**"COUNTRYSQUIRE" FULL OF FUN**

**Home Talent Play Made a Hit and Will Be Repeated Tonight.**

The rural comedy, "The Country Squire," as presented by the Wenatchee Military Band last night under the direction of Lee Willard, was unquestionably the best home talent play given in this city up to this time. Every one of the participants was perfect in the lines and the acting would be a credit to professionals.

The large audience filling every seat and a hundred people standing, represented society in full. Much was expected and comment on all sides is very appreciative. The play is full of quaint humor and quiet comedy. The makeup of the various characters in itself was ludicrously provoking. Fred Crollard as Patrick Fogarty, the doctor, made a very awkward but fun-making lover. His affinity, Diadama Bobbitt, was acted by Miss Mamie Walsh and she carried out the exaggeration to a finish. Mr. E. Fisher showed considerable talent as the deacon. His dialogue with Mr. Willard, the squire, gave opportunity for the introduction of some local jokes which caused considerable applause. When Ed Hardesty entered as Obadiah Paterson, a neighbor, his ridiculous makeup caused a great deal of merriment before he even opened his mouth. Eugene Rumboltz as Hiram Hopkins, carried out the part of the farm hand inimitably, and James Davidson was equally successful in the part of Andy Peck. H. R. Berry made the ladies of the audience shudder in his tramp part. Miss Helene Scanlon could not have been improved upon in the part of the squire's daughter, Alice Basset. Eva Tedford as Sarah Green, the housekeeper, was made up as an Irish lady and acted her part very well. Myrtle Rogers as Peggy, appeared in the makeup of a Sis Hopkins.

The part of Jeremiah Basset, the squire, gave Mr. Willard an opportunity to appear at his very best, for the part is adapted to his great talent as a character actor. The play will be repeated tonight and another capacity audience will net the band a handsome sum.

**BIG MISSOURI YIELD**

W. A. Gibbons of This City in Receipt of Paper Telling of Yield of 3,500 Apple Trees.

W. A. Gibbons, of this city, is in receipt of the Hannibal Journal, of Hannibal, Mo. This contains a little fruit story that sounds very different from the tales of the marvelous yields being received this year by the Wenatchee valley fruit growers.

Dr. John C. Howell has a fine orchard farm in Ralls county, located about one and one-half miles northwest of Saverton. There are 3,500 bearing trees in this orchard and the trees are in a thrifty and healthy condition. Dr. Howell rents his farm out on shares, his tenant receiving one-half of the products. Yesterday the tenant "hailed" to Hannibal Dr. Howell's share of this year's apple crop, which consisted of one small Missouri Pippin. Dr. Howell says that he has one of the most honest and conscientious tenants to be found anywhere and that he is perfectly satisfied that he got his full share of the apple crop. Dr. Howell had the little red apple wrapped in fine tissue paper and carried it around in his hip pocket all day yesterday, showing it to his friends and telling them it was his full share of the crop of his 3,500 bearing apple trees. He says he knows that he got all that was coming to him, for he visited the orchard a few weeks ago and that there were but two apples in the entire orchard. When he raises another crop like this his orchard farm will be for sale.

Denmark has set aside 400,000 crowns for the erection of workmen's houses, and 450,000 crowns subvention to the municipal societies for aiding unemployed.

**Capt. Bogardus Again Hits the Bull's Eye.**

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living in Lincoln, Ill. Recently interviewed, he says:—"I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Sold by all Druggists.

**HELP FIND POSITIONS**

Commercial Club Officers Satisfied With Efforts in Securing Help for Ranchers.

The success with which the officers and directors of the Commercial Club have met in supplying help this summer and fall to the ranchers has suggested the plan of advising the merchants from time to time through the columns of the local papers of persons who are desirous of securing help of a clerical nature and who have credentials to prove their qualifications. Oftentimes the bringing of a young man to this valley has resulted in interesting many of his relatives and friends from the East. On the other hand, the directors of the Commercial Club are slow to encourage Eastern men who are dependent upon a salary to come to this valley until they are certain of a position before they give up one which they may have in the East.

Naturally preference will be shown local persons who are seeking positions as it has always been the policy to keep the local people busy before encouraging others from the outside.

The title selected for W. H. Thompson's new one-act play is "In the Cardinal's Garden."

**HOME ENDORSEMENT.**

**Hundreds of Wenatchee Citizens Can Tell You All About It.**  
 Home endorsement, the public expression of Wenatchee people, should be evidence beyond dispute for every Wenatchee reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Ray Kaple, Chelan avenue, Wenatchee, Wash., says: "For many years I suffered from kidney complaint, especially during the winter. The least exertion made my back lame and sore and I had to be very careful when stooping or lifting. The passages of the kidney secretions were too frequent and caused me no end of annoyance. Doan's Kidney Pills brought me relief from these symptoms of kidney trouble and restored my kidneys to a normal condition. I gladly give this remedy my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sale agents for the United States.

Remember the name—Doan's—and take no other.

**STREET WORK IS WELL DONE**

**Councilman Halbert Compares Wenatchee Streets With Other Cities.**

On a matter of business judgment, few men in Wenatchee are acknowledged to have any better idea of what should be done than C. B. Halbert, councilman for the Second ward in this city. Recognizing this fact, the Daily World has asked Mr. Halbert to make a statement in reference to the work now being done by the city. Mr. Halbert says:

**Work in General.**  
 "The work in general being done by this city is above the average of that done by other cities for the same class of work. It has been my privilege to visit a number of places during the past year. Since becoming a member of the council of this city, I have taken particular notice of the public works of those cities and I am convinced that the work being done here is being done in a successful manner."

**Sewer Work.**  
 "In reference to the sewer work that is being done on Chelan, Grondo, Kittitas and other streets, the people in general do not realize that these streets are to put back in the same condition as they were before the work began. This is to be done by the contractors themselves as quickly as possible, but the people must realize that there is a lot of work to be done. The streets above named are to be properly filled in and the contractors are going to bring in some rock crushers to cover them. I will say for the contractors that six or eight crews are at work at the same time, but all of these things cannot be done at once. Those who have made objections to the work being done on the streets are divided into two classes—those who do not know what is going on; and second, those who are opposed to any public improvements at all."

The Brotherhood of Locomotive Firemen and Engineers at its recent meeting decided to hold its next convention at Mobile, Ala., on the first Monday in June, 1913.

The Trades and Labor Congress of Canada has gone on record as opposed to long hours, regardless of the rate of pay.

**DON'T FORGET OKANOGAN**

**The Second and Greater Wenatchee ---Absolutely Frost-Proof**

**Look to the North**  
 The Frost-Proof  
**Okanogan**

Wenatchee Valley is quoted all over the world today as the one spot where the big red apple can be grown successfully and profitably. Growers in the Wenatchee Valley who only a few short years ago were poor, are enjoying all the luxuries and modern conveniences that wealth can buy. The toiler in the Wenatchee Valley is sure of his reward for his labor. Values have gone sky high because of the enormous production. All men are looking for more land of the nature as that enjoyed in Wenatchee. The Okanogan country has been found to be a second Wenatchee. Lands are selling at very low prices, and now is the time to get in on the ground floor. We invite anyone who knows what Wenatchee is to come to Okanogan—the second Wenatchee. Write us for booklets and further information.

Our Mr. B. E. Gregory will be at the Hotel Elman Thursday and Friday, and will be glad to talk Okanogan with you and have you go to Okanogan with him Saturday morning.

Ten Acres, located a quarter of a mile from "THE TOWN THAT DOES THINGS." This is fine land, covered with sage brush growth, lies level and will irrigate nicely. Comes under Government Project. Fenced on two sides. Within a few short years will come within the city limits of the town of Okanogan. Particularly adapted to raising of a very high grade commercial apple. Soil is thoroughly impregnated with volcanic ash.

Can be bought for \$200 per acre—\$500 cash, balance arranged to suit purchaser. This is something good, and is well worth investigating.
