### HANDICAPPED

This is the Case With Many Williamsburg People.

Too many Williamsburg citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief, but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys.

The following statement should convince every Williamsburg reader of their efficiency.

Mrs. M. M. Heywood, 226 30th St., Newport News, Va., says: "Doan's Kidney Pills are a good medicine for disordered kidneys and I am willing to give them my endorsement. For four or five years I suffered, mostly in winter from kidney complaint. My back ached from morning till night, and it was so weak that I could not do much lifting and when I did bend, sharp twinges darted through me. I saw Doan's Kidney Pills recommended highly for such trouble and I got a box. By the time I had finished the contents my trouble had disappeared and today I am free from kidney complaint."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and take another.

### Handsome 1912 Calendars.

Of the \$20,000,000 spent annually for calendars, Williamsburg seems to have paid its share, and most of those we have seen have been creditable. The one thing that should be borne in mind by the firm giving calendars is that a common one is worse than no calendar at all. In other words, it were infinitely better to get out no calendar at all than a cheap, inexpensive one, as the object sought to be obtained is lost, for a bad impression is made with a poor calendar.

Recognizing this fact, the Peninsula Bank presents again this year two very handsome specimens of the calendar art. Casey & Sons, the grocers, and Dr. Stone, the druggist, also presented their customers with handsome art calendars that will leave their impression for good until the new ones come next Christmas. The York Furniture Co. presented its customers with a plain, but neat calendar.

The Gazette wishes to direct its readers to a handsome line of 1913 calendars now in this office. They are real art calendars, none of the shoddy kind that are thrown into the waste basket, but the kind milady will keep near her desk, or the business man in his office. We invite those who expect to use calendars in their advertising campaign next year to call at this office for a careful inspection of the many samples. If they are not the handsomest you have seen anywhere, we would like for you to say so. Do not give your order to an out-of-town firm till you have seen The Gazette's line for 1913.

Norge, Va., January 8—The Zion Lutheran church had their Christmas tree at the church Thursday night, Dec. 23. There was a large crowd present. The church was beautifully decorated with mistletoe and running cedar. ## ALLEGED

# MURDERER CAPTURED

William Grandsby, the negro charged with the murder of Lewis Fowler and the wounding of two other negroes at Toano, was captured aboard a barge in York river early this morning.

The arrest was made by Mr. Willie Ewan. The fugitive attempted to escape by leaping into the water and swimming.

He was brought here and lodged in jail. The man says he was not the only one who shot in the fatal Toano scrap.

### Some Business Changes.

It is announced that Mr. Arthur Bozarth has purchased from his brother, Mr. W. A. Bozarth, the implement store on Boundary street and the feed store on Duke of Gloucester street, now conducted by Mr. A. E. Griffin. Mr. Bozarth will conduct these two concerns himself in future. Mr. Griffin, who has long been in business here, and who has built up a good trade, has not made up his mind as to what he will do.

Mr. Bozarth will move the building now occupied by Mr. Griffin to Prince George street, next to the Bozarth Bros.' hardware store, or at least he is contemplating such a move.

Mr. W. T. Binns, one of the most popular clerks in town, is still with Mr. Bozarth at the implement store, and his many friends hope to see him remain there.

## Largest Deed on Record Here.

The largest deed ever admitted to record here was handed over to Clerk Geddy last week for recordation. It covers 189 printed pages, and is a Chesapeake & Ohio mortgage deed securing the payment of something like \$165,000,000. The fee paid Clerk Geddy was no mean one, but we wish it had been twice as large.

The State tax on this deed was over \$60,000, of which the clerk at Richmond, to whom it was paid, received a five per cent commission, or over \$3,000, besides the same fee Mr. Geddy was paid. This deed has to be recorded in every county and city in the state touched by the Chesapeake & Ohio Railway.
