SCORES OF LIVES ENDANGERED BY STUDENT PRANK

Greased Track on Steep Grade and Then Threw Trolley off—Company Offers Reward for Capture of Guilty Ones.

ITHACA, N.Y., Nov. 6.—A reward of \$500 was offered yesterday by the Ithaca Street Car Co. for the apprehension of the Cornell university students who, it is alleged, on Thursday night placed in peril the lives of a score of passengers under the guise of a college prank.

The street car rails at a bad curve on dangerous grade a short distance above the Cascadilla gorge, at the edge of the campus, were greased with soap, evidently to cause the motorman to lose control of his car while descending the hill.

As a car approached the curve several students jumped from behind trees and grabbing the rope at the rear of the car pulled the trolley pole off the wire. The conductor and motorman managed to replace the pole in time to reverse the current and check the speed of the car as it passed over the slippery rails.

Manager Post of the street railway company declared yesterday that had a less experienced motorman been in charge, nothing would have prevented the car from leaving the rails at the curve and that in all probability it would have been precipitated into the deep gorge with a frightful loss of life.

The matter is regarded as a criminal attempt to wreck a car, and has been placed in the hands of the district attorney and police. The railway officials say that if the offenders can be caught they will prosecute them to the full extent of the law.

BEATS LEAVENSWORTH

The Wenatchee high school team played its first game of the season Saturday afternoon, when the boys lined up against the team from Leavenworth.

The game throughout was marked by the clean, sportsmanlike way in which it was played. There was no suging and the decisions of the umpire and referee were received with out question. Only twice were the teams penalized for fouls.

It was apparent after five minutes play that the Leavenworth team was not in the same class with the Wenatchee boys. Notwithstanding the fact that the Leavenworth team was lighter than their opponents and were hopelessly outclassed in team work, they played hard and did not let up in their attempts to score for a minute. The Wenatchee team played like veterans and showed the results of careful coaching. Their mass plays were executed without a hitch. Godfrey, at quarter played a good game and used good judgement in directing the plays of the team against the weak places in the opponents line.

The halves were 20 minutes and 10 minutes. At the end of the first half the score stood Wenatchee 27 Leavenworth 0. During the second half the Leavenworth team took a brace and held the local team down to two touchdowns.

The playing of Williams and Godfrey of the local team is worthy of special mention. Daly's playing for the visitors was a feature of the game.

The score: Leavenworth 0 Wenatchee 38.
