

HILL OFFERS \$10 A BOX

PRESIDENT OF GREAT NORTHERN WILL PAY FANCY PRICE FOR 100 BOXES OF FRUIT AT NATIONAL APPLE SHOW.

Spokane, Aug. 25.—Twenty cents a pound, the record price for apples in this country, is offered by James J. Hill for his pick of 100 boxes, or 5,000 pounds of fruit, exhibited at the second National Apple Show in Spokane, November 15 to 20. Ren H. Rice, secretary manager, has received a letter from Louis W. Hill, of St. Paul, president of the Great Northern Railway company, making the foregoing proposal. Part of the letter follows:

"To encourage the individual grower and stimulate interest in the show at Spokane, James J. Hill, chairman of the board of directors of the Great Northern Railway company, will offer \$1,000 for a selection of 100 boxes of apples grown in territory tributary to the Great Northern railway.

"The selection will be made by a committee of experienced apple growers, and as it is the intention to ship these apples to some of our friends in the east and in Europe, it will, of course, be necessary to make a selection that will have the necessary keeping qualities.

"While the show last year was a great success in every way, I look for a larger attendance this year, especially from the middle western and eastern states. The educational work that has been done will insure a larger attendance of eastern growers and shippers and the outlook is bright for a splendid show."

Take warning and save money. On September 1 coaster brakes will advance 25c. J. J. Eyer, 14 N. Mission.

"WILL MAKE THE FUR FLY"

CANNON SAYS HE WILL "SPEAK RIGHT OUT IN MEETING," GOSH DING IT—WILL REPLY TO FOWLER.

Chicago, Aug. 25.—Aroused by aspersions cast on him by Congressman O. N. Fowler, in an open letter yesterday, Speaker Cannon today said he would make the "fur fly" when congress meets again. He said he would talk on the floor, and talk lengthily.

Cannon said: "I intend to call a friend of mine to the chair, take the floor and speak as long as I am allowed. I tell you the fur is going to fly. Some people who profess to be republicans will get the severest castigation you ever heard. I intend to call a spade a spade. Some of these people who are ranting about how the present tariff bill was framed, supported the Dingley bill. Their present rampage is hypocrisy. Some men who talk of legislation being stifled will have their record shown up at my hands. Your old Uncle Joe is going to talk in language anyone can understand. I promise that for virility it will rank as a masterpiece. It is time someone showed these malcontents just where they stand."

Reunion of Confederate Veterans.

Chickasha, Okla., Aug. 25.—Chickasha is in gala attire in honor of the Oklahoma Confederate veterans, whose annual state reunion opened today for a three days' session. The attendance is large and representative of the entire state. This, added to an attractive program of entertainment, gives promise of a highly successful reunion. An address by Governor Haskell was the principal feature of the opening day.

Bert Ingalls went hunting last week. All he got for his pains was the pleasure of drinking Folger's Golden Gate Coffee which he took with him.

MAN-EATING STALLION.
Burgomaster is One of Most Savage Horses in Keystone State.

Boyertown, Md., Aug. 25.—Everybody has been talking of Burgomaster in this town, and everybody sympathizes with Ephriam Weidner, who was Burgomaster's keeper. The former is probably one of the most beautiful horses that was ever owned in Berks county and was brought to town by Raymond Schaeffer, who saw the need of breeding better horses, though not a farmer himself, nor a lover of the turf to a great extent. The stallion was placed in care of Mr. Weidner, an old horseman, very seldom afraid of any beast, and Burgomaster proved the limit. One morning recently, as the horse became rather unruly, he was placed in a new stable, and this did not strike his fancy. The horse paced back and forth all morning and finally Weidner gave him a few cuts with a whip.

Burgomaster brooded over the punishment and determined to get even with his master. That afternoon, while Weidner was tying him to a post, the stallion, with fiery eyes, carefully watched his movements, and as he turned his face away grabbed his arm with his teeth, and, sawlike, ground the sharp edges through the very bone, cutting the limb off to the edge of the skin. Mad as a wild beast he kept on tugging until the keeper's shoulder was torn from his body.

Schaeffer sold the horse next day, and a few days later the new owner again sold him, and Burgomaster is still showing his distemper, for he has since caught Thomas Gottshall, of Reading, unawares while leading him from a stable, snapping his arm at the same place as Weidner's and lacerating it, though Gottshall saved his arm. Burgomaster is now carefully watched and his pranks will not likely cost any more limbs, though hundreds of Berks farmers regret that such a useful horse cannot be trained to kindness of disposition. It is said that his sire, Robert McGregor, killed two men.

FOUND SOME BURIED MONEY.
Captain Jenkins of the Salvation Army Picked Out as An Honest Man.

Captain Jenkins, formerly of the Salvation Army of Wenatchee, was picked out by a stranger as an honest man and asked to find some buried money in North Yakima. The Yakima Republic tells the story:

G. A. Gerritson was in Arizona and he wanted a square deal from a stranger in North Yakima. The stranger he picked out was the captain of the Salvation Army. He asked the captain to look up two gold coins which he had buried two years previously, one at the edge of the depot platform and the other near the Episcopal church.

Captain Jenkins agreed to look for the coins and with diagram in hand experienced all the nerve tingling sensations felt by the hero of "Treasure Island" in his search for the buried ingots—experienced all with the exception of those which arise from being shot at or made the target for knife throwing on a bloody deck. The captain found the \$5 gold piece at the Episcopal church, but the \$10 piece was inaccessible because of the filling in that has been done around the site of the new railroad station.

The \$5 coin was sent to Gerritson today.

Gerritson explained that he buried the money here two years ago because he was afraid of being robbed by his traveling companions. He is now laid up with an injured foot and needs the money.

May Lose School Money.

Olympia, Aug. 24.—School superintendents of Whitman, Okanogan and Snohomish counties have so far failed to send their annual reports to the state superintendent. Unless these reports are received this month these counties will lose part of the state school fund apportionment. The destruction of the Snohomish county court house by fire is given as the excuse for delay in that county.

SURGERY TO RESTORE MIND
Bit of Skull, Pressing on Brain, Has Been Removed.

Allentown, Pa., Aug. 25.—Hugh O'Brien, a well known young resident of Coplay, was removed to St. Agnes' hospital, Philadelphia, where he underwent an operation on the brain, which is being closely watched by surgeons.

For some time O'Brien served in the navy as a marine. About nine months ago, while his vessel was at one of the Azore islands, he and a number of sailors obtained shore leave and got into a fight with the natives, and he was struck over the head with a sword by one of the police, inflicting a deep gash.

He was treated for six months on board ship, when the wound apparently healed. A short time ago he was discharged and he came home. About a week ago he began to show symptoms of insanity, and a physician was called in, who came to the conclusion that there was an internal fracture of the skull and advised an operation. The latter confirmed the correctness of the diagnosis. A part of an internal bone in the skull had been fractured and was pressing against the brain.

It can not as yet be said what the outcome of the operation will be, although the patient seems greatly relieved.

CASHMERE NOTES.

Monday evening the agent of the Milwaukee Railroad Townsite company held an auction sale here of lots in the town of Lind, Wash. To interest the public tickets were given out for drawing for a free lot. Allie Amos drew the lucky number and thereby acquired title to real estate rather younger than the average boy. Others bought lots at the auction and afterward at private sale.

Rev. Perdue and wife are absent this week attending conference.

C. C. Ward is in town doing some surveying work for the state bank at the location of their new bank building.

Wm. Esalhost has resigned his position as electrician and superintendent of water works. The council is considering the election of Mr. Carter to the place. Mr. Carter has been in charge of the power house up the river.
