Old Councils' Last Meeting.
The last regular meeting night of
the present City Council will be next
Thursday, but as one member will
probably be out of town, it may be
postponed. The Council has con-
siderable unfinished business before
it, among which is the settlement
with the former sergeant.

The new Council composed of
Messrs. Bird, Cole and Lane of the
present body and Jones, Mercer and
Wolfe will come into office Septem-
ber 1st. The new body will have
only a few plums to give to the
faithful, and we understand that
there are to be several changes. A
ferk, keeper of the cemetery, health
officer and street commissioner will
have to be elected. It is reported
a gentleman connected with one of
the banks will get the clerkship and
a new man will be elected to one of
the other positions. It is more than
probable that the clerk's salary will
be increased and that he will be
given more duties.

DEVICE WORTH LISTENING TO.
Generally it at Least Helps One to
Make Up His Mind.

You may disregard advice, but listen
to it.
Don't scoff at it, no matter who the
person is that makes it.
Many a fool has helped a wise man.
Even the worst advice presents one
side of a question.
An astute man said that he always
wanted advice, not to follow it, but to
help him make up his mind. If you
once get this idea about it you will be
much the gainer in the battle of life.
No one person can present all the
points of view, and a person about to
take an important step should be
able to know what is all around the
horizon.

Listen to everything everybody has
to say, if you have the time; if not,
always listen to anything that is pre-
sented strongly, whether or not it
agrees with your opinion.
And above all things never scoff at
the criticism, with its implied advice
of an enemy. There you get your
weakest points exposed. If you a
wise you will be thankful for the op-
portunity to strengthen them.

SEES DOWNFALL OF THE BELL
Metal Tubes Will Supersede It, Ac-
cording to Clergyman.

"It will not be many years," says a
St. Louis clergyman, "before bells to
church use will be almost unknown.
Even now, when a church desires
something to answer the purpose of
the bell, the trustees do not buy bells
but tubes, some made of bell metal,
other of a composite of several metals.
The metal tubes are hung in steeples
and struck with a hammer. They
give a clear, full note, just like a bell,
only more resonant. They never crack
with cold or heat, and what is a still
greater recommendation, never get
out of tone. There is a chime in the
city with one or two bells so horribly
out of tune that they set people's
teeth on edge. Such discord in a
chime of metal tubes would be un-
known, and besides, the tone is so
much more agreeable than that of the
bell that any one who ever hears the
two can not fail to prefer the tube.
It sounds like a great organ pipe, so
that when one of these chimes is
played the impression is that of a
huge organ far up in the sky."

Moon Regarded as a Deity
Among the early peoples of
Mesopotamia all of the heavenly
bodies were regarded as deities, but
the moon, because of the variety of
the shapes which it assumes, was the
chief of them all. Special reverence
was therefore paid it and some of the
oldest and most important of the
Babylonian temples, as at Ur and
Harab, were devoted to its worship.
Thus the crescent, the symbol by
which the moon god was represented,
was supposed to have the power to
avert evil, and then together with the
star it formed the word for incanta-
tion.

Have you read any of the many recent accounts of murders for the purpose of
robbery, of houses robbed and the houses burned to conceal the robbery? Such
things are occurring in great numbers. After a panic the hoodlums and thugs
know that at that time especially, many unwise people board their money instead

Sharp in New Kent.

Mr. A. H. Sharp is said to be in
New Kent county, with headquar-
ters at Boulevard, working to con-
vince the electorate that Windsor
Shades is the proper and only place
for the New Kent county seat.

It is reliably reported that Mr.
Sharp has convinced enough voters
to have an election on the question
and that Judge Tyler will order an
election in accordance with the law.
The proposition has strong sup-
porters as well as a strong opposi-
tion.

More About Flory's Tobacco.

The Richmond Evening Journal has
this to say of Mr. D. L. Flory's to-
bacco crop in Warwick county, of
which note was made last week in
The Gazette:

"One of the features of the Vir-
ginia State Farmers' Institute session
here was the tobacco exhibit of D.
L. Flory, who owns a magnificent
farm in Warwick county, not many
miles from Yorktown.
"It raised the only crop of tobacco
on my land this year that has been
grown there for two hundred years,"
said Mr. Flory. In Colonial days
York and Warwick counties were
great tobacco-growing sections.
However, the people of my section
gradually quit raising "the weed"
and no one ever took it up until I
started it this year."
"Mr. Flory had some very fine
specimens of tobacco, and clearly
demonstrated the fact that his was
as good as any tobacco raised in the
State of Virginia."

With new, modern machinery,
The Gazette is able to do the high-
est grade of work, in the shortest
time and at the most reasonable
prices.

**NATURE'S
GREAT BLOOD TONIC
Piedmont-Bedford Concentrated
Iron & Alum Water**

(Representing the Famous Bedford Alum & Iron Springs of Va.)
contains 17 of the most powerful Mineral Tonics.

An 18-oz. bottle contains all the minerals in a barrel of
the average water. **We furnish the minerals, you
furnish the water.**

We have certificates both from the public and from emi-
nent physicians, telling of its virtue in **Dyspepsia,**
Rheumatism, a large variety of **Female Diseases,**
Chronic Diarrhoea and Dysentery, General Debility,
**Anaemia, Malaria, Ulceration of the Throat, Diabetes, Piles, Chronic Eczema, Ner-
vousness, Chronic Constipation,** and many showing
the wonderful cures in that dreadful disease, **Scro-
fula.**

DR. T. L. KABLER, for fifteen years a resident at the Springs, says:
For Scrofula, that fearful destroyer of human health and happiness, we have
in this water a remedy which neither science nor fortunate accident has hitherto
found an equal. It is in this malady, and some forms of secondary and tertiary
Syphilis, that this water when carried to its full alterative effect, displays its highest
curative powers. In all forms of diseases peculiar to females, this water will be
found to exert a curative influence second to none in Virginia.

I have given your Concentrated Water a fair trial, and say with pleasure
I have been greatly benefited. For some years I have suffered more or
less with Indigestion, followed by Constipation and other attendant ills.
Within the past two months I have found such relief from your remedy
that I have improved in strength and weight; have eaten what I have not
dared to do for a long time, and have done harder work than I have been
able to do before for years.

REV. OSCAR LITTLETON,
Presiding Elder, Lynchburg, Va.

Since 1894 I have been afflicted with Chronic Diarrhoea. About six
months ago I commenced using your Concentrated Iron and Alum Water
with the most wonderful and satisfactory results. For three or four years
past I have been deprived of the privilege of visiting friends or going to
church, as my trouble kept me in constant apprehension having lost almost
entirely the control of my bowels; but now I am happy to state that after
using about a half dozen bottles of your remedy I am entirely cured, not
having used any for the last four months. I can confidently and most gladly
recommend your remedy for Chronic Diarrhoea.

CAPT. RUFUS AMES, Virginia, Va.

I was an intense sufferer for some months with Indigestion, and could
get no relief from the ordinary remedies. During the month of January I
began the use of your Concentrated Water, and one bottle has entirely re-
lieved me. I can now digest any diet and am entirely free from suffering.
I take great pleasure in giving this testimonial.

REV. H. M. BLAIR,
Editor N. C. Christian Advocate,
Greensboro, N. C.

I have used and prescribed waters from several Iron and Alum Springs,
but none of them begin to come up to your Concentrated Water in all that
goes to make the ideal alterative, strengthener, appetizer and restorative.
It is at once a fine tonic and flesh-builder. Have advised several recently
to try it, and always with fine and quick results. In January I had a bottle
sent from one of your dealers to a lady, with the understanding that if it
did not at once improve her digestive apparatus, I would pay the \$1.00 myself.
She not only willingly paid the bill, but used a part of one-half dozen more
bottles, and is now completely cured of a long and annoying stomach
trouble. This seems to be the case with all who try it.
