Takes Business Trip East

James L. Corey, of the Wagner Water Co., leaves this evening on a business trip through southern and eastern states. The Wenatchee plant of the Wagner Water Co. has enjoyed a steady growth since its installation in this city, showing that the people appreciate the opportunity to get absolutely pure water for table use. While east Mr. Corey will visit friends in New Jersey and Washington, D. C. He will be accompanied by Wm. J. Curriden, formerly of this city, who is now acting as general manager of the Austin-Manhattan Consolidated Mines of Nevada.

Theo Smith went to Leavenworth on business this morning.

Edmund W. Wakolee, a member of the New Jersey senate, is being boomed for the Republican nomination for governor in 1911. Ohio has had four Democratic governors in thirty years, Hadley, Campbell, Patterson and Harmon.

At seventy-six years of age, John P. St. John, ex-governor of Kansas and Prohibition candidate for president in 1884, still takes a keen interest in politics.

The platform adopted by the recent Republican state convention in Pennsylvania contains a warm endorsement of President Taft and his administration.

Friends of Governor Patterson of Tennessee express the opinion that he will not only be reelected governor next year, but will be the choice of southern Democrats for president in 1912.

William E. Chandler, former United States senator and ex-secretary of the navy, is out with a statement urging all progressive Republicans to support President Taft in his attitude on the income tax.

Prohibitionists in Nebraska are actively at work with a view to making the liquor question the paramount issue in state politics. The leaders of both the older parties already are being urged to define their position in regard to the question.

Many persons well informed in regard to Ohio politics prophesy that ex-Governor Myron T. Herrick will be a candidate for United States senator to succeed Charles Dick of Akron, whose term in the senate will expire March 3, 1911.

Republican leaders in Maryland are preparing to take the new election law in that state into the courts with a view to testing its constitutionality. The law contains a "grandfather" clause, and the Republicans declare that it was passed by the Democratic legislature for the sole purpose of freezing out the negro voters.

Woodrow Wilson, president of Princeton university, who had a brief mention last year as a candidate for the Democratic nomination for the presidency, is to be put forward for the Democratic nomination for governor of New Jersey. Ex-Senator Smith, Jr., the Democratic leader of New Jersey, is sponsor for the movement.

A hard fight is expected in the state primary in North Dakota next year when United States Senator McCumber will be up for reelection. It is expected that former Senator Hansbrough will work for the defeat of McCumber, as he blames the senior senator for supporting the movement which led to his defeat for reelection.

The Wisconsin legislature has adjourned after a session lasting five months, during which time it considered 1567 bills and 160 resolutions. Of the bills passed 555 became laws and twenty-six were vetoed. One of the unusual features of the session was the fact that all of the governor's vetoes were sustained.

An extra session of the Illinois legislature will likely be called for this fall to again take up the matter of the primary election law. The primary election law passed by the special session last year has been declared unconstitutional by the Illinois supreme court. It was the third primary law to be declared invalid by the Illinois court.

SUFFRAGISTS IN SEATTLE

Seattle, June 30.—Hundreds of prominent woman suffragists have arrived in Seattle to take part in the forty-first annual convention of the National American Woman Suffrage association, which will be formally opened tomorrow. Those already here include Mrs. Carrie Chapman Catt, president of the International Woman Suffrage alliance; Rev. Anna Howard Shaw, president of the national organization; Mrs. Kate N. Gordon of New Orleans, Miss Alice Stone Blackwell of Boston and Miss Harriet Taylor Upton of Ohio.

Sigma Chi Convention

Chicago, June 30.—College men from all parts of the country to the number of 200 or more have assembled in Chicago for the national convention of the Sigma Chi fraternity. The gathering will be in session three days, and the program of entertainment that has been arranged extends over Saturday.

Frank McLane of Winthrop is here on business.

BURDENS LIFTED

From Wenatchee Backs.—Relief Proved by Lapse of Time. Backache is a heavy burden; Nervousness wears one out; Rheumatic pain; urinary ills; All are kidney burdens—Daily effects of kidney weakness. No use to cure the symptoms. Relief is but temporary if cause remains. Cure the kidneys and you cure the cause. Relief comes quickly—comes to stay. Doan's Kidney Pills cure kidney ills—Cure sick kidneys permanently. Here's proof that you can verify. George M. Blackman, 1424 Wetmore avenue, Everett, Wash., says: "I gave a public statement in favor of Doan's Kidney Pills in 1903 after they had given me relief from kidney complaint, and I am now pleased to say that the cure I received has been permanent. I suffered severely from backache, and for over five years had grinding pains through my loins. I was greatly handicapped in doing my work, and at times I really felt as if I could not endure the misery. I finally procured Doan's Kidney Pills, used them and obtained great benefit. I was so greatly encouraged that I continued their use until every symptom of the trouble disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name — Doan's and take no other.

with a view to testing its constitutionality. The law contains a "grandfather" clause, and the Republicans declare that it was passed by the Democratic legislature for the sole purpose of freezing out the negro voters.

It was the third primary law to be declared invalid by the Illinois court.

DEPOSIT GUARANTEE IN KANSAS

Tokepa, Kan., June 30.—The bank deposit guaranty law passed by the last session of the Kansas legislature goes into effect today. While the law will affect only such banks as elect to comply with it, it is expected that all of the 777 state banks in Kansas will place themselves under its provisions without delay.

The banks, under the new law, are to be partners in a sort of mutual agreement insurance company. They will have to put up a million dollars in state and national securities to guarantee the payment of deposits and the dues or insurance premiums will be only one-twentieth of one per cent annually.

Briefly stated the law provides for protection to the following classes of deposits: Those that do not bear interest, time certificates payable in less than six months from date, and not extending more than one year, bearing interest not to exceed 3 per cent per annum and on which interest shall cease at maturity; savings accounts not exceeding in amount \$100 to any one person and not subject to check upon which the bank has reserved in writing the right to require sixty days' notice of withdrawal, and bearing interest at not to exceed 3 per cent per annum. Deposits which are primarily discounts or money borrowed by the bank, and all deposits otherwise secured, are not guaranteed under the act.

Just what effect the new law is to have on the national banks appears uncertain. The department of justice at Washington having decided that the national banks could not participate in the guarantee feature of the Kansas law, the banks themselves have started a movement to organize an insurance company among themselves to insure deposits in their banks. Eventually, however, it is expected that many of the national banks, especially those in the smaller towns, will decide to denationalize and become state institutions in order to participate in the guaranty law.

E. M. Treadwell returned from Leavenworth yesterday.

No Need of Suffering from Rheumatism. It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. For sale by all dealers.
