The young men of this city who came here from Floyd county are making arrangements to organize a society, social in its nature, to be known as the "Buckwheat Club." The organization will be effected next week.

**In the Hastings Court Yesterday.**  
Very little business of importance was transacted in the Hastings Court except decrees were entered in two or three chancery suits of minor importance. A barroom and retail liquor license was granted to J. F. Hodgins at 61 Norfolk avenue.

**Central Democratic Club Meeting Postponed.**  
The meeting of the Central Democratic Club that was to have been held in the Fifth ward last night failed to materialize owing to a misunderstanding about the date. About a dozen voters gathered at Bohn's store and agreed to postpone the meeting until a later date.

**Handsome Crayon on Exhibition.**  
A handsome crayon, representing an elk standing at the foot of a mountain, was put on exhibition in one of the windows of the Christian-Barbee drug store last night. The work was executed by Miss S. F. Capito and received many favorable comments. It is her first effort and her friends are very enthusiastic over her work.

**Drum Corps Ball Closed.**  
The first annual ball of the drum corps of the Roanoke Machine Works guards closed last night. There were more people in attendance than at any previous night, and the event passed off pleasantly. While the drum corps did not make any large amount of money by the affair, they did not lose any, and the entertainment will be pleasantly remembered by all who attended.

**Catagni Bros. in Their New Quarters.**  
Catagni Bros., the grocers, have moved into the building running between Salem and Campbell avenues, formerly known as Marshall's cafe. They were open for business yesterday and the store was thronged with customers. Catagni Bros. have now the largest grocery store as well as the largest fish in the State and are prepared to furnish anything in their line of business.

**The Revivals at the Railroad Y. M. C. A.**  
The revival meetings which have been in progress at the Railroad Department Y. M. C. A. for the last three weeks, have been productive of much good. The religious work committee of the department, under whose direction these meetings are held, have been greatly inspired by the earnestness and hearty cooperation which they have received from their friends. It is not fully decided whether these meetings will be continued longer but the matter will be determined to-night.

**Contest Over the Police Justiceship.**  
An interesting contest is being waged between the candidates for the position of police justice. The list is growing larger daily and the new Council will have a variety to choose from. A report is being circulated that Walter Turner, the present police justice, is not a candidate for re-election. This is incorrect as Mr. Turner is a candidate and his record while in office justifies his friends in making the assertion that he will receive a handsome majority when Council makes its selection.

**The Rainbow Festival a Great Success.**  
The "Rainbow" festival continued at the St. John's chapel last night by the Ladies' Aid Society, presented a more animated appearance than upon the preceding night, a larger number being in attendance throughout the evening. The tables and booths laden with the beautiful handwork of the ladies were well patronized and a good sum of money will be realized from the sales. The supper and refreshment tables, which were waited upon by a corps of handsome young ladies, were well filled during the evening. The festival goes on record as one of the prettiest, as well as one of the most successful, events of the season, and reflects much credit upon those who arranged and assisted in carrying out the work.

**A Valuable Old Instrument.**  
The Hobbie Music Company has on exhibition at their store on Salem avenue a "Marshall and Wendell" piano, manufactured in 1869, which has been in constant use for twenty-five years. It was shown to a TIMES reporter yesterday, and it was learned that one of the best families in the city had traded this instrument a few days ago for a new "Marshall and Wendell," their quarter of a century usage of the instrument convincing them of its superiority. Even after the twenty-five years this old instrument has been in use it is still good, and is only slightly out of tune. The ivory on the keys is worn in many places but the general appearance of the piano is good, though showing constant usage for a long time.

**Marshall and Wendell Piano.**  
This superb instrument appeals to the highest musical taste. All musicians who have tried it are enthusiastic in its praises. Hobbie Music Company, sole dealers, 157 Salem avenue.

## CRUSADE AGAINST CIGARETTES

Continued from page 1.

taught. After consultation with their parents the boys are asked to sign the following pledge:

**The Pledge.**  
We, the undersigned, pupils of grammar school No. —, do hereby pledge ourselves upon honor: First—From this date to abstain from smoking cigarettes in any form until we reach the age of twenty-one years.  
Second—To use all influence we possess to induce all public school boys and other boys of our acquaintance to give up and abstain from smoking cigarettes until such boys shall attain the age of twenty-one years.  
Third—By giving the pledge hereby made and by signing our names to the above we constitute ourselves members of the Anti-Cigarette Smoking League of grammar school No. — of the city of New York.

**THE CONSTITUTION.**  
The pledgers then meet, organize and adopt the following simple constitution:

**CONSTITUTION**  
of the  
**ANTI-CIGARETTE LEAGUE**  
of the city of New York.  
Article I. This association shall be known as the Anti-Cigarette League of — School No. —, of the city of New York.  
Article II. The object of the association shall be the suppression of the habit of cigarette smoking among the public school boys and other boys of New York by personal example and any other proper means.  
Article III. The officers of the association shall be a president, vice-president and secretary. There shall also be a council of ten members, all of whom shall be pupils attending the said school.  
Article IV. The officers and the council shall be elected annually by ballot on the first Friday after the opening of school in September of each year.  
Article V. The council shall consist of the ten boys, members of the league who receive the largest number of votes cast by the pupils of the school at the annual election.  
Article VI. Every member of the league shall be entitled to wear the button or insignia designating membership so long as he maintains good faith and keeps his agreement to abstain from smoking cigarettes.  
Article VII. If any member violates his agreement and is reported to the council, upon proof that there has been such violation, on the name of such offender shall be dropped from the rolls and he shall be required to surrender his button to the council.  
Article VIII. Any member who has been so dropped may, after six months, upon proof that is satisfactory to the council that he has not during such period smoked cigarettes, be reinstated in membership and have his decoration restored to him.  
Article IX. Any member found guilty of a second offense by the council shall no longer be eligible to membership while a member of the school.  
Article X. The decoration or badge shall become the property of the wearer unless deprived of it by act of the council as heretofore prescribed.  
Article XI. Elections and meetings shall not be held during school hours, and the principal of the school shall be present at all such meetings. A meeting of the league shall be held on the first Friday of every month of the school year.

**Few Backsliders.**  
It is fast coming to be considered one of the honors of the school to serve on the board of officers or in the council. To dishonor the faith or but in an offense against good faith is regarded as little short of disloyal and unpatriotic. There have been very few backsliders. The greatest good, however, it is believed, will follow from deterring many thousands from ever contracting the habit. The boys are coming to think it unmanly and the ethical value of the movement is resident in the fact that when a boy makes up his mind to stop being unmanly he will almost unconsciously strive to be manly, and here is the gain for the development of character. In many of our schools the boys have formed vigilance committees to seek out offenders against the principles of their league, and are doing good missionary work in that way.  
As the head of a very flourishing parochial school in the western part of the State said, in a letter to me, after stating that he had adopted our New York plan: "The badge or decoration insures perseverance and admonishes respect in the wearer for the principle it stands for." The movement has extended all over the country, and can be said to be almost national.

**The Crusade Spreading.**  
The State superintendents of public instruction in several of our States have addressed the writer, stating that our New York plan was about to be adopted, and it is already in successful operation in a number of the larger cities of the country. Employers of boys readily recognize its value, and in important instances have expressed a desire to give a preference to wearers of our silver decorations when engaging boys.  
There is a law in the State, and in many of the States, both against the sale of cigarettes to boys under sixteen, as well as against the use of the same by boys under that age.

The newspapers recently contained a dispatch from Ithaca, N. Y., stating that a young lad about thirteen years of age is confined in the Tompkins county jail, serving a sentence of two days, imposed by the recorder for smoking cigarettes. More, however, is to be expected from the boys themselves in the efforts to correct the evil than from the enforcement of the law. The pedagogic value of this scheme is apparent to those having to do with school affairs. The ethical value of it is too apparent to seem to require any plea in its behalf. The good that may come from the enrollment of 60,000 boys for so good a cause in our great city is incalculable. The good that must follow certainly justifies our efforts.

**AN EXCELLENT ATTRACTION.**  
The Model Comedy Company is a Drawing Card.

Manager Staub did no bad thing by the theater-going public of Knoxville when he secured the Model Comedy Company for a week's engagement in this city.  
It is simply a high class attraction playing at popular prices, and no one need be afraid of being bored by a company of third rate people, as is so often the case with popular price shows.  
Another large audience greeted the company at its second performance last night, and this will, no doubt, be the order of things throughout the week.—Knoxville Sentinel, April 25.

Our theatre goers of Roanoke will have the pleasure of seeing this excellent attraction at the Academy every night this week and they can rest assured that they have never had a better chance to enjoy a good play at such low prices as they will receive at the hands of the Models. At each performance a different play will be produced and new and catchy songs and dances will be introduced in each play. The play for Monday night will be the pleasing comedy "A Hero in Rags," in which the company has never failed to give entire satisfaction wherever they have appeared. The prices for the week have been placed at 10, 20 and 30 cents, and ladies will be admitted free on the opening night.

"LADIES free on Monday night."
