MOODY'S JOB MAY GO TO ATTORNEY MORRISON

RESULTS OF BEEF INVESTIGATION HAVE PLACED MOODY IN BAD LIGHT

MOODY UNDECIDED

DECLARED THAT THERE WAS NOT ENOUGH EVIDENCE TO INDICT PACKERS

WASHINGTON, D. C. July 8.—The indictments of the beef barons of Chicago were the direct results of the President's attitude toward the beef trust cases when he last discussed the testimony with Attorney General Moody. The principal point raised by Moody was that there was not enough legal evidence upon which to justify the cases being put on trial.

President Roosevelt declared then that as long as there was a difference of opinion between United States Attorney Morrison and the Attorney General, the United States attorney should proceed at once to have the persons against whom the strongest cases were made, indicted. He declared that it was not the province of the attorney general to say whether a jury would convict; that must be left to the jury.

The outcome of the cases therefore will determine whether Morrison or Moody was right, and it is understood that if Morrison "makes good" he may get Moody's place.

ALMOST DROWNED

Ira N. Irvine and Family Narrowly Escape Finding a Watery Grave at Seattle

SEATTLE, Saturday, July 8.—John N. Irvine, his wife and two small boys, narrowly escaped death by drowning in Green Lake yesterday evening. Irvine and his family were driving along the boulevard next the lake when Irvine decided to drive the buggy into the water far enough so that the tires would be wet, as they were coming loose. The horse stepped into a deep hole and went under water. The sudden jump threw Irvine and his family into the water. The horse could not swim with the weight of the buggy behind him, and was slowly drowned. The children were thrown clear, and Irvine saved them both while his wife held to the buggy. She was afterwards saved.

A preliminary hearing was held today before Judge Palmer in the case of the State of Washington vs. J. W. Quigg with W. E. Stevens the complaining witness. Testifying that the water in the lateral had been diverted from his land by means of stones and boards placed in such a manner as to turn a too large amount of water into the Quigg intake. After an hours adjournment Judge Palmer dismissed the case.

Rev. Mr. Barnum from Vancouver, Wash. preached his first sermon yesterday at the Presbyterian Church. His family will be here in about two weeks.

You can listen to the band concert this evening and keep cool too. The ladies will serve ice cream again by the Methodist Church.

CHINA WANTS A HAND IN PEACE MAKING

ASKS PRESIDENT ROOSEVELT FOR REPRESENTATION AT PEACE CONFERENCE

JAPAN UNWILLING

CLAIM THAT THIRD POWER WOULD BE NUISANCE--TO GIVE MANCHURIA TO CHINA

WASHINGTON, July 9.—China's request to be represented in the Washington conference, on the ground that she is vitally interested in its proceedings, has been received by the president and informally transmitted to the belligerents. Whether the president has received the formal replies cannot be learned, but it can be stated that while Russia is inclined to favor the suggestion Japan will not consent to it.

Japan has already made public her assurance that Manchuria is to be restored to China. That is one of the principles for which she says that she has been fighting. Japan regards herself as fully capable of ex-acting this promise without the assistance of China, and in view of China's inability before the war to cope with Russia in Manchuria, the Japanese government is unable to see what possible service a Chinese representative would be in the Washington conference.

The past week has seen few developments in the plans for the negotiations. Negotiations for an armistice are not expected to be concluded until after the plenipotentiaries meet. It is pointed out again that the beginning of the rainy season in the war zone removes the necessity for the immediate signing of an armistice.

STILL AFAER CONVICTS

Posse in Close Pursuit of Four men who Escaped from Penitentiary on McNeill's Island

TAJOMA, Wash., July 9.—Between 9 and 10 o'clock tonight a posse in charge of United States Marshall Morris was in close pursuit of two men, supposed to be convicts George Wade and W. T. McCarty. The report which came from the Ledger dispatch boat, was dated at Vashon, and stated that the pursuit was between Vashon landing and Aquarium, on the east shore of Vashon island.

Aside from this report and the finding of the clothing worn by four of the escaped convicts today, the man hunt was rather uneventful.

There were the usual number of rumors today, which were investigated only to find that most of them were groundless.

CLEANS UP FORTUNE

SEATTLE, July 10.—After making a fortune in the gold fields at Dawson and sinking the money in a steamboat venture on the Yukon river, Nels Peterson went to Nome last fall without a cent and secured a lay on the Portland bench claim, four miles back of Nome, on the tundra, and as a result of his winter's work landed in Seattle Sunday morning with \$1,250,000. The gold, which is the largest shipment from Nome this season was brought out on the steamer Zealandia. Mr. Peterson was accompanied on the trip out by his wife and little son.

Mrs. Wagner who lives on the flat across the Columbia river about four miles below the ferry landing had a narrow escape from drowning yesterday. While watering her horses they became frightened, upset the wagon, throwing her into the water. After a brave struggle she reached the shore.

ST. LOUIS BANK GUILTY OF FRAUD

POSTMASTER GENERTL DENIES USE OF MAILS TO PEOPLES U. E. BANK

MADE BIG PROMISE

E. C. LEWIS, THE PROMOTER ADVERTISED LARGELY IN WOMAN'S MAGAZINE

WASHINGTON, July 9.—Postmaster General Corteyou tonight announced the issuance of a fraud order against the People's United States bank of St. Louis, Mo., its officers and agents, and E. C. Lewis, a publisher, effective July 9. The action bars the company from the use of the mails, after an investigation by the postal authorities as to the details of the business of the institution. The post master general, in his announcement tonight, says:

"It is understood that the funds of the bank, which have not been borrowed by Mr. Lewis in his enterprises, amounting to about two thirds of the total amount remitted, are deposited in banks and will be available towards reimbursement of the stockholders, who number upward of 65,000. It is the intention of the officers of the post-office department to co-operate with the secretary of state in Missouri in very proper way for the interests of the investors and depositors."

E. C. Lewis began advertising the bank in the February, 1902, issue of the Woman's Magazine, a publication which he owned and controlled and which he had been publishing in St. Louis at the time for about a year.

This publication has continued to carry the advertisement of the bank ever since that time. Lewis made the most glittering promises in his advertisements and the result was that a stream of gold flowed into the coffers of the bank until on March 15 1905, his bank had a capital of \$2,000,000 fully paid up.

FIND VICTIMS OF TRAGEDY

Body of Mrs. Mitchell Found in Lake Washington near Place where Boat Capsized

SEATTLE, Wash. 9.—The body of Mrs. Minnie Mitchell, who, with H. F. Gibson, was drowned in Lake Washington, July 6, was found early this morning a short distance from where the boat was found upside down. James Harriot made the discovery while fishing.

Mrs. Mitchell and Gibson, both of whom are married, rented a boat early Wednesday morning, and rowed to Union bay, an arm of Lake Washington. Neither returned to their families that night, and a search was made which resulted in finding the boat upside down. Gibson's body has not yet been found.

Alfred Owen of New York City of the Owen Press Mfg. Co., has been visiting with Judge Cotts for a few days. He left last night for Portland to meet with the Medical Association at their regular meeting.

H. R. Parshall went to Spokane today to buy fixtures and stock for his new store.
