

SEE THE BIG RED APPLES IN THE METHOW CANAL CO'S WINDOW 22 Wenatchee Avenue

We believe these are the only apples in Wenatchee today, a monument to the wonderful keeping properties of apples grown in this district and we suggest that those who have come to this country to look at apple lands, see these apples and let us tell you of their wonderful growth and keeping possibilities.

To those who are seeking an investment in apple lands, either raw or in orchard, we suggest that you call on us at your earliest possible convenience and let us tell you of the wonderful possibilities offered in the Methow valley under our high line ditch, land whose sale price is \$200 per acre, land whose price has nearly doubled in the last sixty days and land whose price will double again before snow flies.

Come in and let us tell you what easterners think of the Methow valley, let us tell you what apple experts have to say. Let us show you that five acres is enough and twenty acres is a fortune. This land is within your reach and is pronounced one of the best investments in the United States today. Come in and make us show you, make us substantiate. Now is the time inasmuch as the land is selling fast. Buy when you have a good selection rather than when you will pay a great deal more money for the last selection. However, now is the time.

IF YOU ARE TOO BUSY TO COME IN AND SEE US, FILL THIS OUT AND WE WILL SEND YOU ALL DATA AT ONCE.
