FRUIT LAND. UNDER GOVERNMENT OKANOGAN project. Located on state road between Riverside and Omak. Land is level, with gentle slope. Good domestic water can be obtained by gravity system at from \$30 to \$50 per acre less than in some other localities. Land is two miles from Riverside, two miles from station below on G. N. R. R. and 80 rods from survey of Okanogan Electric Co. This survey has been completed to Spokane and in all probability work will commence on this road with the opening of spring. Water for irrigating this land will be piped and will have a 50 ft. pressure, so that fountain sprinklers can be used in lawns. Land commands a grand view far into British Columbia and of surrounding country. This land is on bench in bend of Okanogan river in direct line with Omak pass, which gives a cool, gentle breeze at all times in summer. The many attractive features in connection with this land makes it one of the most desirable for a home under the project. Will sell in 10, 20 or 40 acre tracts. For further particulars address George E. Baker, Omak, or call at Hotel Omak. 3-3

How often do you eat this food? ... short time ago there appeared in columns of one of the prominent gainers an article on building brain muscle by the proper selection of foods you eat.

... good many people were surprised and oatmeal placed at the top of the list of foods recommended; but if the iced had appeared in an English or Scotch paper every reader would have noticed to see first place given to oatmeal.

... a matter of fact Great Britain Europe come to us for tremendous quantities of Quaker Oats because it presents to them perfect food, being richest in flavor and best in cleanliness and purity, of all oatmeals.

Americans should eat more Quaker Oats; the results would soon show themselves in improved conditions of health and strength.
