

### FEATHERS.

Market firm on new stock but very dull on all old grades.  
 Prime live goose, white, new, 50c.  
 Prime live goose, gray, new 42c.  
 Choice white old unbroken 25c.  
 Choice white old broken 17c.  
 Motbeaten and very old 12c.  
 Chickens mixed 5c.  
 New white duck 42c.  
 New colored duck 30c.  
 Chicken stock worthless

You will get relief from Pain when Dr. Miles' Anti-Pain Pills are taken

A movement is on foot among the members of the faculty to establish at William and Mary a monthly college house, the object of which will be to create a time when the students and members of the faculty may meet and mingle with each other in a social way. The details of this plan have not been arranged yet, nor has such a plan been definitely decided upon, but it has been stated by the highest authority that such meetings will in all probability be arranged for as soon as the new library is completed.

### KEPT FUNDS FOR WOODSMEN.

Conductor as a Walking Bank for Reckless Workers.

"For more than thirty years the most popular woodsman's bank in Maine was a bank on two legs," says Maj. Holmes Day, author of "King Spruce." "Until he was over seventy years old Uncle Nate Swan was conductor on the Bangor & Piscataquis railroad, running between the city and Moosehead lake. With him rode the woods and driving crews. When they forgot themselves and made a racket on his train he used to cuff them into submission and no man ever raised his hand against Uncle Nate. When the men came out of the woods with their pay most of them realized from bitter experience that the city folks would get all their money away from them in a few days. As soon as they would get aboard the train they would begin to strip ten-dollar bills off their rolls and hand the money to Uncle Nate to 'stink' for them—banking it on call. They never forgot, nor did he; and in all the years there was never a dispute between Conductor Swan and any of his depositors. When they came back on his train they were sure of enough money for their fare and their tobacco at the lake outfitting store. They wouldn't have known very well what to do with more."

### HE TOOK NO CHANCES ON EGGS.

Man with "Hen Fruit" Refused Admission to Theater.

A theatrical company that played in repertoire in country villages barred a citizen of a town, not long ago, when he entered the theater with a basket, after having purchased a ticket. Just as he was going in, the cover of the basket unaccountably slipped off, revealing two dozen eggs.

"Hi!" said the ticket taker. "This isn't Easter! Where are you going with them eggs?"

"None o' your business! Here's my ticket, all paid for an' regular!" declared the citizen.

"Well, you don't take any eggs inside while I'm here," said the ticket taker, and then the other saw the reason his burden was suspected and roared with laughter.

He left the eggs in charge of the man at the box office and entered; and he enjoyed every moment of the show. When it was over, the manager returned the eggs to him, and said:

"I was afraid you might put your foot into the basket while you were applauding."—Modern Society.

### Indian Girl's Plea.

A woman salesman for a department store recently went to the school for Cherokee Indian girls in Tahlequah to take measurements for their uniforms, and here is what she told about the girls: "Those Indian girls are splendid specimens of womanhood. They are all splendidly formed, blooming with health and overflowing with good spirits. And the eternal feminine asserts itself as strongly among those pretty Indian maidens as among any of the girls in eastern colleges with whom I have been brought in contact. All of them make the same plea. Every girl in that seminary as I took her measure begged: Please make my suit a little tighter in the waist than this is and do be sure to have the skirt cut longer, won't you? They all want to feel grown up and to don long skirts."

### Vigorous Maine Maple.

A rock maple tree standing and still growing in a flourishing state on the farm of A. L. Hardy in West New Vineyard measures 14 feet in circumference at the base. It has a short trunk but heavy spreading branches and was growing on this farm 100 years ago when the late Samuel News, great-grandfather of Mr. Hardy, who was the first settler on the farm, came here in 1808, and was then about four inches in diameter. It stands not far from the dwelling house and has been tapped nearly every year for 75 years. Scarcely a dead limb is to be seen about it.—Kennebec Journal.

### Enemies to Big Trees.

Natural influences in nearly all parts of Block Island are so unfavorable to tree growth that the planting of trees with the expectancy of having them attain even a fair size is not practicable, is the conclusion reached in a report prepared by R. L. Rogers, a special investigator connected with the United States bureau of forestry.

Mr. Rogers says that he finds the residents of the island so discouraged through failure to combat successfully the gales and salt vapor of the island that there is no sentiment that would guarantee a united effort for reforesting the island.

### Not Amphibious.

After a scorching day's work Ben Smith lighted his corn-cob pipe and sat down on the little wharf to rest. Near him lay an alligator, the visible result of his labors. A tourist from the north approached and loftily remarked: "Ah, I see you have an alligator."

No answer.  
 "It is amphibious, is it not?"  
 The tone nettled the old man.  
 "Amphibious, h—!" he growled.  
 "He'd bite yer arm off before ye could say Jack Robinson!"—Everybody's Magazine.

### How He Figured It.

"Howard says he has four mothers."  
 "How does he make it out?"  
 "Ows, god, step and in-law."—Harper's Weekly.

### COLLEGE AND SCHOOL.

(Continued from page 8.)

chapters in the Bible to each man, exacting from each a promise to read them faithfully. For the benefit of those who were not present and did not receive a copy, the following list, a copy of the chapters given in the little book, is given: Luke 15, Psalm 51, Isaiah 53, John 19, Psalm 23, Matthew 6, 1 Corinthians 13, Romans 8, 1 John 3, John 14, Revelations 22, John 3.

Rehearsals of "Much Ado About Nothing" are being held by the Elizabethans twice a week in the chapel, and the troupe is rapidly being gotten into shape to give its first performance. If nothing occurs to prevent, this performance will be given at Cameron Hall, December 4. Hereafter the rehearsals will be held on the stage at Cameron Hall.

Chapel services are being conducted this week by Rev. W. A. R. Goodwin. Mr. Goodwin's talks are not only interesting but to the point, and the students are always glad to hear him. In view of the fact that faculty meetings are being held regularly every Thursday evening, it is hardly necessary to impress upon the students the importance of attending these morning services.

Don't fail to attend the athletic meetings in the college chapel on Thursday and Friday nights. It is especially important that those who will attend the game in Richmond Saturday should attend in order to learn the songs and yells that will be used that day.

Last Friday night Dr. H. E. Bennett began a series of lectures to be given by members of the faculty at intervals of one month during the session. These lectures will be given in the college chapel, and are open to students and the general public. The theme of Dr. Bennett's address Friday night was "The Signs of the Times." To those who have heard Dr. Bennett lecture it is hardly necessary to say that the occasion was a rare treat.

All of the collegiate classes have been organized during the past week, and officers elected for the session. The following is the result of the elections:

Junior Class—President, H. L. Sulfridge; vice-president, R. C. Young; secretary, C. W. Hall; treasurer, A. R. Koontz; historian, H. F. Tompkins.

Sophomore Class—President, K. A. Agee; vice-president, N. W. Schlossberg; secretary, J. E. Healey; treasurer, E. L. Snipes; historian, B. T. Newton.

Freshman Class—President, W. Cohen; vice-president, S. J. Montgomery; historian, S. L. Haizlip; secretary, E. C. West; treasurer, J. S. Berwind.

The two sub-collegiate classes will be organized within the next few days.

Some of our students enjoyed the football game last Saturday, and rejoiced in the success of the William and Mary team.

Thursday afternoon Prof. Ritchie will lecture to the Domestic Science class. Miss Graves extends a cordial invitation to the faculty and other students, not members of the class.

Mrs. Lyons and Miss Withers enjoyed a trip to Yorktown last week.

Rev. Mr. Welford, of Newport News, spent last Friday with us.

Miss Potts visited her sister, one of our students, last Monday.

We always have a warm welcome for friends and patrons of our school.

The street in front of our building has been greatly improved, thanks to our councilmen. We hope to have the street light in a few days.

A large number of students will accompany the football team to Richmond Saturday, to see the championship game with Randolph-Macon.

If you use Dr. Miles' Anti-Pain Pills for headache once—you will again.

 NORFOLK VA

### Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nerve cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' books and found that Dr. Miles' Nerve fit my case. From the very first dose I took I got better. I am better now than I have been for years, and do all my own work on the farm. That's what Dr. Miles' Nerve has done for me, and I am glad to recommend it to others."  
 JOHN JAMES, Riverton, Neb.  
 Your druggist sells Dr. Miles' Nerve, and we authorize him to return price of first bottle (only) if it fails to benefit you.

## Don't Worry

If you are sick, don't worry, but begin at once to make yourself well. To do this, we but repeat the words of thousands of other sufferers from womanly ills, when we say:

TAKE **CARDUI**

It Will Help You

For 50 years, this wonderful female remedy, has been benefiting sick women. Mrs. Jennie Merrick, of Cambridge City, Ind., says: "I suffered greatly with female trouble, and the doctors did no good. They wanted to operate, but I took Cardui, and it made me feel like a new woman. I am still using this wonderful medicine, with increasing relief."
