WOMEN'S FURS

for less than you thought of spending. Big, beautiful and warm; they'll last a lifetime. Long-distance value for much less than regular prices. Big assortment. **\$1.98 to \$25.00**

THE tree shines with the candle glow,
The tinkets glitter jewel-wise,
And we would that our souls might know
The joy told in the children's eyes.
Such sheer delight as this of theirs—
A wondrous happiness it is!
And every word the message bears:
This is the children's day—and His!

LET us come, as the Wise Men came
Those nineteen centuries ago,
Led by the Star's eternal flame
That bade them rise and hasten on.
They brought rare frankincense and myrrh,
They brought rich gems and graven gold,
They knelt, adoring, near to Her,
And all their marvelings they told.

AYE, as those Men of long ago,
Today we, too, may see the Star,
May see its mystic heavenly glow
Flash out o'er Childland fair and far;
And from our hands now fall the gifts
And we know why the Wise Men smiled
With gratefulness; and each heart lifts
Its chant of worship of the Child.

Mines Close.

GRAFTON—The Rosemont Coal Co. closed down its mine at Simpson this week for an indefinite period, but it is understood that it will not be idle for more than thirty days. The mine at Rosemont have not been working full time for several months. This is said to be the first time that this mine has had to suspend operation entirely for any reason other than accidents in the mine or machinery since the mine opened up. The Rosemont Coal Co. has furnished much coal for the New York Central railroad line.

STATE NEWS

Injuries Fatal.
MARTINSBURG—Nicholas Nogich, who was struck on the head by a cable when it broke while working on the Baltimore and Ohio railroad construction work at Doe Gulley, died of his injuries later in a hospital.

Low Death Rate.
WHEELING—The death rate in Wheeling has never been so low as during the present year. Statistics for eleven months completed by the health bureau show but 623 deaths, while in the same eleven months of a year ago there were 641 deaths. On a basis of population of 42,000 the death rate for the eleven months is 44.95 per thousand against a death rate of 45.46 for the eleven months of July 1, 1913, to May 31, 1914, the last previous published statement of the health bureau and likewise an eleven month period.

In the eleven months of this year, June carried the highest number of deaths, 75, with September next with 72 deaths. May with 36 deaths is the low month of the year.

Bad Fire.
CLARKSBURG—One of the pump houses of the Hope Natural Gas Co.'s big pumping station at Hastings on the Short Line railroad was practically ruined by fire Sunday night. Local officials of the company say that no estimate of the damage can yet be made, but it ran up into the thousands of dollars.

The plant consisted of three large buildings and a few small ones. One is a gasoline plant, another a steam motive power plant and the third, which was ruined by fire, was a gas pumping and gasoline engine plant. Most of the machinery was damaged by fire. Of four large gas pumps one was utterly destroyed, another badly damaged and the other two damaged less slightly. The three that were damaged can be repaired for future use.

One Plain Drunk.
Only one man was in Police Court this morning. He was arrested as a plain drunk and was assessed the usual fine of \$5.

Givable Items in Men's Wants

For the man who likes quality in his haberdashery, coupled with good taste, the task of picking out gift items is easy here. Here's a suggestion or two that we think you'll think you'll find worthy.

Men's Neckwear, largest assortment of this we have ever made; and the patterns are all copies of the highest grade silks, fancy designs, plaids and solid colors; buy these at Harrison's with or without holiday boxes.

Suspenders
We certainly have stretched the value. Excellent elastic and finished neatly; the kind men like; in attractive boxes. **25c and 50c**

New Shirts
Clever in designs, powerful materials and broad values; 1,000 to choose from. **50c to \$1.50**
Also flannel shirts, 50c to \$3.50.

Luxurious Bath Robes

Beacon brand, the kind you heard so much about, the kind he will never forget; made just like the men want them to be, full, roomy and richly designed. **\$2.50 to \$5.75**
Some have slippers to match.

Referee—Williams.
Time of halves—30 minutes.

City Purchases Street Flusher

The city has recently purchased of the Good Roads Machinery Co. the sanitary street flushing machine which has been used for several months on the streets on a free trial. The regular price of the water wagon is \$500, but it was purchased by the city for \$425. This deduction was made because the city paid the Fairmont Carriage Works \$75 for making some change in the construction which was found to be necessary.

M. E. Trustees Want Bill Cancelled

The trustees of the M. E. church recently appeared before the city board of affairs and asked for the cancellation of a paving bill rendered against the church. The bill referred to is the one rendered for the paving of the alley between Third and Fourth streets and Fairmont and Gaston avenues, which runs back of the church property.

The trustees stated that at the time this paving was ordered the church had the assurance of some of the members of the old council that no charge would be made, in keeping with the usual custom not to charge churches.

The board took time to consider the matter and will make a decision later.

Bought by Syndicate.

PARKERSBURG—The firm of R. L. Neal & Co., wholesale and retail hardware dealers, which was founded by a pioneer Parkersburg citizen, has been purchased by a syndicate of prominent local business men headed by W. T. Wiant, Samuel A. Hays, W. J. Holden, Hagan Barr and R. C. Tucker, which will be incorporated.

TOILET REQUISITES

FREE ENGINEERING ADVICE

Our Industrial Power Department is composed of specialists in the application of gas for power, either through the gas engine or steam boiler.

We offer you assistance in solving your power problem without obligating you.

Our advice is given only after we make careful tests of your present equipment. A report of these tests will be left with you whether you decide to do business with us or not.

If others in your line of business can profitably use gas power you can also.

There is no time like "NOW" to get the facts as they apply to your case.
