In the absence of the chairman, S. K. Dickerson, A. S. Asberry presided over the meeting. Short addresses were made by the following Republican nominees: John Engleby, Col. John W. Hartwell, J. S. Pattie, A. W. Pitman and H. A. Gillis.  
 Capt. Phillip Lockett was then introduced as the speaker of the evening. Captain Lockett reviewed the work done by the Republican party in comparison with the records of the Democracy.  The meeting was very harmonious and was regarded by members of the party as a very successful gathering.

### The Economy of the Gas Cooking Stove.

ONE of the many advantages of cooking with gas is its economy as compared with coal or wood. The average cost per family per month in Roanoke for the year 1893 being only \$2.35. Many families spend nearly this amount for kindling alone, to say nothing of the cost of coal and the annoyance of starting the fires, removing ashes, cinders and dust. Gas for cooking purposes is sold at a reduced rate. The stoves are sold at not cost. Call at our office and see sample stoves and ask for information in regard to them.
