MR. DAVIES WILL ACCEPT NOMINATION

In a letter to the Daily World today, T. A. Davies, answering an inquiry as to whether he would accept the nomination, for Mayor of Wenatchee, states that he will accept the nomination provided there is only one candidate named at the caucus. While Mr. Davies is not pushing himself forward in the mayoralty contest, and is rather discouraging the efforts of his friends to elect him to the office, he will through duty and public spiritedness, accept the nomination should it be tendered him.

There is no reason why there should be more than one candidate named at the caucus and that the candidate named will be Mr. Davies there is small doubt. The voters of this city recognize him as one of the most wide awake capable business men of our community and one who is eminently able to administer the affairs of the mayor's office.

The ability that Mr. Davies has shown in his business life here is ample evidence of his fitness for the position of chief executive of the city. This same clear sightedness and good judgment in connection with our public business would be of inestimable value.

Mr. Davies is a man whom the people can trust, he has closely identified himself with the city in every way that he does not seek the office in his favor. In short Mr. Davies is the man for the place.

DOYLE GRANTED A NEW TRIAL

Judge Steiner, of the superior court, yesterday granted a new trial to Wm. Doyle in his suit for \$50,000 against the Great Northern railway for personal damages sustained two years ago. This is the largest amount ever asked in this county as damages and the case promises to be one of the most hotly contested ever heard here.

The case came up for trial on September 22 of this year and upon the motion of the defendants attorney Judge Steiner non suited the case, as he claimed that the plaintiff had not produced sufficient evidence to warrant letting the case go to the jury. Later upon a motion of the plaintiff's attorney the judge took the matter under advisement with the result that yesterday he granted a new trial.

In his complaint Doyle alleged that on February 5, 1903, a passenger train on which he was fireman became stalled in the Cascade tunnel, and that he became overcome with gas and that while in an unconscious condition his foot was badly burned by coming in contact with the boiler head. He was sent to a hospital in Everett, where he remained for eight months. Some time afterwards he became mentally unsound and was taken to Medical Lake and treated for a month. His foot still troubled him and was amputated. He now asks that he be given \$50,000 for the loss.

Turned the Tables.

ATLANTA, GA., Nov. 14.—Theo. Justice, a white man, was captured by a mob of negroes here today charged with the criminal assault of a negro girl. Justice was threatened with violence and the mob increased to more than a thousand, demanding that he be lynched. A strong force of police rescued justice and took him to police headquarters.

HARRIMAN WAS GOOD TO JIMMY

NEW YORK, Nov. 16.—E. H. Harriman was star witness today before the Armstrong insurance investigating committee.

It developed during the investigation that Mr. Harriman conveyed to President Roosevelt a the request of Mr. Hyde that Hyde be made ambassador to France. Mr. Harriman also acted as Hyde's advisor in settling a suit brought by Governor Odell for \$70,000. He had advised Hyde to plead you and inexperience before the investigators.

About a year ago Mr. Harriman said Mr. Hyde came to him and asked him to use his influence to have him appointed as ambassador to France, and that he (Harriman) promised when he saw the president to speak to him about it. He said that he did so, but did not recommend Mr. Hyde's appointment. Mr. Harriman said he did not know whether Governor Odell did anything about the appointment. There was no connection Mr. Harriman said between Governor Odell's claim and his own action on the ambassadorship.

Mr. Harriman said he mentioned the subject of the Odell suit to President Roosevelt, but did not remember whether the president was consulted about it.

Mr. Harriman said that early in the equitable troubles he had defended Mr. Hyde from the attacks on him, but had advised him to favor the adoption of the Frick report, and told him that if he would he, Mr. Harriman, would stand by Mr. Hyde through thick and thin.

MAY BE EXPLORER'S BONES

BARANOO, WIS., Nov. 16.—While moving a stump in the rear of his shop at Sauk City, J. H. Weiler unearthed the skeleton of a man in good state of preservation. On the bone of an arm was a metal bracelet of Spanish or French manufacture.

The skeleton is believed to be that of a French explorer who visited this section as early as 1673.

IRRIGATION STILL UNDER CONSIDERATION

NORTH YAKIMA, WASH., Nov. 16.—The latest information that has come here from Secretary Hitchcock of the interior department on irrigation projects is contained in the following telegram received this evening by Congressman Jones:

"The statement published in Portland and Spokane newspapers to the effect that the reclamation fund has been exhausted by projects already approved is wholly unauthorized and without foundation. The restricted fund of Washington has not been and will not be used elsewhere. The proposed projects of Washington are still under consideration."

LIVELY MOVEMENT IN REAL ESTATE

During the last month there has been a lively movement in real estate. The county treasurer's books show that during the month of October more actual transfers of land were made than during any previous month in the history of the county. The recording fees alone amounted to \$328. While this is by no means the largest amount taken in by the treasurer in one month, it is larger than for some time. A large part of it was paid for recording deeds and conditional sales. The county auditor's books do not show all the sales that are made as contracts of sales are not registered and much of the land in the valley is being sold in this manner.

Land values are steadily increasing as is shown by the transfer of five acres in suburban home addition for the sum of \$5000 or \$17000 an acre.

The following transfers were recorded yesterday:

United States to Dan Campbell, 40 acres near Ohelan, home stead grant.

Wenatchee Development Co., to Minnie T. Plackwell, 3 acres one mile south west of Wenatchee, \$690.

A. J. Mills to Sam Patterson, 5 ac-

TO INCREASE INTEREST IN COMMERCIAL CLUB

At a meeting of the Commercial Club last night a committee was appointed to make arrangements for a public meeting to be held some time next month. The object of the meeting is to revive interest in the Commercial Club and secure the active cooperation of the citizens of Wenatchee in making the club more of a factor in the progress of the community than it has been in the past. The committee consists of Arthur Gunn and F. D. Case and these gentlemen will have general charge of the arrangements and will appoint a subcommittee to assist them in the work of making the meeting a success. It is planned to hold the meeting in the Wenatchee Theater where a program will be rendered to which everyone will be invited.

New officers are to be elected again soon but whether the business will be transacted at this meeting has not yet been decided.
