## DISCUSS COLLEGE ATHLETICS

One Hundred Big Schools Represented at New York Meeting.

New York, Dec. 29.—Representatives of nearly 100 of the leading colleges and universities of the country filled the assembly room of the Hotel Astor this morning when Captain Palmer E. Pierce, U. S. A., called to order the fifth annual meeting of the Intercollegiate Athletic Association of the United States. The roll call showed the attendance to be larger and of a more represented character than at any previous meeting of the organization. A number of prominent colleges of the West and South were represented for the first time.

In accordance with a policy adopted at the meeting last year, the opening session of the meeting was given over to addresses by men of wide prominence. In addition to Captain Pierce, who made the opening address, the speakers and their subjects were as follows: Rev. Charles F. Aked, D. D., of New York, on "Athletics as a Function in National Life"; Prof. R. Tait McKenzie, of the University of Pennsylvania, on "A Chronicle of the Amateur Spirit," and Prof. Arthur G. Smith, of the University of Iowa, on "Conference, Direction, and Control of Athletics in the Middle West."

The real business of the meeting was taken up this afternoon and owing to the large number and importance of the subjects demanding attention it is probable that the session will be carried over tomorrow. Foremost on the agenda is the perennial question of football reform. While this subject does not loom up so largely on the program as last year, when the rules of the game were given a thorough overhauling, the matter will again be discussed with a view to bringing about the adoption of a still more perfect code. The charges that the new rules are not being strictly enforced by the officials selected, and that the students fail to adhere strictly to the letter of the present rules will be handled in a forceful manner.

Other branches of college sport as well as football are slated for critical consideration. Summer baseball and the amateur law and the subject of track athletics, their proper control, uniform rules for participants and methods of preserving records made—will be discussed. Still another matter to be considered and acted upon is the proposal to change the constitution, so as to give representation on the executive committee to local leagues, such as that of the New England states, the Southern Intercollegiate, the Missouri Valley conferences, the Ohio Valley and the Western Pennsylvania and West Virginia League.

### Peshastin News Items.

Henry Harrison lost a horse the latter part of last week and narrowly escaped losing his team. The accident occurred while he was logging in the neighborhood of his home on a steep mountain. The team lost their footing in the snow and ice and rolled to a tree below, where they lodged. One was led to a place of safety and it was while Mr. Harrison was thus occupied that the other horse became dislodged and fell over a cliff more than a hundred feet below, breaking its neck.

C. Raymond Allen, of Vancouver, Wash., is spending the holidays at home.

Mr. and Mrs. C. H. Allen will celebrate the 30th anniversary of their marriage January 7, at their home in Fir Grove. A dance is scheduled among other things, programs, the usual Christmas tree and a generous supply of candy and nuts.

Blewett respected the Yuletide more this year than for some time past. It was estimated that fully 75 persons were in attendance at the exercises held at the school under the leadership of W. S. Poll, the teacher in District No. 16. In addition to the usual distribution of presents and candy, lunch was served at the closing hour which was nearly Christmas morning. The funds were raised by subscription, which enabled those in charge to give plenty in return.

The remodeled mill at Blewett is running day and night shifts and under the new process of cyanide treatment of the ores the mill has been converted into a plant of sixty tons capacity daily. It is claimed that fully 95 per cent of the values can be saved by this process.

### Take Care!

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Wenatchee Drug Co.
