### Miss Grace Smith, Queen Of Admission Day Carnival

California is celebrating its admission to the Union with more earnestness than usual this year. Each year the Native Sons of the Golden West choose some city as the official place for the celebration by holding their annual convention and grand lodge sessions there. The smaller cities usually observe one day only, but because San Francisco was selected this season arrangements were made for a three day celebration with street fairs, parades and athletic contests. One of the features of the festival this year was a parade of veterans of the Mexican war, by which California was acquired. This will probably be the last time that there will be such a parade, as there are but nine of the old fighters in California and their average age is eighty-four years. A queen of the carnival is elected and during the festival is known as "Queen California." Miss Grace Smith was chosen this year after a spirited contest.

## POLYGAMY A GREAT MENACE ACCEPTS CALL TO WENATCHEE

Dr. Stevenson Tells of the  
Political as Well as Moral  
Menace of Mormonism.  
Minister Who Had Retired  
to Chelan Decides to  
Preach Here.

At the Presbyterian church last evening the pastor, Dr. Stevenson, delivered a timely address on the Mormon church and its attitude toward the national government. "There is," he said, "within the bounds of the United States a hierarchy called a church that numbers no less than 375,000 slavishly obedient members that are pledged to the overthrow of this national government." In supporting that statement he quoted the so-called "Blood Covenant" taken by every male Mormon before he is given full rights in the church. And this is the covenant: "I do promise and vow that I will pray for and never cease to implore high heaven to avenge the blood of the prophets upon this nation, and that I will teach this to my children and my children's children to the third and fourth generation." Bishop Lund says, "We look forward with perfect confidence to the day when we will hold the reins of the United States government. When Utah is admitted we will hold the balance of power and dictate to the country."

After being out of the ministry for several years, Dr. H. D. Ward last night accepted the unanimous call of the Congregational church of this city to become its pastor and assume his duties at once. For twenty years he travelled the country over as secretary of the Home Missionary Society of the denomination. This strenuous work finally told on a constitution none to rugged. The rest and the Lake Chelan air and climate have restored his strength. He is delighted to be able to enter the active field once more. The trustees had already voted to extend a call to the doctor, but in order to make it unanimous, the matter was brought before the congregation at the close of the service last night. A salary of \$1500 per year was voted. The offer was accepted and the family will move to this city at once. A daughter will enter the high school and Mrs. Ward will join in the social life of the church and city.

There lives in Salt Lake City one Joseph Smith, a man who is of mediocre attainments, who controls fifteen congressmen and fifteen electoral votes. He was courted by Roosevelt and is now enjoying the friendship of President Taft, notwithstanding the fact that he is living in open polygamy with no less than five plural wives. This is in direct and open opposition to the seventh commandment, "Thou shalt not commit adultery." Polygamy, as an institution, was to be banished from Utah when Utah was admitted, and all the Mormon leaders signed an agreement that they would put away all their wives except one. This they have not done and if Utah had her rights she would be demoted and placed in the territorial ranks again.

The new pastor is a business man of good judgment, as is shown by the fact that he bought considerable acreage in the Okanogan country before the railroad came to that section. He is a booster of the first water and believes with all his soul in the wonderful future of North Central Washington and Wenatchee as its capital.

The Mormon church teaches that church and state should be united in the Mormon church. This is in direct opposition to the words of Christ who says, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's," meaning that there is a temporal and there is a spiritual rule. "The remedy that I would suggest is that when the United States constitution should be amended so as to provide for the initiative and referendum and recall, that there should at that time be placed in the constitution an amendment that would make polygamy a crime and an infraction of the federal laws. This would eradicate it from our nation and at once take polygamy out of Mormonism, and the Mormon church would then fall of its own weight."

**Veterans at Atlantic City.**  
Atlantic City, N. J., Sept. 19.—Thousands of veterans and their friends put in an appearance today for the annual national encampment of the Grand Army of the Republic and the meetings of the several affiliated organizations. On the program this was the first day of the encampment, but in reality it has been a day of wholesale greetings, receptions and informal reunions. It has also been a day of preparation for the many interesting features to come later in the week.  
The arrival of Commander-in-Chief Van Sant, followed by the formal opening of the encampment headquarters on Young's Pier were the leading features of the day. Simultaneously many state headquarters were opened at the various hotels and all-day receptions were held by the Woman's Relief Corps, the Ladies of the G. A. R. and other bodies.  
The executive committee of the G. A. R. met today and tomorrow the national council of administration will hold its annual session. The official program will begin tomorrow evening, when the official greeting will be extended the visitors by Governor Fort. From that time until the close of the week every day will be fully occupied. Aside from the work of the encampment and the big annual parade the program provides for many social functions.

### S. W. USHER FUNERAL CENTRAL COMMITTEE

Held from J. S. Usher Residence on Murray Avenue Yesterday.

Progressives Will Control Republican County Organization.

The funeral of S. W. Usher, who died Friday, was held yesterday afternoon from the J. S. Usher residence on Murray avenue, and was attended by a large number of friends and relatives. The death was a result of a stroke of paralysis which he suffered one week ago.

Secretary Sam R. Sumner, of the retiring county republican central committee, will call a meeting within the next few days, of the newly elected republican precinct committeemen. The majority of the new men elected are insurgents, and it is likely that F. C. Lemon will be elected county chairman. Dr. J. E. Shore, of Leavenworth, is the present county chairman and Sam R. Sumner is the present secretary.

Samuel William Usher was born at Olmstead Falls, Cuyahoga county, Ohio, February 17, 1833. He departed from this life at Wenatchee, Washington, September 16, 1910, having attained the advanced age of 77 years and seven months.

The first business of the new organization will be the election of a chairman and secretary.

In 1857, at the age of 24 years, he moved with his parents to South Wayne, Wisconsin, where two years later he was united in marriage to Miss Phoebe Jane Spokesfield. To this union were born nine children, seven of whom are still living. Two daughters died in infancy. In 1897 Mr. Usher, with his family, moved to Park Rapids, Minnesota. After about seven years residence there he came to Washington, residing in Wenatchee and vicinity until his death. Until his health began failing about six years ago, the deceased was ever active in both public and private interests. At the age of 26 years, he made profession of Christian faith, uniting with the Baptist church. He has since been affiliated with both the M. E. and Christian churches, according as he has been located convenient to attend these organizations. For fifty years he has been an honored member of the I. O. O. F. and was a member of the local lodge.

The members of his immediate family, who survive him are his widow and seven children—Mrs. Edith Snider Garrison of North Dakota, Grant Usher of Superior, Neb., Mrs. Anna Jenkins of Columbus, Ga., Harry Usher of Wenatchee, and Mrs. Margaret Peloquin of Malaga, all of whom have visited their father within the past year, though but three of them, Harry, John and Mrs. Peloquin, could be with him at the time of his death.

Mr. Usher was well and favorably known in this locality, where he has been a resident for the past 6 1/2 years. He was a man of sterling integrity and had made a large circle of personal friends.

## SUMNER WILL FILE FOR ATTORNEY

First Announcement of Candidacy for the City Primaries in November.

City Clerk Sam R. Sumner will within a few days file his declaration of candidacy for city attorney. Mr. Sumner has been considering the matter for the past several weeks and today positively decided to make the race. The present city attorney, Louis Crollard, has not positively stated whether or not he will again be a candidate. He has held the office for two terms and has given very general satisfaction. Sam Sumner has been city clerk for the past 4 1/2 years and is thoroughly conversant with every phase of the city work, and it will be very difficult for another clerk to get the mastery of the details of the city work as had the present official. Mr. Sumner, however, desires to devote the rest of his attention to the practice of law and would like a term as city attorney before giving up his whole attention to the general practice. He is a careful student of the law and his knowledge of the legal details incident to city work would make him a very valuable official should he be elected.

### Fine Display at Depot.

The fruit display at the Depot Lunch Counter was a pretty sight yesterday. Mr. Morey and assistants had secured the finest fruit obtainable and in a tasty manner had arranged it in the most effective manner. The visiting railroad men paid many compliments to Mr. Morey over the display. The way this is being maintained is a great advertisement to the apple industry of the valley and travelers stopping off here or who see it from the train carry away with them a decidedly favorable impression from a sight of the highly colored apples on display at the depot.
