Newest Creations in Ladies' Spring Hats

Buying our spring goods direct from the east enables us to compete with Spokane or Seattle, both in style and price. The new spring style for 1910 is a revelation of the trimmer's art, and we want to say to the ladies who entrusted us with their millinery work of last season that we have, without a doubt, the swellest and most complete line of eastern and imported hats ever shown in the city. We are in a position to prove this to you, and we want you to drop in to our parlors whenever you are down town and take a look at some of these beautiful styles. We are receiving orders every day for new hats to be made up in our own shop. Be sure you come in and take a look. It will interest you whether you buy or not.

Associated Charities Want Storeroom.

The Board of Associated Charities has been in need of a storeroom since the commercial club moved to its new quarters. When the club occupied the old hall a small room was available where donations of clothes and other things could be kept, but at the present time the board is without a storage place. The donations cannot always be disposed of to the best advantage immediately after being received and the loss of the storeroom is being keenly felt. A large room is not necessary and one on the second floor would be all right. About the only requirement is that the room should be in a convenient location. At the meeting last Saturday a petition was sent around to the various lodges and churches in Wenatchee for funds with which to carry on the season's work. The board has spent about \$300 in cash since it was organized, besides distributing donations of clothes and other goods made by stores and individuals. Money is needed at the present time. It is expected that the county commissioners will allow \$150 of the county money at their next session for the cause.

ADMIRAL ROGERS

SECRETARY MEYER

Secretary of the Navy Meyer's plan of reorganization of the navy has met with opposition on the part of some of the leading men of the service. It was reported recently that two officials who disagree with Mr. Meyer are Rear Admirals Washington L. Capps, chief constructor and chief of the bureau of construction and repair, and Eustace B. Rogers, paymaster general and chief of the bureau of supplies and accounts.

WOULD SECURE IRRIGATION DATA

AMENDMENT TO THE CENSUS ACT MADE BY CONGRESSMAN POINDEXTER WOULD PROVE OF VALUE TO THE WEST.

The Daily World is in receipt of house bill 18364, which has been read twice and referred to the committee on the census, providing for an amendment to the census bill passed last July. The portion of which is important to the people of the west is the amendment made by Congressman Poindexter, providing for the securing of irrigation data. The bill refers to the scope of the census in general and the following is the amendment made by Congressman Poindexter:

"Inquiries shall also be made as to the location and character of irrigation enterprises; quality of land irrigated in the arid region of the United States and in each state and county in that section under state and federal laws; the price at which these lands, including water right, are obtainable; the character and value of crops produced on irrigated lands, the amount of water used per acre for said irrigation and whether it was obtainable from national, state, or private works; the location of the various projects and method of construction with facts as to their physical condition."

The Ladies' Aid of the Christian church will meet with Mrs. I. M. Deerfield at 620 Orondo avenue Thursday afternoon at 2 o'clock.

SWIFTWATER BILL BROKE AGAIN

WALKING LONDON'S LONELY STREETS AND LÓNGING FOR ICEBERGS OF ALASKA—ASKS HELP FROM FRIENDS.

"Swiftwater Bill" Gates, once a Spokane bill digger, later famous as one of the original Klondike kings, but no less famous for his many matrimonial ventures, is walking the streets of London in that state of financial stringency termed "stone broke." By means of the postal service he is yelling loudly across the Atlantic ocean for help from W. H. Dohlmann, manager of the St. Francis hotel of San Francisco.

This is the news brought to Seattle from San Francisco by Jack McLeod, a former Alaskan friend of "Swiftwater Bill," who has just arrived in the Sound city from Rawhide, Nev.

According to McLeod, the treeless tundras and frozen streams of the north now look pretty good to "Swiftwater Bill," and, at the time of writing, he desired nothing better than to be lost in a blizzard on the Chilkoot summit. Gates says that it is cold in the northern part of Alaska but not half as frigid as was his reception by the English nabobs when he tried to persuade them to buy stock in some mines which he owns at Rawhide.

Biblical Ads Brings Many Answers.

The Biblical ads that the constantly appearing in the Daily World bring results that go far to show how the World ads are read. The last one brought 29 correct answers. The World was not informed about the total number.

Mrs. A. M. Mercer sent in the first correct answer to the last ad and received the prize.

Got a Maxwell Man and Won Game.

The game between the Republics and the Tigers at the Ardron alleys last night resulted in a victory for the Republics, because they had a Maxwell man in the team. They won two games out of three and had the largest score in total pins. Shaw distinguished himself, playing for the Tigers, by picking off some difficult spares.

Friday night there will be a match game between Owens and Winslow, and Usher and Franklin.

The Maxwells have had a group photograph taken on account of being the winning team in the recent contests. In the group are Messrs. Chapman, Usher, Fenton, Dibble, Maher, Franklin and Maxwell.

Temporary Approach to New Depot.

The Great Northern Railway company has been intending to build a substantial approach across its right of way to the new depot, but has delayed in the matter on account of the cold weather. It was thought at first that no temporary approach would be necessary, prior to building the permanent one, but the recent weather conditions have made a crossing imperative. At the present time every available man is pressed into service at the slides in the mountains and nothing can be done for that reason now. Mr. Piper stated to the World today that he fully realized the necessity for a temporary crossing and will attend to the matter as soon as it will be practical to do so.

TAKE CIVIC PRIDE IN HIGH SCHOOL COUNCIL WORK ATHLETICS

(Continued from Page 1.)

CITIZENS DEMANDING IMPROVEMENTS AND THERE WAS NOT A PROTEST ON \$250,000 SEWER SYSTEM.

It is a noteworthy fact that the citizens of Wenatchee generally take great pride in the public improvement that is being made. The city council meets this evening and it is understood that there are several petitions for an extension of the improvement districts both in sewerage and in street regrade work. Several weeks ago on the date set for making protests against the proposed \$250,000 sewer system there was not a single protest registered and the council seemed to have the universal approval of both the residential and business districts. Another fact that is worthy of mention is that while all districts of the city are clamoring for improvements it is demanded that these improvements be first class and that the work to be of a permanent character. The members of the city council feel very well pleased with the manner in which the citizens generally regard the public improvements contemplated.

County Sunday School Officers Meet.

The officers of the Chelan County Sunday School association met yesterday at the office of the county superintendent of schools. The officers were elected at a meeting held two months ago. Yesterday they made arrangements for meeting during this coming spring at Leavenworth, Wenatchee, Entiat and Chelan. The exact dates have not been set. Delegates will be sent to the Inland Empire S. S. A. that meets in Moscow on the 10th, 11th and 12th of May.

The officers of the local association are:

- President—E. C. Bowersox.
- Secretary and Treasurer—E. S. Hagar.
- Wenatchee Dist. Supt.—John Scott.
- Entiat Dist. Supt.—J. H. Atkinson, Wenatchee.
- Chelan Dist. Supt.—Wm. Isenhardt, Leavenworth Dist. Supt.—Rev. Hawk.
- Supt. of Adult Class—H. D. Snyder, Wenatchee.
- Supt. of Home Dept.—Mrs. L. V. Wells, Wenatchee.
- Supt. of Intermediate Dept.—A. D. Bowman, Wenatchee, R. F. D. No. 2.
- Supt. of Primary Dept.—Miss Amanda Palmquist, Wenatchee.
- Supt. of Teachers' Training—Rev. J. W. Johnson, Wenatchee.
- Supt. of Missionary Dept.—Mrs. G. Scheideman, Wenatchee.
- Supt. of Temperance Dept.—Howard Thomas, Wenatchee.

PRESIDENT WANTS ACTION

Washington, March 1.—The president had another meeting today with the leading republicans of congress on the matter of various eliminations of his bills, the idea being to enact into law such of the bills as arouse the least opposition in order to clear the way for action on more important measures.

Would Decorate Store Windows.

The publicity committee of the Wenatchee Commercial club, having in charge the publicity work of the membership campaign, has asked that the business houses decorate their store windows according to their inclinations, either Red or Blue. It has been the desire of the committee that the heads of the business houses should be seen personally by the committee but this entails a great deal of work and the committee has asked the Daily World to urge that every business house in the city should be decorated either with the Red or the Blue. This will indicate the desire of the house that the Red should win or that the Blue should win.

The publicity committee also asks that not only should the business places be so decorated but as many of the private homes as possible. The desire is that this membership campaign should be conducted with as much enthusiasm as possible and in order to do so it means a great deal of individual boosting and with the business houses and the private homes decorated this means that more interest will be taken in this campaign and more members secured. Already a number of business houses have been decorated and it is expected that within the next few days most of the places will show either the Red or the Blue colors.

Watch the World Sign.

The World sign tonight will tell whether the Reds or the Blues, of the Commercial club contesting teams is in the lead. Watch the top letter.

Rev. Gist, of the Christian church, leaves today to visit in Coeur d'Alene for a few days.

character as would insure integrity in all of the field or athletic sports that it would be cut out altogether. The board fully realizes the importance of the physical training necessary to every student and has prepared every equipment possible, as above set forth, and this statement is made for the purpose of having the public fully understand if possible their attitude on this point.

The board favors athletics intelligently and rightly handled, and it has been tacitly agreed that when the proper time comes that a physical instructor should be provided and all grades of the school be given a course of instruction in this line.

POLITICS AND POLITICIANS

Believing that Speaker Cannon will not be a candidate for the speakership of the Sixty-second congress, republicans in New Hampshire are laying wires to present the name of Congressman Frank D. Currier of the Second New Hampshire district, who has often been called to the chair by Speaker Cannon the past six years, as a candidate. It is claimed that Representative Currier is one of the most capable presiding officers who has ever directed the affairs of the house. He acquired his knowledge of parliamentary affairs by long service as speaker of the New Hampshire house of representatives and as president of the New Hampshire senate.

Since Galveston established the precedent less than ten years ago nearly all of the leading cities of Texas have adopted the commission plan of government. Included among the number are Houston, Dallas, El Paso, San Antonio, Sherman, Palestine, Waco, Fort Worth, Austin, Denison, Greenville and Beaumont. In no other state of the union have so many cities adopted the commission plan, though the movement is making rapid headway in Kansas, Tennessee, Iowa, Massachusetts, Oklahoma, California and the Dakotas.

Seven members of the present United States senate were born outside of the United States. Lorimer of Illinois, Wetmore of Rhode Island and Sutherland of Utah were born in England. Stephenson of Wisconsin and Gallinger of New Hampshire are natives of Canada. Nelson of Minnesota is a native of Norway and Oliver of Pennsylvania was born in Ireland while his parents were visiting in that country.

May Force a Settlement.

Philadelphia, March 1.—Powerful influences are being thrown to bear on the Philadelphia Rapid Transit company to end strike. These interests demand that the transit company shall not involve the city in a great general labor strike. There is a general appeal for arbitration today. The newspapers demand it, various organizations are clamoring for it, and the citizens generally are calling for an end of the trouble at once.

Assessor's Assistants Named.

County Assessor Osborn today gave out the following names of the men who will assist him in the present work of taking the county valuations and jury census.

H. B. Varney, Chelan district. T. B. Moore, Entiat district.

Joe E. Johnson, Cashmere district. R. E. Simmons, Leavenworth district.

M. P. Spencer, Wenatchee district. H. A. Scheble, Wenatchee district.

The assessors are allowed until June 1 in which to finish their work and Mr. Osborn expects his assistants to take about two months and a half.

Edmund Will Start Home Soon.

Mrs. William Edmund received a delayed letter yesterday from her husband, William Edmund, who last fall went to England with a large shipment of Wenatchee valley apples. He writes that he expects to clean up by the last of February and will start home immediately. Mr. Edmund writes that he was not entirely satisfied with all of the pack. Some of the growers packed too loose and some too close, and some of the fruit did not hold up well, and as a result had to be sold at a loss. As a whole, however, he is very much pleased with the returns received and states that there is going to be a great market for Wenatchee valley fruit in the old country.
