## ALLEGED ANARCHIST PLOT.

### President Faure Doomed to Assassination.

Petit Bourdeau, an Anarchist of the Same Type as Caseri, the Murderer of President Carnot, Said to Have Left London for Havre to Kill Him During His Visit to That City.

PARIS, April 18.—The Petit Journal announces that it has good authority for stating that the prefecture of police has detailed a number of detectives to investigate an anarchist plot, the object of which is, or was, to assassinate M. Faure, the president of the republic, during the fetes at Havre in honor of his visit to that city.

President Faure represented one of the districts of Havre in the chamber of deputies, previous to his election to the chief magistracy of the republic. The president is also a shipowner of Havre and a member of its chamber of commerce, of which body he was formerly president. During the Franco-Prussian war he commanded a battalion of volunteers from Havre, and led them to Paris, where he took part in the suppression of the Commune. Naturally, the inhabitants of Havre have been looking forward to the president's visit to their city with considerable pleasure, and a number of elaborate fetes have been organized in order to show the esteem in which he is held in his electorate.

According to the Petit Journal, an anarchist known as Petit Bourdeau, a man of a type similar to Caseri, the murderer of President Carnot, and Ravachol, the anarchist who was executed after having been convicted of being concerned in dynamite outrages, left London recently on his way to Havre in order to assassinate President Faure. Petit Bourdeau, who is a deserter from the French army was watched by the London police and by the French detectives detailed to keep an eye on anarchists in London. Consequently, his departure from London was promptly signalled to the police of Paris and of Havre. The authorities of these two cities and elsewhere are taking the most active precautions in order to protect the president from injury.

Whether this story is true or not, it would seem certain at least that anarchists have recommenced operations, for two infernal machines were found in this city yesterday. The first was found in the Rue St. Simon, and contained a number of loaded cartridges, the second was found on the Esplanades des Invalides, and consisted of a cylinder charged with dynamite.

## CUBAN NEWS.

### Senor De Lome Arrives in Havana on Route to New York.

HAVANA, April 18.—Senor Dupuy de Lome, the new Spanish minister to the United States, is expected here to-day on the steamer Marie Cristina and will probably leave here for New York on Saturday. The steamer City of Cadix arrived here at 6 a. m. to-day from Spain, having on board Brigadier-General Ordenez, 850 soldiers and much war material.

LATER.—Dupuy de Lome, the newly appointed Spanish minister to the United States, arrived here at 6 o'clock this evening. De Lome made the voyage from Spain with Marshal de Campos, and left him at Santiago de Cuba, proceeding to this post on the steamer, Marie Cristina. It is expected that he will proceed for New York on Saturday, after making an investigation of the Alliance affair.

Private advices from the province of Santiago de Cuba show that the forces of the insurgents do not amount to nearly the number claimed by the rebels. Among the leaders are Emilio Geril, a white man, who commands 200 men; Alfonso Goulet, mulatto, 500; Bernardo Camacho, white, 100; Victoriana Garzen, white, 400; Louis Boone, mulatto, 200; Eduardo Dominguez, white, 300; Victoriana Hierrezuelo, mulatto, 300; Quintin Bandera, negro, 1,000, and Perico Periz, white, 1,000, a total of 3,900 men. Of this number 1,900 are said to be armed with rifles, while the others use shot guns and matchetes as weapons. The rebels do not possess a single piece of artillery.

Considerable excitement has been caused by the fact that the rebels are again resorting to the incendiary tactics that caused such enormous losses to the planters, during the last insurrection. The central plantations Dos Amigos (two friends), the property of Senor Nicolas Castano, situated on the coast near Manzanillo, has been burned by the rebels. Two million arrobas of sugar cane were destroyed. The advices do not show whether the machinery of the plantation was destroyed. These central factories contain very expensive machinery and should the rebels burn many of them the loss would be enormous.

It is stated on good authority that the troops commanded by Colonel Santocildo have cooped up a band of insurgents in the mountains in the province of Santiago de Cuba, and that their capture is only a question of a short time.

## Expelled from Medical Association.

SAVANNAH, April 18.—A sensation was caused in medical circles in this State to-day by the expulsion from the Georgia Medical Association of Dr. W. L. Bullard, of Columbus, one of the leading eye and throat specialists of this section, on the ground that he had cut himself off from the association by advertising in a newspaper. The association is in convention here and expelled him without a dissenting vote. Another sensation of the session of the association was the charge of Dr. Westmore, its president, that it was no secret that illegitimate children are often born at the State lunatic asylum at Milledgeville and that reforms in the separation of the sexes were needed.

## A STRANGE STORY.

### The Mother of Edward Darling Claims He Was Poisoned.

NEW YORK, April 18.—Mrs. Flora Adams Darling, a writer of war letters and one of the founders of the Daughters of the Revolution, is seeking the indictment of Dr. Francis Xavier Spranger and his wife, who was formerly her daughter-in-law, Mrs. Edward Irving Darling, by the grand jury of New York county.

The case is in the hands of Assistant District Attorney Battle and is now in such shape that it will probably be presented to the grand jury during the coming week. Mrs. Darling's son Edward Irving Darling, died on February 13, 1894, at Mount Clemens. The son met Beatrice Gay Klingler in Washington in 1885 and they were married on September 15th of that year. They removed to Detroit, where Darling met with an accident, in falling out of a window and breaking several bones of his body. Dr. Spranger attended him. For many weeks the young man lay in plaster of Paris casts and it is alleged now that during this time the doctor fell in love with his patient's wife.

On July 4, 1892, the death of the younger Mrs. Darling's father in Washington left her an estate of more than \$1,000,000. Mr. and Mrs. Darling went to Washington to attend the funeral and stopped at the Ebbitt House in that city. While there the young man became violently ill after drinking a glass of milk. Dr. Harrison, a physician of that city, attributed it to impure milk. Mrs. Darling, the mother, now claims that that milk contained poison.

Mr. and Mrs. Darling returned to Detroit, and from that time on it is said the husband became an invalid. According to the story told by the mother, Dr. Spranger was in constant attendance upon her son. Dr. Richard Lochner was called to see him at his mother's and said that violent drugs had destroyed the tissues of his body. The patient died on February 13, 1894, but previous to his death he made a statement that his wife and Dr. Spranger had systematically poisoned him, and that he would die from the effects of the drugs given him. The body was cremated at the request of the patient. The district attorney is said to have announced at that time that, should the wife ever marry the doctor, the motive would become plain. The motive, according to the dead man's mother, has now been established through the public announcement of the marriage, and which ceremony took place at the Corpus Christi Cathedral at Baltimore on March 6 of this year.

## INCOME TAX RETURNS.

### Receipts Will Reach Estimates Made After the Supreme Court Decision.

WASHINGTON, April 18.—It is authoritatively stated at the Treasury Department that the reports of collectors so far as received show that the amount of income tax receipts no doubt will reach the estimate made after the decision of the Supreme Court was rendered. This is interpreted to mean about \$15,000,000. No information as to the number or amount of returns already reported would be given out.

Much to the surprise and annoyance of the officials, information reached the department from several cities that income tax returns were still being offered and requests made for instructions. Several returns were offered to the collector for this city, and he was instructed to receive them subject to whatever action might be decided upon later.

## Georgia's Income Tax.

ATLANTA, April 18.—Collector of internal revenue for Georgia, Paul Trammel, has telegraphed the internal revenue commissioner at Washington that the total amount to be derived from the income tax in Georgia will be about \$85,000.

## Income Tax From Massachusetts.

BOSTON, April 18.—Internal Revenue Collector Edward J. Donovan has wired the Treasury Department at Washington, estimating the income tax from the district of Massachusetts at \$1,250,000.

## THE FOUR PER CENT. BONDS.

### An Interesting Story Concerning Them in Wall Street.

NEW YORK, April 18.—The Evening Post says: "An interesting story was current in well-informed Wall street circles to-day concerning the new four per cent. government bonds and the operations of the syndicate. It was to the effect that successful bidders in London for the new four per cent. bonds had sold a large amount through arbitrage houses in this city, deliverable here in August at prices considerably below the price prevailing in this market, due allowance being made for the difference in interest, exchange, etc.; that the managers of the syndicate, as soon as they learned of the fact, 'read the riot account' to the arbitrage brokers, members of the syndicate here, and that J. Pierpont Morgan, who is now in London, did the same thing immediately upon his arrival there, and stopped all further sales of the bonds on the terms mentioned. Now, it is said, no bonds can be obtained in London except at the equivalent of the New York market price, with the necessary allowance for difference in interest, etc."

## Miner's Troubles in Tennessee.

KNOXVILLE, Tenn., April 18.—It is feared to-night the trouble of two years ago with the miners will be repeated. This morning a supply of whiskey reached their camp, and becoming intoxicated, a number of the leaders made an attack on Morgan, the superintendent, who discharged the men demanded. Morgan and his friends opened fire, fatally wounding a miner named Hendricks.

## Will Not Interfere.

WASHINGTON, April 18.—Sir Julian Paucotoff, the British ambassador, declines to interfere on behalf of Dr. Robert W. Buchanan, the New York wife murderer, whose petition for a writ of error to stay his execution during the week beginning next Monday, was denied by the supreme court on Wednesday.

## NATIONAL GAMES YESTERDAY.

### Lynchburg Gets Even With Roanoke.

The Score 10 to 5 in Favor of the Former. Philadelphia Wins the Opening Game of the National League—Cincinnati Beats Cleveland—Brooklyn Beats New York and Chicago Downs St. Louis.

LYNCHBURG, Va., April 18.—The game between the Roanoke and Lynchburg teams played here to-day resulted in a victory for the home club by a score of 10 to 5. The work was accomplished by the superior batting of second baseman McIntyre, who batted two home runs and a beautiful grounder to left field, which netted the home team six runs. Batteries for Lynchburg, McKenna and Orth and Sobabel; for Roanoke, Fisher and Purcell. Lynchburg, 0 0 4 1 0 0 4 1—10; Roanoke, 0 1 0 0 0 4 0 0—5.

At Richmond, Va.—Portsmouth was defeated by a score of 6 to 4 on account of poor fielding. The visitors out-batted Richmond, but their field work did not compare with that of the locals. Richmond, 4 0 0 0 3 0 0 0—6. Hits, 4; errors, 3. Portsmouth, 1 1 0 2 0 0 0 0—4. Hits, 5; errors, 7. Batteries, Flynn and Gibson; Brandt and Vetter.

Norfolk out-batted and out-fielded the Petersburgs in to day's game. Norfolk pitched a beautiful game for the local team and both of Petersburg's pitchers were hit hard. The weather was cold and the crowd small. Norfolk, 2 3 4 1 1 0 2 3—18; earned runs, 5; hits, 14; errors, 7. Petersburg, 0 0 0 1 3 0 0 0—4; earned runs, 1; hits, 6; errors, 9. Batteries: Herr and Geier; Easter, Dunkel, Haden and McClung.

## Games Scheduled For To-day.

Roanoke at Lynchburg; Petersburg at Norfolk; Portsmouth at Richmond.

## Elsewhere Yesterday.

Fourteen thousand people saw Philadelphia win the opening game from Baltimore by a magnificent batting streak in the last inning. Both sides played fast ball, but the Quakers batted more effectively, earning all their runs. Philadelphia—0 0 0 0 0 2 5 7; hits, 16; errors, 2. Baltimore, 1 0 1 4 0 0 0 0—6; hits, 9; errors, 1. Batteries—Taylor and Clements; Esper, Gleason and Robinson.

The baseball season opened in Cincinnati before the biggest crowd ever assembled inside the ball park, more than 13,000. The Reds batted hard from the start. Dwyer in the sixth gave way to Parrott who was hammered hard. There was a parade of the teams in electric cars and Mayor Caldwell made a neat little speech and tossed the first ball into the diamond. Cincinnati, 0 0 1 3 0 1 4 0 x—10; earned runs, 7; hits, 14; errors, 4. Cleveland, 1 0 0 0 3 1 3 1—9; errors, 3. Batteries—Dwyer, Parrott and Merritt; Sullivan and Zimmer.

At New York—There were 20,000 persons present when Mayor Strong threw a new ball to Umpire Lynch and the word came to play ball. Foutz's men gave a grand exhibition. Stafford's error in the eighth gave the visitors three runs and incidentally the game. The score was as follows: Brooklyn, 2 0 1 0 0 3 1 x—7; earned runs, 2; hits, 12; errors, 3. New York, 0 0 2 0 2 2 x—4; earned runs, 1; base hits, 7; errors, 3. Batteries, Kennedy and Grim; Kusie and Farrell.

With the weather all that could be desired, and a crowd numbering over 8,000 people, the opening of the season at Louisville was successful. Mayor Tyler, escorted by President Stuckey, received an ovation as he walked out to the home plate and drove the sphere over the rubber. The sixth inning was disastrous for Pittsburg, and Killen gave way to Harv' who did not do much better. Louisville, 1 0 0 0 2 6 2 0 0—11; earned runs, 2; hits, 8; errors, 3. Pittsburg, 0 1 0 0 0 1 0 0—2; hits, 7; errors, 3. Batteries, Inks and Welch; Killen, Hart and Kinslow. Umpire, McDonald.

At St. Louis—Chicago won easily through the poor pitching of Breitenstein, who sent ten men to bases on balls, and off whose delivery three others made home runs. Brilliant plays were numerous. Attendance, 10,000. St. Louis, 0 0 1 1 0 0 3 0 2—7; earned runs, 2; hits, 9; errors, 2. Chicago, 1 0 2 0 4 0 0 3—10; earned runs, 6; hits, 11; errors, 5. Batteries, Breitenstein and Peltz and Griffith and Kittridge. Umpire, Bets.

At Providence, R. I.—Providence, 11; Boston, 18.

## A Malleous Act.

NORFOLK, Va., April 18.—At about 8:30 to-night some malleous person threw a rock through a window of the composing room of the Daily Pilot, with force enough to break a window, an electric light globe and knock a hole in the plastering of the wall opposite. There is no clue to the miscreant, who is believed to have been prompted to the act by a certain liquor dealer.

## A Doctor Drops Dead.

GAINESVILLE, Fla., April 18.—Dr. John P. Wall, of Tampa, Fla., while reading a paper on "Public Hygiene" before the Florida State Medical Association to-day, suddenly fell back dead in the arms of Dr. Sweeling. He was a physician of more than ordinary repute and had been active in the National Medical Association. Heart failure was the cause of death.

## A Rector's Daughter Murdered.

BROCKVILLE, Ont., April 18.—The dead body of Miss Lillian Stephenson, daughter of the late rector of St. Peter's Church here, was found to-day in a corner of a fence about one hundred and fifty yards from the Methodist Episcopal church. Miss Stephenson had left her home at 4 o'clock Tuesday afternoon.

## THE JURY NOT PROPERLY SWORN

### This May Save Banker Smith From a Second Trial for Embezzlement.

LANCASTER, Pa., April 18.—The trial of E. K. Smith, the aged banker of Columbia, on the charge of embezzling \$32,000 was postponed this afternoon under peculiar circumstances. Congressman Marcott Brossius, one of his attorney's, moved that the panel of jurors be quashed on the ground that it was illegally drawn. He showed that when the present jury commissioners were installed last January the oath to which they subscribed did not include the phrase that they would "select all jurors without hatred, malice or ill-will," as required by the act of assembly, and that this omission was fatal to their qualifications to draw jurors.

Judge Brubaker regarded the point well taken and declared Smith's trial off. The defendant, who is nearly 80 years old, was convicted at the last term of court of receiving deposits after he knew his bank was insolvent, the conviction having been secured mainly by the testimony of his partner, C. E. Graybill. Sentence had not been passed, pending a motion for a new trial. There are numerous other indictments against the banker, but Judge Brubaker having intimated that he considered them defective, the district attorney was engaged in framing new ones, which would have been sent to the grand jury to-morrow.

If, however, the present grand jury is incompetent, on account of the insufficiency of the oath of the commissioners, new indictments would have to go before the next ensuing grand jury, after the commissioners have been properly sworn. By that time, however, the statute of limitations would intervene to save Smith from trial. The case is creating a big sensation in legal circles, and by many it is thought that the disposition of every case tried this year is affected by the flaw in the oath of the jury commissioners.

## A HUSBAND'S FEARFUL DEED.

### He Shoots His Wife and Then Kills Himself.

JDA GROVE, IOWA, April 18.—A. Schleiter, a wealthy business man, to-day shot his wife and then himself. He is dead and she cannot live. Several times indicate that he was planning the suicide for at least several days. The hired girl was the only witness. The shooting of Mrs. Schleiter was in the dining room, immediately after breakfast. Mr. Schleiter approached his wife from behind and shot her. He then exclaimed that she had shot herself.

Mrs. Schleiter was his second wife, and the union was not a happy one. A few days ago Schleiter had a will drawn, leaving the bulk of his property to his children. The attorney says he doubts whether this is signed, as Mr. Schleiter was called out just as he was about to sign it. Schleiter's chief clerk says that last evening he told him that he felt just though as if he was becoming insane.

## A Negro Robber Killed.

MACON, Ga., April 18.—County Commissioner Joe Amason shot and killed an unknown negro this afternoon, five miles from Macon, who had been systematically robbing his dwelling and smokehouse. Amason and others were searching for him. Amason found him standing near a tree and ordered him to throw up his hands and surrender. Instead of doing this the negro raised a shotgun to shoot. Amason was quicker on the trigger and fired first. The entire load entered just above the eyes, tearing the top of the head off Amason is a prosperous planter 60 years old. The coroner's jury acquitted Amason of any blame.

## Tried to Commit Suicide.

RALEIGH, N. C., April 18.—B. W. Huffman, a rich farmer in Alamance county, to-day attempted suicide and is dangerously injured. He has loaned much money and was unable to collect a \$5,000 loan. This affected his mind. He went home from the county town, locked the door to his room and shot himself three times in the breast and when his family burst in the door they found him in bed attempting to cut his throat with a pocket knife. They seized him in time to save his life.

## The President's Brother Sustained.

WATERTOWN, N. Y., April 18.—A short time ago a dispute at Chaumont Presbyterian Church resulted in the parishioners voting to ask the resignation of the Rev. W. N. Cleveland, brother of President Cleveland, who has been pastor there for several years. The appeal to the St. Lawrence Presbytery last evening was settled by approval of the Rev. Mr. Cleveland's course and his election as a representative to the general assembly of the Presbyterian church.

## Howgate Again Arraigned.

WASHINGTON, April 18.—Henry W. Howgate was arraigned this morning in the district court before Judge McComas on three indictments, charging him with various embezzlements of the government's money while acting as disbursing officer of the signal service bureau. He pleaded not guilty, and was granted two weeks within which to withdraw the plea or attack the invalidity of the indictments.

## Bold Robbery at Charleston.

CHARLESTON, S. C., April 18.—A bold daylight robbery was perpetrated here by two negroes, John Sultus and Jerry Evans. Sultus and Evans entered O'Rourke's jewelry store, 747 King street, and while one engaged the clerk the other grabbed a tray of watches and made off. The thieves escaped for the time but were later arrested and the property recovered.

## Steamer Fired On by the British.

KINGSTON, Jamaica, April 18.—A strange report has been received here. It is said that the steamer Barnstable, from Boston, for Port Antonio, was fired on off Grand League, by the British cruiser Canada. It is said the Barnstable was stopped and was boarded by the British officers. No reason for the action has been received.

## GENERAL CAMPOS' POLICY.

### He Offers Pardon to Cuban Rebels,

Except the Leaders, if They Will Lay Down Their Arms and Surrender. Those Who Refuse to Comply With the Proclamation Will Be Pursued Vigorously—The Insurgents Accused of Atrocities.

HAVANA, April 18.—Captain General Martinez de Campos has issued from Santiago de Cuba a proclamation offering pardon to all insurgents, with the exception of the leaders, who will lay down their arms and surrender. He has made preparations to immediately pursue the members of the bands who refuse to comply under the proclamation and the warfare against them, will be waged vigorously.

It is stated here that some of the insurgent bands have taken to torturing helpless residents of the country districts who have incurred their displeasure. At Blanquillo, near Manzanillo, a grocer named Miguel Laureda was surprised at night by Maceo's band. He was cruelly tortured and horribly mutilated, after which he was tied to a tree where he was left for the buzzards to eat. Manuel Iglesia, a grocer at Bayecito, Manuel Retor and an old man named Vioana, who fought against the rebels in the last revolution, have been murdered by roving insurgents.

The town of Palma Soriana, province of Santiago de Cuba, was attacked by insurgents, who were repelled and pursued by a body of troops. The rebels found refuge in the mountains. The troops discovered the place where their camp had been located and found a dead rebel in it. A number of weapons were captured. Evidence confirming the reports of the death of the rebel chief, Manofrita was found. Three of the government forces were wounded in consequence of not carrying out the orders that had been given them. The captain-general has sent a colonel to Spain.

## North Carolina Politics.

RALEIGH, N. C., April 18.—To-day both the Fusionist and Democratic penitentiary boards were in session, the former in this city and the latter in the penitentiary. Three members of the Fusion board, accompanied by one of their attorneys, went to the penitentiary and were admitted. They then went before the Democratic board, and made a formal demand that the penitentiary should be turned over to them. This was refused. Then the Fusionist committee served a summons on the Democratic board and returned to the city. It will at once bring suit in the name of W. H. Kitchin, who is elected by its supervisor and general agent, against Augustus Leaser, Democratic superintendent. The State treasurer, who is a Populist, gives notice that he will pay no warrants signed by the Democratic superintendent until the question of the right to the office is settled, but the Democrats will attempt by mandamus to force him to pay.

## Funeral of J. W. Scott.

CHICAGO, April 18.—The funeral services of the late James W. Scott, proprietor of the Chicago Evening Post and Times-Herald, were held in St. James' Episcopal Church at 11 o'clock to-day. The funeral was one of the largest ever held in Chicago. The streets in the vicinity of the church were thronged long before the hour for the service arrived. Vice-President Stevenson was present, escorted by the judges of the city, all of the courts having adjourned. The burial at Graceland cemetery was private.

## Oil Steady and Active.
