CHELAN COUNTY WEEK TO BE GRAND SUCCESS

Mrs. Reeves Secures Car Load of Fruit for Portland Fair which will be Distributed Free During Chelan County Week

Through the untiring efforts of Mrs. Frank Reeves, who has been devoting her whole time to the matter for several weeks, Chelan county day at the Portland exposition promises to be a grand success. Though she has been hampered by a lack of funds and has met with discouragements of various kinds, Mrs. Reeves has worked unremittingly and has secured promises from the fruit growers of Chelan county a car load of fruit which will be shipped to the fair and served free to visitors to the Washington building during Chelan county week.

The serving of fruit at the fair free is something new and altogether out of the ordinary. A few of the Washington counties have made efforts along this line and as far as they went, were very successful and Klickitat county served, to a limited extent, the products of the county and attracted much favorable comment. With a carload of fruit Chelan county will be able to serve hundreds of people where others served dozens, and will advertise this part of the country as nothing else could.

Of the carload of fruit to be sent to Wenatchee is contributing a large share. At Chelan, Mrs. Reeves secured a large amount of fruit which is especially valuable for the reason that the ranchers contributed several varieties which Mrs. Reeves was unable to secure here. The entire exhibit of the Chelan fair will be sent to Portland. The C. & O. Steamboat company has generously offered to bring the fruit down the river free of charge and it will be loaded into the car here on Monday with the contribution from Wenatchee. From here the car will be taken to Cashmere and Leavenworth, where large contributions have been secured. This car of fruit will be the last one to be shipped, to the fair and will be in excellent condition to serve the large crowds who will attend the closing week of the exposition.

Mrs. Reeves is working hard to see cure low excursion rates to Portland during Chelan county week and she has been promised by the passenger officials, that very generous concessions will be made on rates. She hopes to be able to announce in a few days the exact amount to be charged for the round trip. The C. & C. Steamboat line has made a rate of one fare for the round trip from all river points to Wenatchee and has announced that it will meet all reductions made by the railroad company.

The attendance at the fair promises to be very large. Mrs. Reeves is receiving scores of inquiries daily from people who intend going and she believes that such a low rate will be secured on the railroad that the Chelan county delegation at the fair during the last week will break all records.

Many New Pupils

The public schools opened yesterday with a total enrollment of 700 pupils. Thirty-eight children were admitted the primary grade and 35 freshmen entered the high school. Three large rooms have been added to the schools this year; one at the Stevens, one at the Lewis and Clark and an annex of two rooms has been built to the Whitman school. There will be no diffi-

culty in accommodating the new pupils, although there has been a number of new pupils added to every grade.

P. B. Journead was arrested last evening by Marshall Schrader. He was brought before Judge Palmer this morning charged with being drunk and fined \$5 and costs.

The bookstore of W. L. Morton on Orondo avenue, has been crowded from daylight to dark since school began. Mr. Morton supplies the new school books to the pupils.

MAKE PREPARATIONS FOR THE BIG FAIR

Grand Stand Repaired, Buildings Cleaned and Booths Erected—Chelan Fruit Exhibit Arrives and Many of the Race Horses are Here

The county fair grounds are being rapidly put into shape preparatory to the opening tomorrow. The grand stand has been repaired, the buildings cleaned and put in order and fresh straw strewn over the avenues to the buildings. Some of the concessions have arrived. Williams and McClellan who make the balloon ascension are already on the grounds. The Chelan fruit exhibit arrived yesterday and is being installed today.

The Wenatchee Milling company has erected a booth in which they will distribute hot biscuits and coffee free to the fair goers. The Grand Army men will run a restaurant as in former years, and are installing a range and other fixtures today.

Harrington has brought in a string of two running horses, Dutch Miller and Yellow Girl, besides a green pacer by the name of Tack. Davenport is represented by two horses, Klamath Maid and Nancy K. owned by N. J. McIntosh.

All of the horses are well bred animals are expected by the owners to literally give the local horses a run for their money.

How the Nutmeg Grows.
"A nutmeg tree," said the gardener, "looks like a laurel. The nutmeg tree begins to bear at the age of ten years. It keeps on bearing until it is ninety. The fruit resembles an apricot, and when ripe it bursts open, showing at its heart the black nutmeg inclosed in a network of scarlet. The nutmeg after plucking must be dried. It is dried over a slow fire, and the process is tedious. It often occupies two months. Before shipping the nutmegs are always steeped in sea water and lime. This is to protect them from insects. They have nothing but insects to fear. In an insect proof condition they keep—well, they keep practically forever."—Minneapolis Journal.
