MARSHALL FIELD SAID:

“I can buy the labor of a 200 pound man for \$1.75 a day; a few ounces of brain are apt to cost me thousands of dollars.”

Are you depending on force or brains for your future?
Are you trying to get ahead by saving a few cents or a few dollars at a time or are you using your brains to select an investment that will take care of you in a few years?

THE METHOW VALLEY

offers you a chance to make your surplus, however large or small, work for you. Lands under the Methow Canal Company's ditch are now selling, and selling fast, at prices ridiculously low when compared to other fruit lands in this section.

YOU SHOULD REMEMBER

our ditch furnishes nearly three times the water given by any other ditch in Wshington.

- Our drainage is perfect.
- Our soil is a heavy, sandy loam.
- Our valley has never known a frost failure.
- The Methow is now producing prize winning fruit.

IT'S WORTH WHILE

to hustle for a few years to get a tract in the Methow that will make you independent.
