SWEDEN DEMANDS HISTORIC FORT MUST GO

Historic Stronghold Fort Kongsvinger Key to Defense of Christiania Must be Sacrificed

PUSHING NORWAY TO LIMIT

70,000 Swedish Soldiers being Massed at Strategic Points and Navy also Assembled

CHRISTIANA, Sept. 14.—War between Norway and Sweden has never been nearer since the beginning of the disunion than it is now. The situation is highly critical. The suspensions of the negotiations at Calstad denotes a deadlock on the question of frontier fortresses. Sweden demands that not only the fortifications actually on the frontier be actually destroyed, but that historic stronghold Fort Kongsvinger, eighteen miles from the frontier be destroyed, the key to the defenses of Christiania in the east be sacrificed. During the negotiations Sweden has been incessantly mobilizing troops 70,000 Swedish soldiers being massed at strategic points all along the railroads leading to the frontier. The whole Swedish fleet is also assembled at Bohus, near Christiania fjord.

The Swedish jingo press urges that war be declared against Norway, in spite of the rikstag's conditions of separation. Similar pressure is being brought to bear upon the government by the military leaders of the war party.

The Norwegian cabinet has not broken off the conference with Sweden and is debating the possibility of concessions in the interests of peace. The Norwegian people, however, would consider the razing of old Fort Kongsvinger an intolerable humiliation.

The fort was erected in 1683, and played an important part in the later wars between Norway and Sweden. It is 62 miles from Christiania. After the union of Sweden and Norway it was dismantled and remained so up to a few years ago.

POLICE BATTLE WITH RIOTERS IN YOKAHAMA

Mob Attacks Police Stations. Residences of Custom Officials and Large Commercial Houses

98 RIOTERS WERE ARRESTED

Troops Guarding Foreign Consulates' Churches, Convents and Hotels and Cavalry Patrol Streets!

TOEIO, Sept. 14.—Advices from Yokohama say that a riot occurred there shortly after midnight Tuesday night. The mob was divided into two parts, numbering about 5500, mostly coolies, boatmen and outcasts. Eight police boxes were demolished and burned.

The mob directed its attacks against three objects—the police stations, the residences of the customs officials and the large commercial houses.

Four hundred troops were sent from Tokio on a special train a little before dawn and the soldiers are now guarding the consulates, the warehouses containing explosives and the oil tanks.

Six hundred Russian prisoners of war from Kauto, who were staying at the various hotels have been placed under a special guard. During the riot the police used swords and the mob was armed with pistols and sword sticks. Forty policemen were injured and 98 of the mob placed under arrest.

YOKAHAMA, Sept. 14.—Troops of infantry are now guarding the foreign consulates, churches, convents, and hotels and cavalry are patrolling the streets. One hundred and nineteen arrests had been made up to noon. It is understood the riot was incited by agitators from Tokio.

The city is now quiet. No antagonism against foreigners exists and there is a growing feeling in business circles that the rioting is senseless and mischievous and must be strongly suppressed.

LAYS BARE PLOT OF CALIFORNIA BOODLERS

Eq-Senator Harry Bunker is Brought from his Prison Cell to Confront his Associate

EXPOSES HOLD-UP GAME

Rolls of Bills Carelessly Dropped by Victims to be Picked up by Legislators

SACRAMENTO, CAL., Sept. 13.—Brought from a prison cell to confront his alleged associate in the boodling campaign of last winter, Harry Bunker, ex-state senator from San Francisco, made a complete confession today on the witness stand of the court room where the trial of E. J. Emmons, one of the quartet of the state senate indicted by the grand jury was in progress. From the moment of his entry into the court room until the time that he left it, pale and perspiring, three hours later, Bunker was the central figure in one of the most dramatic exposures in criminal trials of this state. He left nothing untold, and in his eagerness to unburden himself he forestalled the objections of the defense with statements relating to the motives and actions of the four disgraced legislators. Much of this was stricken from the testimony.

He detailed the plan of campaign, which he says was one whereby the building and loan associations of the state were to be "held up" and compelled to pay for protection.

He told of receiving money, stating that Joseph Johnson had dropped his roll of \$350 as he stood in the street just as Jordan said he did, and said that Emmons had received his share but two minutes before. Lastly he told of the terror and fright that followed the expose in the senate; of hasty conferences in Emmons' rooms over the disposal of the marked bills and of the suggestions that were made to clear themselves of guilt.

Bunker was still on the stand when the court adjourned for the day.

Frank Johnson and wife spent part of the day in Wenatchee, leaving this afternoon for their home in Spokane.

Chelan County Fair Notes

R. Measmer left for Seattle last night to book shows for the Chelan county fair. He will return Saturday evening.

W. G. Chapman and L. H. Richardson from Monitor, were in the city Tuesday to make arrangements with the fair association for a district exhibit from Monitor. Monitor is the youngest town in the county but Messrs. Richardson and Clark feel that it is possible for them to bring an exhibit that would be a credit to a larger community. They expect to take first premium on district exhibits as well as several individual prizes.

All residents of Wenatchee who will have rooms at the disposal of the guests of the Chelan county fair are requested to file their names at the office of secretary W. M. Olive.

Thursday September 28 will be Grand Army day at the fair. This day has in years past, always been

pected by the management that it will be better this year than ever.

An addition is being built to the main exhibition hall at the fair grounds, in order to make room for a greater number of exhibits.

The stalls for horses have all been spoken for at this date and the management is making arrangements to have additional stalls built at the fair grounds. Men have been working on the race track and it is in fine shape.

Capt. Buean returned from Alma Tuesday. The captain is building the new hotel in the village. The town site was moved recently and the residents are going to change the name of the town. Three petitions have been started. The names which have been suggested are Okanogan, Pogue, Kable. The name Okanogan has the most supporters at the present time and that will probably be the new name of the village.

Hector Patterson, of Cashmere, spent yesterday in Wenatchee.
