company here, that he and three other Indians had murdered fourteen Kilkalla Indians on Sorrow Island eighteen months ago. "Wallie" gave as his reason for the slaughter the low morals of his victims. He said that they were a bad lot and ill-treated the young girls of other tribes. To substantiate his gruesome tale "Wallie" displayed the scalp of a Kilkalla Tthey, which he said was a trophy of the victory.

FROM CRANK TO MANIAC. The Would-be Government Detective Goes Violently Insane in His Cell.

WASHINGTON, May 17.—Frederick W. Bauer, the young West Virginia office-seeking crank who was arrested at the door of the White House Monday evening while endeavoring to see the President to secure an appointment as a Government detective, is still confined in the First precinct station. He has been pounding away at the big iron doors of his cell ever since he was locked up, hoping to free himself; but he has made little impression upon the bars. He was examined by Police Surgeons McKim and Strickler yesterday evening and will probably be sent to the asylum to-day.

Danville Happenings. DANVILLE, Va., May 17.—Ed. Owen was struck by a north-bound passenger train while walking along the track in North Danville this morning. His skull was fractured and his condition is quite serious.

Rev. M. D. Clubb, pastor of the Patton Street Christian Church, was this morning summoned by telegraph to Kentucky to be with his mother in her dying moments.

The Ladies' Confederate Memorial Association has named next Thursday, the 18th, as Memorial Day in Danville. The exercises will be of the usual character.

Shot by a Playmate. PITTSBURG, May 17.—Last evening Louis Geier, aged nine years, was shot and fatally injured by the careless handling of a Flobert rifle in the hands of Robert Lattimer, aged eleven. The bullet entered the child's head at the base of the skull and penetrated the brain.

Presents For the Pope. ROME, May 17.—Dr. Stabiewski, archbishop of Posen, was with the Polish pilgrims who arrived yesterday. The archbishop presented to Pope Leo the sum of 35,000 francs as a gift from Polish Catholics, and Count Baborowski gave him two horses.

Brown's Iron Bitters cures Dyspepsia, Indigestion & Debility.

CAPITAL CITY AFFAIRS.

Some of the Possibilities That May Arise From the Chinese Exclusion Act. WASHINGTON, May 17.—Now that the Chinese exclusion law has been declared constitutional, the government finds that it hardly knows "where it is at." The expense of enforcing the law is enormous, and no money is available for this purpose. It is even to be doubted whether congress would vote an appropriation if it were in session. The effects of the decision are far-reaching and may involve the complete severance of our diplomatic and commercial relations with the Chinese empire.

This means that the Chinese minister at Washington will present his letters of recall to the president and close up the legation in this city. Then the American minister at Peking will be politely requested to withdraw from China and will be furnished with passports for himself and assistants. The next step will be to send American citizens of all classes, merchants, missionaries, etc., out of the celestial country, accompanied by an imperial decree closing all Chinese ports to citizens of the United States, including even tourists. While these may be extreme views on the subject, it is nevertheless true that the cabinet is discussing the question in all its bearings. The fact that the naval officials are considering the question of reorganizing the American squadron in Chinese waters looks suggestive.

Preparing For the Infanta. WASHINGTON, May 17.—Commander Davis says that if the vessel on which the Infanta is coming to the United States arrives in New York early on Friday next the royal party will come to Washington that evening, unless the Infanta is too fatigued to continue her journey, in which event she will remain on board the vessel until Saturday morning, when she will start for Washington on a special train over the Pennsylvania railroad. No information as to the manner of her entertainment while in this city has been given out.

Some Prospective Removals. WASHINGTON, May 17.—At least two congressmen are happy—Messrs. Livingston and Moses of Georgia. For many weeks the Georgia delegation has been trying to accomplish the removal of Marshal Buck of that state. Previous efforts have been unavailing, but at last, it is said, President Cleveland has announced that he will remove that gentleman for offensive partisanship. Mr. Denton of West Virginia also got the presidential ear, and as a result some removals of postmasters may follow.

Opening the Cherokee Strip. WASHINGTON, May 17.—The contract by which the Cherokee Indians surrender to the government their interest in the Cherokee strip has been signed by Secretary Smith and the representatives of the Cherokee nation. The amount fixed upon to be retained to satisfy the claims of the Deleware, Shawnees and Freedmen is \$1,000,000. The general land office will now be required to prepare instructions to prospective settlers which will be substantially the same as those issued to settlers of Oklahoma.

These Men Were Successful. WASHINGTON, May 17.—Appointments were made as follows: A. C. Baker, chief justice of the Arizona supreme court; Edward L. Hall, United States marshal for New Mexico; Benjamin P. Moore of New York, collector of customs for Alaska; William Pugh of Ohio, commissioner of customs; Robert A. Cotisar of Tennessee, deputy first auditor of the treasury.

Assignment of Supreme Court Justices. WASHINGTON, May 17.—With the adjournment of the supreme court for the term comes the annual bigera of justices to their several circuits to sit with the circuit judges in cases requiring their presence. The assignment of Chief Justice Fuller includes the states of Maryland, Virginia, North Carolina and South Carolina.

Serious Railroad Accident. MEADVILLE, Pa., May 17.—Train No. 3 on the New York, Pennsylvania and Ohio railroad ran into a hand-lie near Venango, eight miles north of Meadville. Engineer Orrin Luke was fatally injured and the passengers badly shaken up, but none seriously hurt. Engine, mail, express and two baggage cars were badly damaged. The slide covered the tracks for a distance of 200 yards to the depth of 12 feet. The road will be blocked at least 24 hours. Numerous washouts and slides are reported on the main line of the road. French creek is out of its banks and the tracks are covered with water in many places.

Autopsy on Murderer Pallister. SING SING, May 17.—The autopsy on the body of Thomas Pallister, the murderer who escaped from the death house at Sing Sing prison with Roehle, and which was found in the Hudson river opposite here by two fishermen, shows that the cause of death was a pistol wound in the head. The bullet was 38-calibre, and had passed through the cheek under the left eye. It lodged in the base of the brain, which was in a ragged condition. In the opinion of the two physicians Pallister was dead before reaching the water. The supposition is that Roehle shot Pallister and then committed suicide.

A North Carolina Bank Suspends. CHARLESTON, S. C., May 17.—The doors of the Bank of the Carolinas, with home office at Florence, this state, closed with a notice of temporary suspension until a meeting of the directors. The capital stock of this bank is nearly \$600,000. It has branches at Kingstree, Conway, Williston and Varville in this state, and several towns in North Carolina. It is believed that the bank has assets to cover all indebtedness. Little, if any, doubt is entertained of the bank's paying dollar for dollar.

Satell Inspects Churches. JERSEY CITY, May 17.—Archbishop Satell inspected the churches of St. Patrick, this city, and St. Mary and St. Thomas, Bayonne, and was greatly pleased with them. He lunched with Mrs. Martha B. Stevens at Castle Point, Hoboken. There was no one present except the family and the delegate's party, among whom were Monsignor Donne, Dr. O'Gorman and Fathers Ducey and Egan.

Sullivan Under Arrest. PORTLAND, Me., May 17.—John L. Sullivan arrived here in charge of City Marshal Tarbox, of Bangor. He was taken to Biddeford by Deputy Marshal Harmon. Sullivan's counsel will attempt to get him out on bail so he can appear at the theater in Portland.

Suspended Bank to Resume Business. KISSIMEE, May 17.—The City bank of Kissimmee, which suspended four days ago, will probably pay depositors and creditors in full within a short time and resume business.

This lies directly on the Pulaski and Giles turnpike road, one-half mile north of Dublin and contains 7 1/2 acres, about 20 acres of which is in virgin forest of the most beautiful oak timber to be found in the famous groves of Pulaski. The land lies gently rolling, there not being one acre of steep land on it. It is well adapted to grain and grasses, over \$600 worth of hay being cut in one year from 30 acres.
